## Workshop on “Research Methodology and Research Tools”

### Description of the event:

Research is an academic activity and as such the term should be used in a technical sense. According to Clifford Woody research comprises defining and redefining problems, formulating hypothesis or suggested solutions; collecting, organising and evaluating data; making deductions and reaching conclusions; and at last carefully testing the conclusions to determine whether they fit the formulating hypothesis. Research is, thus, an original contribution to the existing stock of knowledge making for its advancement. It is the pursuit of truth with the help of study, observation, comparison and experiment. In short, the search for knowledge through objective and systematic method of finding solution to a problem is research. The systematic approach concerning generalization and the formulation of a theory is also research.

Research methods are specific procedures for collecting and analyzing data. Developing research methods is an integral part of your research design. A Guest Lecture on Research Methodology and Research Tools was organized on 26.09.2016 and 27.09.2016. Dr. Ranjith, Associate Professor, N.G.M. College served as a Resource Person. He demonstrated the students of M.H.A on how to analyse the data using research tools and methodologies.

### Outcome of the Event:

- The session enabled the students get involved in developing and testing theories and hypotheses that are intellectually challenging to the researcher.
- They gained knowledge on research methods and research tools.

## **Workshop on” Applications of Statistical Tools using R-Language – A hands on training”**

### **Description of the event:**

Today, millions of analysts, researchers, and brands such as Facebook, Google, Bing, Accenture, and Wipro are using R to solve complex issues. The applications of R are not limited to just one sector; we can see the use of R in banking, e-commerce, finance, and many more sectors. Hands on training on R-Language was organized on 23.09.2016 & 15.10.2016. Dr. K. Balachandran, Dr. R. Vijayaragavan, Dr. R. Jaisankar and Dr. R. Muthukrishnan from Bharathiar University, Coimbatore served as a Resource Persons.

Dr. K. Balachandran introduced the R Programming tool to the participants. The participants were given Hands on training on how to install R and R Studio. The basic concepts like datatypes, data structures, operations, importing data etc. were discussed. Dr. R. Vijayaragavan introduced the concepts of Data Preprocessing and Data Visualization to the participants followed by Hands on session with some datasets. The participants were trained on how to represent the data in various visual forms. Do's & Don'ts of the creating visualization was discussed. Dr. R. Jaisankar and Dr. R. Muthukrishnan explained the various Exploratory Data Analysis techniques to the participants. The participants were provided with datasets and they practiced. The participants were trained on extracting the required information and handle different data analysis techniques. Dr. R. Jaisankar and Dr. R. Muthukrishnan clarified the questions raised by Participants.

### Dr. K. Balachandran:

#### Biography

Krishnan BALACHANDRAN received the M.Sc. degree in Mathematics in 1978, the M.Phil. and Ph.D. degrees in Applied Mathematics in 1980 and 1985 respectively from the University of Madras, India. He has served as Lecturer at the Madras University PG Centre, Salem (1986-1988), Reader (1988-1994) and Professor (1994-2016) at Bharathiar University, Coimbatore. After serving as Professor and Head (2008-2016) of Mathematics Department and UGC-BSR Faculty Fellow (2016-2020) at Bharathiar University, Coimbatore, India currently he is associated with the same university as a mentor faculty.

He has participated and delivered invited talks in national and international conferences. He has also delivered invited lectures in many universities in India and abroad. Under his supervision, several candidates were awarded Ph.D. degrees in the fields of Control Theory, Differential/ Integral Equations, Stochastic Differential Equations, Partial Differential Equations, Mathematical Biology, Fractional Differential Equations and General Topology. To his credit, he has published good number of research papers in these fields and many papers are in SCI journals. He is acting as referee for various international journals and Associate Editor of few international journals. He is serving as a reviewer for Mathematical Reviews, AMS-USA and Zbmth, Germany. He is a member of AMS and life member of IMS, CMS, ISCA and ISIAM. He is a fellow of Academy of Sciences, Chennai.

