AY 2019 – 20 Workshops/Seminars Conducted

The following are the total number of workshops and seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship and skills development during the academic year 2019-20

S.No	Name of the Workshop/ Seminar	Number of Participants	Date From – To
2019-20			
RESEARCH METHODOLOGY			
1	Conference on Futuristic Approaches in Transformation of Bioscience Research	150	06.03.2020 & 07.03.2020
2	Second International Conference on Research Trends in Computing Technologies (ICRTCT - 20)	300	28.02.2020 to 29.02.2020
3	Seminar on Electronic spectroscopy and its application	160	26.02.2020
4	National Symposium on Graduate Research (NSGR-2k20)	300	21.02.2020 & 22.02.2020
5	Seminar on “Applications of Parametric Tests using SPSS and Excel”	120	21.02.2020
6	National Workshop on Nano - characterizations and Applications of Biosensor (NWNAB - 20)	39	20.02.2020 and 21.02.2020
7	Seminar on “Dilute Magnetic Semiconductor”	120	08.02.2020
8	Workshop on “Data Analytics Using SPSS”	58	06.02.2020
9	Seminar on “Quantum Applications”	120	01.02.2020
10	Lecture Workshop on Scientific Writing	30	01.02.2020
11	Workshop on Data Analytics using SPSS	60	30.01.2020
12	Workshop on” Data Management and Statistical Analysis Using SPSS”	20	27.01. 2020

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	--	---

13	Workshop on Statistical Package for the Social Sciences (SPSS)	55	25.01.2020
14	Workshop on Basic Microbial Culture Techniques in Quality Control Management	20	14.12.2019
15	ICSSR-SRC SPONSORED Three Day National Workshop On Advanced Research Methodology & Statistical Data Analysis For Research Scholars	50	11.12.2019, 12.12.2019 and 13.12.2019
16	Seminar on Electron microscope	68	13.09.2019
17	Seminar on “Thermoluminescence Tissue Equivalency Single Crystals”	66	12.09.2019
18	National Conference on Emerging Trends in Mathematics with Computer Applications (ETMCA– 19)	300	12.09.2019 to 13.09.2019
19	Workshop on Biostatistics Solving Through Excel	24	27.08.2019
20	Seminar on Trends and Challenges in Chemical Sciences	170	16.08.2019
21	Workshop on Biosynthesis of Nanoparticles	56	24.07.2019
22	Seminar on Characterization of Nanoparticles	111	24.07.2019
23	Workshop on Analysis of Nanoparticles in UV-Visible Spectrophotometer	80	23.07.2019
24	In house lecture workshop on Computer aided drug designing	107	13.07.2019
25	Workshop on Tools for Biologists in Bioinformatics	54	08.07.2019
26	Workshop on Quantification of DNA from Herbal Leaves and Animal tissues using nanophotometer	51	01.07.2019
27	Workshop on “Report Writing”	133	26.06.2019
INTELLUCTUAL PROPERTY RIGHTS			
1	Intellectual Property Rights (IPR)- Awareness Programme	205	30.11.2019
ENTREPRENUERSHIP DEVELOPMENT			
1	Industry Institute Partnership Conclave	300	13.03.2020
2	IIPC - Elite Talk (VELICHAM) - Customer Relationship Management	42	07.03.2020
3	Workshop on Value Added Products on Spices	30	03.03.2020
4	Seminar on Impact of Trade War on Indian Economy	375	25.02.2020
5	Seminar on Inculcating Entrepreneurial Skills	90	15.02.2020

