## Annual Report for Computer Society of India

### Introduction

CSI (Computer Society of India) is indeed commendable. By fostering an environment of research, knowledge dissemination, and career development, they not only empower current IT professionals but also pave the way for the next generation of talent to thrive in the industry. Through initiatives that promote learning and collaboration, CSI plays a pivotal role in nurturing a vibrant IT community, where individuals can exchange ideas, innovate, and contribute to the advancement of technology.

### Executive Summary

CSI comprises of dedicated members from various faculty of computer science stream who are passionate about the updates in recent trends and technologies. CSI offers various Development programs and courses to enhance the skills and competencies of the students.

### The objectives include

- To encourage and motivate the students to be CSI nominee member
- To involve the students to present / participate in the CSI Students Webinar Series, Conferences and Tutorials
- To organize seminars / workshops / tutorials / competitions / expo etc. in association with CSI.
- To publish student's articles in CSI communications and journal
- To nominate the best student paper in CSI communication

## Activities and Events

- Student Development programme (17.02.2024): "Career Booster: Resume Preparation and LinkedIn Profile Creation"
- Student Development Programme (26/02/2024) "Neuromorphic Computing Seminar": The programme embraces opportunities for professional growth, networking, and skill development to unlock a fulfilling and dynamic career path.
- Guest Lecture on "How to design and build your start-up (12/03/2024)": This guest lecture delves into the intricacies of crafting a successful start-up venture, exploring essential steps, potential pitfalls, and effective strategies for sustainable growth.

## Achievements

CSI plays a vital role in shaping the IT landscape by fostering a culture of learning, collaboration, and innovation among IT professionals.

## Impact and Outreach

To motivate the students to outreach with Industry trends and techniques. Several activities like Student Development Programmes, Guest Lecture and Seminars are conducted under the partnership.

## Challenges and Future Plans

- To provide students with a wealth of exposure and hands-on experience in the field of Information Technology.
- To apply CSI funded minor projects
- To help students interact with Industry professionals and chalk out career path
- To involve the students in CSI Certification and Training programs