He was awarded the Fulbright Visiting Fellowship at the University of Tennessee at Chattanooga, USA in 1996. He is a recipient of Chandna Mathematics Award in recognition of distinguished and outstanding contributions to mathematics research and teaching in 1999. He got the Tamil Nadu Scientist Award in 2001.

He was a visiting scientist at the International Centre for Theoretical Physics, Trieste, Italy (1987, 1990), University of Tennessee at Chattanooga, TN, USA (1993), Pusan National University, South Korea (1997), University Wyoming, USA (2004) and Naval Postgraduate School, Monterey, USA (2012). He was a Visiting Professor at Sophia University, Tokyo, Japan (1998) and Visiting Research Professor at Yonsei University, Seoul in 2005 and the Pusan National University, Pusan, South Korea in 1999- 2000 and 2008-09. He has delivered a series of lectures on Control Theory at Yonsei University, Seoul, South Korea in October 2003, City University of Hong Kong in August 2002, University of Wyoming, USA in June 2004, Hanoi Normal University, Vietnam in June 2011, Sungkyunkwan University, Korea in December 2011, Kongju National University, South Korea in June 2017, Yongzhou University, China in May 2019 and King Faud University of Petroleum and Minerals, Saudi Arabia in December 2019.

He has participated as NBHM sponsored mathematician in the International Congress of Mathematicians held at Beijing, China in August 2002, ICM 2006 held at Madrid, Spain in August 2006, ICIAM 2007 at Zurich, Switzerland in July 2007, ICM 2010 at Hyderabad, India, ICIAM 2011 at Vancouver, Canada in July 2011, ICM 2014 at Seoul, South Korea, ICIAM 2015 at Beijing, China. He has also participated ICM 2018 at Rio de Janeiro, Brazil and ICIAM 2019 at Valencia, Spain.

Dear Sir/Madam

We take great pleasure in informing you that the Department of Mathematics of Dr. N.G.P. Arts and Science College, Coimbatore is organizing a Two-Days State level Workshop on Applications of Statistical Tools Using R-Language - A Hands on Training 23<sup>rd</sup> and 24<sup>th</sup> September 2016. We cordially invite the faculty members, research scholars and students of your esteemed Institution to participate in this workshop for intellectual sharing.

### ABOUT THE COLLEGE

Dr. N. G. P. Arts and Science College is an Autonomous Institution of Kovai Medical Center Research and Educational Trust (KMCRET). The Institution was established in the year 1997 and is governed by Dr. Nalla G. Palaniswami, Chairman and Dr. Thavamani D. Palaniswami, Secretary. It is committed to build a congenial atmosphere in which co-existence is strong and high to create an intellectual academic community. The college also provides quality education in par with the global standards by continually improving the infrastructure facilities, educational practices and performances of faculty members and students.

### ABOUT THE DEPARTMENT

The Department of Mathematics was established in the year 1997 with the inception of college. The Department has been offering B.Sc Mathematics, B.Sc Mathematics with C.A., M.Sc Mathematics and M.Phil Mathematics. The department inculcates good research culture and motivates the students for productive and constructive development in order to meet out the expectations of the current scenario with the best of their ability. We enjoy a dedicated team of experienced faculty to enrich the knowledge capacity of the students. The department has also produced many distinguished university ranks.

### ABOUT THE WORKSHOP

The objective of this workshop is to impart the basic introduction and applications of R-language in the field of Statistics.

### REGISTRATION

Registration Fee: Rs 400

The registration fee includes the refreshment and lunch during the workshop. Participants are requested to register on or before 20/09/2016. Payment of registration fee is to be made through cash or DD in favour of Department of Mathematics, Dr. N.G.P Arts and Science College, Coimbatore-48, payable at Indian bank, Kalapatti branch.

### LOCATION:

The Institution is located in Kalapatti road near Coimbatore Civil Aerodrome, about 2.5 km from SITRA, falling at Dr. N.G.P Nagar.