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>

6	IIPC – ELITE TALK - BIOFACE Lecture series on Bioentrepreneurship	50	14.02.2020
7	DST-NIMAT sponsored three days Entrepreneurship Awareness Camp	80	12.02.2020 to 14.02.2020
8	Entrepreneurship Development Program	60	07.02.2020
9	Elite Talk on Technology as Driver of Change	59	04.02.2020
10	Seminar on Skills for Entrepreneurship	42	29-01-2020
11	Lecture Series on “Inspirational Talk for Women Entrepreneurs”	50	29.01.2020
12	Seminar on Women Entrepreneurship	44	08.01.2020
13	DST-NIMAT sponsored three days Entrepreneurship Awareness Camp.	84	08.01.2020 to 10.01.2020
14	Seminar on “Experience on Entrepreneurship”	100	19.12.2019
15	Lecture Series on Career opportunities on Bio – Industrial Sectors	42	18.12.2019
16	DST-NIMAT sponsored three days Entrepreneurship Awareness Camp.	80	12.12.2019 to 14.12.2019
17	Bioface Lecture Series Needs in Science Entrepreneurship	66	04.12.2019
18	Seminar on “Being an Entrepreneur”	28	18.10.2019
19	IIPC - Elite Talk (VELICHAM) on Innovation as Agropreneur	35	25.09.2019
20	Seminar on IT-Business Trends	45	04.09.2019
21	DST-NIMAT sponsored three days Entrepreneurship Awareness Camp.	70	24.09.2019 to 26.09.2019
22	Seminar on Start - Up Opportunities	50	28.08.2019
23	IIPC- Vetri Padigal Elite talk – Awareness on Startup’s	50	26.08.2019
24	IIPC – ELITE TALK - BIOFACE Lecture series Adapting Strategies for Grabbing Innumerable Opportunities in Biological Sciences	100	21.08.2019
25	IIPC - Elite Talk (VELICHAM) on Marketing Etiquette	42	19.08.2019

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>

26	Lecture Series on “BUSINESS STARTUP”	50	16.08.2019
27	Lecture Series-IIPC Elite Talk on “Business opportunities for students”	50	09.08.2019
28	Seminar on “Word press and Digital marketing”	206	02.08.2019
29	Workshop on Conflict Management in Corporates	35	10.07.2019
SKILL DEVELOPMENT			
1	Workshop on “Morphological Study and Role of Microorganism in Fermentation	41	12.03.2020
2	National Conference on Contemporary Perspectives and Development in Humanities and Management	150	11.03.2020
3	Seminar on Export-Import Formalities and Procedure	99	21.02.2020
4	Workshop on Efficacy of Speaking	45	19.02.2020
5	Workshop on “Financial Data Analysis Using Prowess & CMIE Database”	58	15-02-2020
6	Seminar on “An Integrated approach of Chemistry in Textiles”	170	15.02.2020
7	Workshop on Immunotechniques	24	08.02.2020
8	Seminar on Basics of Cooking	50	08.02.2020
9	A workshop on Gueridon food and beverage butler service	27	08.02.2020
10	Workshop on Practical Applications of Data Analytics Tools	58	06.02.2020
11	Workshop on Cost Effective Mushroom Cultivation	83	03.02.2020
12	Workshop on “Chromatographic Techniques”	17	26.06.2019
13	Hands on Training on Ice Cream and Pasta Making	26	01.02.2020
14	Workshop on Foundation of Logic Programming	15	31.01.2020
15	Webinar on Revamping Problem Solving Strategies	15	30.01.2020
16	Seminar on Life is what you make it	155	30.01.2020
17	Workshop on Blouse Making	37	28.01.2020 & 29.01.2020
18	Workshop on Peripheral Blood Examination	56	04.01.2020
19	Seminar on Investigation of Complete Blood Count	112	04.01.2020

	Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2 nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100	NAAC 3rd Cycle
		Criterion III Metric 3.3.2

20	Workshop on ABC of Speaking	89	04.01.2020
21	Workshop on “Digital Marketing”	102	18.12.2019
22	Seminar on SDLC Methodology	200	04.12.2019
23	Workshop on Soft Skills	125	30.09.2019
24	Seminar on Analytics Application	15	28.09.2019
25	Seminar on Deep Learning in Artificial Intelligence	150	25.09.2019
26	Workshop on Advanced excel	58	19.09.2019
27	Workshop on “Income tax return filing”	58	15.09.2019
28	How to be a public speaker	68	07.09.2019
29	Workshop on Operations in MS Excel	54	05.09.2019
30	Workshop on physical fitness	61	04.09.2019
31	Seminar on RDA Requirements of School Going Children and their Growth and Development	33	03.09.2019
32	Interdepartmental workshop on Waste Water and Water Analysis	40	29.08.2019 & 30.08.2019
33	Workshop on Cyber Security	60	26.08.2019
34	Guest Lecture on Coding Techniques	15	26.08.2019
35	Hands on Training – Formulation of Healthy Nutritious Snack for School Going Children”	63	22.08.2019
36	Workshop on “Computer Applications Life cycle Tool Gitlab	124	21.08.2019
37	Workshop on Personality development and Effective communication	34	20.08.2019
38	Workshop on Death of Piracy and Video editing tools	58	19.08.2019
39	Workshop on “Culture preservation techniques”	25	17.08.2019
40	Seminar on Creating a brand-new Website & Digital Marketing	60	17.08.2019
41	Workshop on “Streaking & Isolation of Bacteria”	56	13.08.2019 & 14.08.2019
42	Workshop – Office automation and MOOC	70	10.08.2019
43	Workshop on Content Writing	150	06.08.2019

