<b>Nature of the Event:</b> Awareness Programme			
<b>Title of the Event:</b> Fire Risk and Emergency Response			
<b>Objective of the Event:</b> The main objective of a Disaster Committee event on “ <b>Fire Risk and Emergency Response</b> ” is to ensure that everyone in the institution or community can prevent fires as far as possible and respond quickly and safely if a fire or related emergency occurs. To create awareness about common fire hazards in the campus/workplace/community and ways to reduce or eliminate these risks. To educate participants on fire safety rules, alarm systems, escape routes, and assembly points so they know exactly what to do in an emergency. To train participants in basic emergency response actions such as raising the alarm, using fire extinguishers, assisting evacuation, and supporting first aid until professional responders arrive.			
<b>Outcome of the Event:</b> The outcomes of the Disaster Committee event on Fire Risk and Emergency Response include enhanced participant awareness and practical skills for fire prevention and safe evacuation. Participants gain clear knowledge of fire hazards, safety protocols, and assembly points, leading to reduced risk of panic during real incidents. Institution-wide culture of proactive fire risk monitoring and regular training updates. Strengthened links with fire services and other agencies for quicker real-world response. Measurable drop in potential fire incidents through identified and mitigated hazards.			
<b>Mode:</b> Offline		<b>Date:</b> 24.01.2026	<b>Time:</b> 01.30 pm-2.30 pm

<p><b>Feedback of the Event:</b>  The Disaster Committee organized an event on Fire Risk and Emergency Response with the participation of 67 participants and 3 faculty, aiming to enhance awareness and preparedness for fire emergencies. The program helped participants understand the common causes of fire accidents and the importance of preventive safety measures in workplaces and public environments. Through informative sessions and demonstrations, participants gained knowledge about different fire safety equipment such as fire extinguishers, alarms, and emergency exits, as well as the proper methods of using them during emergencies. The event also emphasized emergency response procedures, including evacuation protocols, assembly points, and effective communication during fire incidents. As a result, participants developed greater confidence in handling fire-related emergencies and improved their ability to respond quickly and safely. The program also strengthened teamwork and coordination among participants during simulated emergency situations and encouraged a culture of safety awareness. Overall, the event contributed to improving disaster preparedness and highlighted the importance of conducting regular fire safety training and drills in the future.</p>

### Report

The Disaster Committee of our institution successfully organized an awareness and training event on "Fire Risk and Emergency Response" on 24.01.2026 at Kamar Arangam. The program aimed to equip participants with essential knowledge on fire prevention, hazard identification, and effective emergency procedures, fostering a safer campus environment. Renowned resource person DG. Ramesh Dharmalingam, Proprietor of Sun Fire Controls, Coimbatore, delivered an engaging session. With his extensive expertise in fire safety systems and emergency management, he addressed common fire hazards in educational settings, safe evacuation protocols, and practical use of firefighting equipment. His real-world insights from industrial installations captivated the audience.

The event saw enthusiastic participation from 67 final-year undergraduate students and 3 faculty members, totalling 70 attendees. Interactive demonstrations, ensured active engagement. Students practiced identifying risks, using alarms, and following assembly points, while faculty coordinated response roles. Key highlights included DG. Ramesh's emphasis on proactive measures like regular maintenance and drills, alongside Coimbatore's latest fire safety regulations. DG. Ramesh emphasized proactive measures like regular maintenance, IoT smoke detectors, and compliance with Tamil Nadu Fire Regulations 2025. Participants gained confidence in emergency scenarios, with feedback praising the session's clarity and practicality.

The event concluded with an interaction session with the participants. It strengthened the committee's role in disaster preparedness and highlighted the need for recurring training. Enhanced awareness reduced panic risks; drills validated evacuation plans; inter-agency coordination improved. Long-term, it promotes continuous fire risk monitoring.