### Topics to be Covered:

1. Basics of R
2. Data Entry and Exporting data
3. Visualisation
4. Probability and Distribution
5. Correlation Regression
6. One sample & Two sample tests
7. Single proportion & Two independent proportions
8. Logistic and Robust Regression

### Feedback from Beneficiaries:

The Course was very helpful. For a beginner, who is having high expectation on Data Science and R, do consider taking this course. It starts from the basic, then gives us a solid foundation and last but not the least provides a hand on practical experience on how to use the knowledge provided. Over all it's a mixture of basic knowledge on R and its application.

- Dr.D.N. Rao is serving as the Professor, Department of Biochemistry, Indian Institute of Science, Bangalore. His research area includes the study of DNA-Protein interactions using *Helicobacter pylori* Restriction-Modification enzymes and *Neisseria gonorrhoea* DNA Mismatch Repair proteins as model systems. The long term goal in the laboratory is to understand how DNA mismatch repair proteins and restriction -modification enzymes achieve their specificity.
- Anju Chadha is an Indian biochemist. She is a professor at Indian Institute of Technology Madras. She works in the fields of biocatalysis and enzyme mechanisms, enzymes in organic synthesis, asymmetric synthesis using enzymes, chirotechnology, green chemistry and biosensors. In high school she was named best student. While getting her bachelor's degree at Nowrosjee Wadia College, she was awarded a Maharashtra State Government Scholarship. She was also awarded a prize in chemistry from the college. She graduated with her degree in chemistry in 1975. She received her Masters of Science in 1977 from the University of Poona with an emphasis in chemistry. In 1984, she completed her PhD from the Indian Institute of Science, Bangalore. She focused on bio-organic chemistry. Chadha is a lifetime member of the Indian Society of Bio-organic Chemists, the Chemical Research Society of India, and the IISc Alumni Association, Bangalore. She is also an elected member of Madras Science Foundation.
- Dr. K. Veluthambi is currently a UGC-BSR Faculty Fellow, Dept. of Plant Biotechnology, School of Biotechnology, Madurai Kamaraj University, Madurai, India. He completed his Ph.D. in 1981 at the Indian Institute of Science, Bangalore under the guidance of Professor R. Maheshwari. He worked as a Postdoctoral Fellow in the United States during 1981-1988. During this period, he carried out research in the National Institutes of Health (Bethesda), Washington State University (Pullman) and Purdue University (West Lafayette). Dr. Veluthambi is an Elected Fellow of the Indian Academy of Sciences (Bangalore), Indian National Science Academy (New Delhi), National Academy of Sciences – India (Allahabad) and an Elected Member of Guha Research Conference. He has so far guided 18 Ph.D. students and published papers in reputed journals such as Science, PNAS, Nature Biotechnology, Plant Physiology, Plant Molecular Biology, Journal of Bacteriology, Journal of Virology and Molecular Plant Microbe Interactions.
- Dr. Deepak Saini is an Assistant Professor, Dept. of Molecular reproduction, Development and Genetics, IISc Bangalore. He is expertise in Dynamics of cellular signaling in living cells. He received two patents for his research work “A Method for

- Dr. RaviSundaresan is an Assistant Professor, Department of Microbiology and cell Biology IISC Bangalore. The lab studies Sirtuins, a family of histone deacetylases. Mammalian genome encodes seven Sirtuin isoforms (SIRT1-SIRT7), which differ in their structures, substrate specificities and subcellular localizations. We study how they regulate the pathophysiology of heart failure induced by hypertension, myocardial infarction and metabolic diseases. We use primary cell cultures, transgenic, dietary and surgical mouse models to test Sirtuins for their ability to protect against cardiovascular disease. Our lab techniques range from physiology and biochemistry, to molecular biology and proteomics. Ongoing work in our lab involves studies of the role of Sirtuins in cardiac hypertrophy, fibrosis, mitochondrial dysfunction and muscle degeneration. Our goal is to disclose new biological functions of Sirtuins that can be therapeutically targeted for promoting health-span of heart.
- Dr. Balaji Jayaprakash is currently working as an Assistant Professor, Centre for Neurosciences, IISC Bangalore. His research are is on Learning and Memory. He served as a Post Doctoral Fellow with Prof. Silva, Department of Neurobiology, UCLA, Los Angeles, July 2007- Dec 2011 and Post-Doctoral Fellow with Prof. Ryan, Department of Biochemistry, Weil Medical College of Cornell University, New York, NY - 10021. USA, 2005 – 2007. He was also a Visiting Fellow in Tata Institute of Fundamental Research from 2004 – 2005. He completed his Ph.D in Chemistry by the year 2004 in Tata Institute of Fundamental Research.