	<p align="center">Dr. N.G.P. 45	Workshop on Instrument Demonstration Techniques	30	28.07.2019
46	In house training on baked products	50	24.07.2019
47	Workshop on Genomics	59	22.07.2019
48	Seminar on Microbes in Day-to-Day Life	170	15.07.2019
49	In house workshop on Operations in MS Office	51	15.07.2019
50	Workshop on “Foldscopy”	50	09.07.2019 — 12.07.2019
51	Seminar on Cyber Security	170	09.07.2019
52	Workshop on Operations in UV Visible Spectrophotometer using Nanoparticles	50	05.07.2019
53	Seminar on Quality Assurance Requirements in Food as Per FSSAI and Awareness on the FSSAI Licensing & Initiatives	100	05.07.2019
54	Seminar on “Attributes of a Hotelier	91	05.07.2019
55	Workshop on PC Hardware and Internet of Things (IoT)	60	04.07.2019
56	Workshop on Animal Cell Culture	18	27.06.2019
57	Workshop on Chromatographic Techniques	17	26.06.2019
58	Workshop on “Electrophoresis”	17	25.06.2019
59	Seminar on Yoga For Youth Empowerment	50	24.06.2019
60	Interdepartmental Workshop on Plant Tissue Culture	17	24.06.2019
61	Benefits of DBT-STAR College Scheme	114	22.06.2019
62	Workshop on “Training on Emergency Care (First Aid) and CPR Exercise”	127	21.06.2019
63	Seminar on UPSC civil service examination	285	20.06.2019
64	Fruits and Vegetable Preservation-Hands on Training Programme	63	17.06.2019 to 21.06.2019
65	Seminar on Motion Graphics Techniques	204	14.06.2019
66	Workshop on “Advance Excel”	133	26.02.2019

Conference on Futuristic Approaches in Transformation of Bioscience Research

Nature of the Event: Conference

Title of the Event: Futuristic Approaches in Transformation of Bioscience Research

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
✓			

Date of the event: 06.03.2020 & 07.03.2020

Name and Designation of Resource Person: Faculty of Biosciences

Department of Biotechnology

Dr. N.G.P Arts and Science College,

Coimbatore.

Number of Participants: 150 Students

	<p style="text-align: center;">Dr. N.G.P. REPORT:

Faculty of Biosciences, Department of Biotechnology, Dr.N.G.P Arts and Science College has organized the National conference on Futuristic Approaches in Transformation of Bioscience Research(FATBR-2020) on march 6& 7, 2020. The conference was started by the presidential address by the Dr. Nalla G. Palaniswami, Chairman, Dr. N.G.P. Educational Institutions and Dr. Thavamani D. Palaniswami, Secretary, Dr. N.G.P. Educational Institutions. The chief guests was Prof. Dr.T.J.Pandian, Former National Professor, MKU,Madurai. Faculty of biosciences has participated in the conference and had contributed their research work in the conference proceedings. The proceedings were edited by Dr.S.Gowri, Dr.P.Chidambaranarajan, Dr.J.Rangaramanujam, Dr.Sridevei,Dr.S.Kokila.