#### **Description about the program:**

- The most awaited day after a dedicated team work was initiated by lighting the kuthuvilakku by eminent personalities viz, Dr.D.N Rao, Dr. Deepak Saini, Dr.K. Veluthambi, Dr. Anju Chadha, Dr. RaviSudaresan, Our Madam Secretary Dr.Thavamani D Palaniswamy, our principal Dr.P.R. Muthuswamy. The day started with a warm and cordial welcome address by Dr.S.Balasubramaniam, Head of the Department and followed by the presidential address by Dr.Thavamani D.Palaniswamy, Secretary where she stressed the need for new inventions in science for the eradication of various emerging diseases.

- In his Felicitation address, Dr.P R.Muthuswamy sir pointed out the influence of science in all fields, and stressed that science and technology should be integrated in large scale for the betterment of the society. The inaugural address was delivered by Dr.D.N Rao where he mentioned that the objective of science academies is to motivate the students to pursue research and also explained the summer fellowship opportunities available for the students in science academies.
- The Technical session 1 started with a thought provoking lecture by Dr. K.Veluthambi, Professor, UGC-BSR faculty fellow, School of Biotechnology, MKU on the topic “Selectable marker elimination in transgenic mice” where he gave an overview on various available recombination techniques for the production of transgenic plants especially in rice varieties.
- The session 2 was energetically started by Dr.Deepak Saini , Assistant Professor, Dept of Molecular reproduction, Development and Genetics, IISc Bangalore on the topic “Cellular signaling- New words in an old language. The session went on interestingly with discussions about role of communications and signaling mechanisms operating in cells. He explained about the wired and wireless communications working in cells in a different perspective and justified the title that the cells are communicating in new words using an old language.
- The technical session 3 was handled by Dr.Ravi Sundaresan, Assistant Professor, Department of Microbiology and cell Biology IISC Bangalore on the topic “Diabetes and Heart failure” where he discussed about types, causes and mechanisms of development of diabetes with special emphasis on Type 2 diabetes. He explained the various mechanisms of heart failure on the context of diabetes.
- The technical session 4 was chaired by Dr.Anju Chadha, Professor, Department of Biotechnology and NCCR, Indian Institute of technology, Madras on the interesting topic “Biocatalysis for efficient, Sustainable and green organic synthesis” where she detailed how organic synthetic processes using stoichiometric amount of chemicals can be replaced by biocatalysts for the prevention of pollution. She detailed various biocatalytic systems available in nature and their commercial applications with a lot of examples.
- The most challenging and final session of day 1 went blissfully by the convenor of this workshop Dr.D.N Rao, Professor. Department of Biochemistry, IISC Bangalore on the novel topic “Genomics of restriction –modification systems” where he explained Defensive and selfish aspects of Restriction- modification systems in bacteria. He elaborated various types of Restriction enzymes – sources, distribution, homology, types, and their mechanism of action. He also briefed the evolved mechanisms in Bacteriophages to combat these restriction- modification systems.
- The day 2 was energetically started by Dr.Anju Chada, on the topic “Using and understanding Candida parapsilosis ATCC 7330 as a biocatalyst”. Where she

concentrated on how *Candida parapsilosis* ATCC 7330 can be used in the preparation of optically pure secondary alcohols, different strategies to improve the selectivity of the biocatalyst, Optimization of reaction conditions and stressed that even *Candida* can be used as an analytical tool and in the synthesis of nanoparticles. Gene targeting, A powerful tool in functional genomics was the main theme of Dr. Veluthambi and during the session he gave an elaborate insight in to the Gene targeting, Challenges in traditional gene targeting techniques, Positive and negative selection based gene targeting strategy, Evaluation of diphtheria toxin gene as a negative selectable marker in rice, ABCDE model of flower development, Characterization of *OsMADS1* gene and zygoty analysis. He also motivated the young minds to pursue research by getting inspiration from role models.

- The session 8 was enthusiastically started by Dr. Balaji Jayaprakash, Assistant Professor, Centre for Neurosciences, IISc Bangalore on the eagerly expected topic “what makes a memory? Where he explained the very complicated topic in a simple language in such a way that it will be kept in the memory for a longer period.
- The ninth session was chaired by Dr. Deepak Saini on the interesting theme “Aging-misery, mastery and mystery where he gave wonderful presentation on different dimensions of aging in an interesting and interactive way and I am sure that the audience will take into their memory because everyone wants to live young.
- The tenth session was chaired by Dr. Ravi Sundaresan where he gave a detailed explanation about the aging and heart muscle degeneration. The eleventh session and the last session where he gave an elaborate overview on the topic “ the role of cortical memories and problem solving
- The most awaited interaction session with the pool of resource persons went on interestingly by the interactions and deliberations made by the participants.
- The two day lecture workshop conducted with valedictory session to validate the resource persons and participants who have patiently and enthusiastically participated in the continuous knowledge bombardment session in this lecture workshop.

### Outcome of the Program

- Helps to understand the evolved mechanisms in Bacteriophages to combat these restriction- modification systems.
- discussed about types, causes and mechanisms of development of diabetes with special emphasis on Type 2 diabetes

### **“Workshop on Fruit and Vegetable Preservation”**

#### **Description of the event:**

The Department of Nutrition and Dietetics of Dr. N.G.P. Arts and Science College, Coimbatore organized Hands on workshop on "Fruit and Vegetable preservation" from on 19.09.2016 to 23.09.2016 in the food lab, in collaboration with Ministry of Women and Child Development, Government of India, Madurai. Dr. V.Usharani, Program Officer with two assistants were involved in this program to train our final year UG students (48 No) in the morning session and SC/ST students (30 No) of various departments of our college in the afternoon session. The candidates were trained on preparation of Jams, Jelly, Murabah, squashes, Tutty Fruity, and various types of pickles. They trained them about the usage of preservations and nutritional labeling.

#### **Outcome of the Event:**

- The workshop helped the students gain hands on experience on Fruit and Vegetable preservation.
- It encouraged them to become budding entrepreneurs by training them with the preparation of Jams, Jelly, Murabah, squashes, Tutty Fruity and various types of pickles.

**Theme of the Conference:**

"Improving the Lives of The Peoples at the Bottom of Economic Pyramid is a Noble Endeavor and Lucrative one"  
- C.K.Prahalad

In today's world, women entrepreneurs are playing very vital role and they have become important part of the global business environment and it's really important for the sustained economic development and social progress. Women Entrepreneurs are highly increasing in the economies of almost all countries. The hidden business potentials of women have been increasing with the growing sensitivity to the role and economic status in the society.

"Women Entrepreneur" is a person who accepts challenging role to meet her personal desires and turn out to be economically independent.

The success of those women entrepreneurs will significantly speed up the progress of economic development and removal of poverty in the state. As empowerment of women basically depends on gaining financial, social and cultural strength, their performance as entrepreneurs in their business becomes crucial to reach this goal. The economic empowerment of women is a vital element of strong economic growth in any country. Entrepreneurship happens to be one of the best ways towards self sufficiency and poverty alleviation for women in a country where employment is not guaranteed. Involvement of women in entrepreneurial activities would ensure effective utilization of labour, generation of income and hence improvement in quality of life. The main objective of this seminar is to understand the factors responsible for encouraging women to become entrepreneurs in Indian context. Another main purpose of this seminar is to identify resources and challenges needed to implement entrepreneurial initiatives and to suggest measures for promotion of women entrepreneurs.

### CARRER OPPORTUNITIES FOR LIFE SCIENCE STUDENTS

By

Mr. Prince Daniel, Managing Director

Smart Choice Jobs

Ooty.

Biomedical scientists examine medical samples, for example, of blood and tissue, helping doctors to diagnose and treat diseases. They use their knowledge and test results to advise and support doctors and other medical staff. Biomedical scientists need an in-depth knowledge of areas such as pathology, anatomy and physiology. Biotechnologists combine biology, the science of living things, with technology. They research and develop the use of biology to solve problems in areas such as health care, the pharmaceutical and chemical industries, agriculture, food production and environmental protection. In this connection the resource person have also informed that Biochemists study the chemistry of life. They investigate life's processes at the level of molecules, using their knowledge to identify and solve biological problems. They research and develop new products and processes to benefit a wide range of areas, including food processing, pharmaceuticals, health care and agriculture.

The students and participants highly interacted with the research person. It was a insightful and useful lecture and he concluded that the purpose of carrier opportunities for life science students which is used as a developing a proper carrier guidance for the under graduate students as well as post graduate.

### **Description of the event:**

Department of Biotechnology, Dr.N.G.P Arts and Science College, has organized a Workshop on Career Opportunities for Life Science Students on 09.08.2016 at Seminar Hall-II. The aim of the workshop was to make students understand about Career Opportunities for Life Science Students. Mr. Prince Daniel, Managing Director, Smart Choice Jobs, Ooty, Coimbatore, has handled the session. He had explained about the importance of Career Opportunities for the students of Life science and its usage as theoretically and also practically by handling effectively in this session.

### **Outcome of the Event:**

1. Students learned about the importance of Career Opportunities in the field of Science
2. Students learned the procedure about how to adequate the knowledge on Life Science
3. Students have learned about to utilize the effective manner on Life Science for their research purposes.

### Report on “Smart Phone Servicing and Maintenance”

#### Description of the Event:

Department of Physics in coordination with Entrepreneurship Development Cell of Dr. N.G.P. Arts and Science College along with New Technology Mobile Service and Training Institute organized a two-day entrepreneurial skill development program on the topic “Smart Phone Servicing and Maintenance”. The skill development program was kept on 20.07.2016 and 21.07.2016. The program was handled by Mr. S. Krishnakumar of New Technology Mobile Service. The students got a hands-on training to solve different problems faced in smart phone handsets. Block diagram structure of mother board handset like RF crystal, IC etc. was explained. Practical session includes dismantle android and handset, soldering, flashing smart phones.

#### Outcome of the Event:

- Students came to understand the working of smart phones.
- Students came to know, how to maintain and service smart phones.
- They can use this skill as a mode of their earning in future.

Respected Sir,

Sub: Smartphone servicing course-requesting permission-Reg

The Department of Physics of Dr. N.G.P. Arts and Science College in collaboration with New Technology, Coimbatore is planning to conduct a Smartphone servicing course for two days in our campus dated on 20.07.2016 and 21.07.2016. The course would cover basics of mobile communication and electronics, hardware and software components, troubleshooting through schematic diagrams etc. This would give a hands-on training experience for the students. I kindly request

Thanking You,

Yours Sincerely,

### “Hands on Workshop on Latex”

**Name of the Event:** Workshop

**Title:** Latex

**Date:** 14.02.2017

#### **Description of the event:**

LaTeX is a document preparation system, and is widely used for publishing in many scientific fields like mathematics, statistics, computer science, engineering, chemistry, physics, economics, linguistics, etc.. It is a powerful and open-source system that provides numerous facilities for automating typesetting of the document: i.e. structuring page layout, listing and auto-numbering of sections, tables, figures, generating a table of contents, managing cross-referencing, citing, and indexing. The session detailed on Installation of LaTeX, producing simple documents, basic Text Formatting – Paragraphs, Sections, Sub-sections, Formatting text (Bold, Italics, etc.), Lists, Mathematical Equations and Greek Symbols, Figures and Tables, Bibliography and References, Preparing Scientific Report/ Manuscript, Creating Power Point & Poster presentations Using Beamer Package.

#### **Outcome:**

By the end of this session, attendees will:

1. Be able to write valid LaTeX documents that can be typeset on either a local LaTeX installation or BlueHive.
2. Know how to troubleshoot common typesetting errors.
3. Know various special formatting commands, including those for mathematics, text formatting, and tables.

4. Be able to install packages to extend LaTeX's functionality, find documentation for those packages, and discover new packages.
5. Be able to use BibTeX to generate and modify in-text citations and bibliography entries.
6. Know of major sources for further help with LaTeX: websites, books, forums, and librarians.

**Report on “Human Rights and Values-Promotion and Protection”**

**Name of the Event: Training Programme**

**Title: Human Rights and Values-Promotion and Protection**

**Date: 19.01.2017**

**Sample:Preamble:**

Human rights mechanisms tend to focus primarily on civil and political rights, instead of the full spectrum of human rights including socio-economic and cultural rights. As a result these mechanisms have been relatively ineffective in addressing issues of social inclusion, empowering communities in socio-economic terms, or making contributions to ending poverty.. A conference on human rights and values –Promotion and Protection has been organized on 19.01.2017 sponsored by National human rights commission. Dr.A.P.Jayachandran.APJ Associations, Coimbatore has inaugurated the conference. Mr.R.Rajkumar, Advocate & Activist-Human rights, Chennai and Mrs.R.Elamathi, Gender and Development consultant, Head Madurai jute cluster, Madurai and Mr.P.Brightwin Xavier ,chief legal Advisor,M/S Assets Reconstruction Co.(India) Ltd. was the resource person for technical session I,II & III respectively.

**Sample: Participant’s Profile:**

A total of 366 Students from both UG (B.Com) and PG (M.Com) were participated in the Seminar.

### **“Workshop on Astronomy and Telescope”**

#### **Description of the event:**

The Department of Physics, Dr. N. G. P. Arts and Science College organized a workshop on the topic Astronomy and Telescope on 21.10.2016. The resource person Prof.K.Sakthivel, gave hands on training in arrangement of the telescopes and focusing distant celestial objects. From the training students got an insight how the telescopes are assembled and adjusted to view celestial objects in the sky. The theoretical aspects on the relation between focus and distance, types of foci, types of telescopes were also explored.

#### **Outcome of the Event:**

- Students came to understand the working of Telescopes.
- Students came to know the arrangement of telescope to focus stars and moon.
- Theoretical aspects on types and working of telescopes.

## “Workshop on Light and its applications”

### Description of the Event:

The Department of Physics, organized a workshop to enrich the knowledge and celebrate the international year of light. A workshop on Light and its applications was conducted on 23.09.2016. Dr. K.Srinivasan, Professor, Department of Physics, Bharathiar University served as a Resource Person. Students got to explore the concepts of light interaction with various materials and their recent applications. Students were taken to Regional Science Center for exploring the usage of light in various instruments. Student’s query was elucidated by the resource person.

### Outcome of the Event:

- Students came to know the concept of light source used in current applications
- Students had exposure to the instruments at regional science center
- Students came to know especially about crystals used in light source applications

### **“Workshop on PHP& MySQL”**

PHP and MySQL are Open Source, and are free development tools. There is a large community of dedicated volunteer programmers who contribute to make improvements and are continuously adding features to it. A Workshop on PHP & MySQL was organized on 23.06.2016 to 24.06.2016. Mr. Sowrimalaiyan, Senior Consultant, Surya Tech Solution served as a Resource Person. He gave an introduction about scripting language like PHP and MySQL, explained about the methods used in PHP and how they are used to develop Web applications. He also stated that MySQL is a powerful open source database server built based on a relational database management system (RDBMS) and is capable of handling a large concurrent database connection. He also stated that, PHP and MySQL are the best development tools. When developed correctly, applications can be built with clean and simple usability, complex functionality, speed, power and scalability.

#### **Outcome of the Event:**

- Students were able to understand the basic concepts in PHP and MySQL.
- They got motivated to join online course training.
- Gain useful code templates that will help them create their own dynamic, web-based, content management system