Description of the Event:

Department of Biotechnology along with Faculty of Biosciences, Dr.N.G. P Arts and Science College Organized the National conference on Futuristic Approaches in Transformation of Bioscience Research(FATBR-2020) on march 6& 7, 2020. The Souvenir was released and the ISBN Number was obtained for the conference proceedings. The ISBN Number is 978-81-943062-7-6. The chief editor of the proceedings was Prof. Dr.V.Rajendran.The chief guest has enlighten his research findings related to life science aspects.

Outcome of the Event:

1. Students learned about the importance of applications of Life science
2. Students learned about the procedure to do research in an organized manner.
3. Students have learned about the opportunities in transformation of bioscience research.

NATIONAL CONFERENCE ON FUTURISTIC APPROACHES IN TRANSFORMATION OF BIOSCIENCE RESEARCH (FATBR-2020) March 6-7, 2020

Organized by
FACULTY OF BIOSCIENCES

Conference Program Schedule

Day 1: 06.03.2020	Time	Venue: Conference Center
Forenoon	08:30 - 09:30 am	Registration
	9:30 - 10:30 am	Inauguration
	10:30 - 10:45 am	Tea Break
Forenoon	11:00 - 12:30 am	Parallel Session 1
	Biochemistry & Clinical Laboratory Technology Seminar Hall VII Biotechnology Microbiology NGP Conference Center Food Science and Nutrition Kambar Arangam	<p>Chair Person : Dr. S.Balasubramanian <i>Dean Research & Development, Dr.N.G.P.ASC</i> Keynote Address : Dr.M.Sivasamy, <i>Principal Scientist & Head, ICAR-Indian Agricultural Research Institute, Regional Station, Wellington, The Nilgiris, Tamilnadu, India</i> Topic: Wheat Improvement-current status, futuristic approaches and prospects</p> <p>Chair Person : Dr. D.Geetharamani <i>Dean Academics, Dr.N.G.P.ASC</i> Keynote Address: Dr.T.J.Pandian, <i>Former National Professor, Madurai Kamaraj University, Madurai.</i> Topic: The Indian Microbiology: A Zoologist View</p> <p>Chair Person : Dr.S.Uma Maheswari <i>Assistant Prof., Department of Food Science and Nutrition</i> Keynote Address: Dr. P.Prabhasankar, <i>Senior Principal Scientist and Head, Flour Milling Baking and Confectionery Technology Department, CSIR-Central Food Technological Research Institute, Mysore.</i> Topic: Role of Bio-Processing in Gluten free food processing</p>
	12:30-1:30 p.m.	Lunch Break

Dr. N.G.P. ARTS AND SCIENCE COLLEGE

(An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore)
Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle)
Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India

NAAC
3rd Cycle

Criterion III
Metric 3.3.2

Afternoon	01:45 – 03.00 p.m.	Parallel Session 2
	Biochemistry & Clinical Laboratory Technology Seminar Hall VII Biotechnology, Microbiology, Food Science and Nutrition NGP Conference Center	Chair Person : Dr. V.Usha Professor, Department of Biochemistry Keynote Address: Dr.Uma.V.Manjappara, Senior Scientist, Department of Lipid Science, CSIR-CFTRI, Mysore. Topic: Obestatin: A versatile anti-obesity peptide? Chair Person: Prof.P. Arun Assistant Prof., Department of Biotechnology Keynote Address: Dr. E. M. Shankar, Professor and Head, School of Basic and Applied Science, Central University of Tamilnadu, Thiruvarur. Topic: HIV Infection-Immune Exhaustion and other newer mechanism of Viral evasion
Day 2 07.03.2020		
Forenoon	09:00 – 09:45 a.m.	Parallel Session 3
	Biochemistry & Clinical Laboratory Technology Seminar Hall VII Biotechnology & Microbiology NGP Conference Center Food Science and Nutrition Kambar Arangam	Chair Person : Dr. S.Balasubramanian Dean Research & Development, Dr.N.G.P ASC Keynote Address: Dr.M.Periasamy, Emeritus Professor, School of Chemistry, University of Hyderabad, Hyderabad. Topic: Organometallics and Chiral Reagents to Electricity Harvesting Organic Electrochemical Cells Chair Person : Dr. V.Shanmugaraju Dean Student Affairs, Dr.N.G.P ASC Keynote Address: Dr.K.Veluthambi, INSA Senior Scientist, Department of Plant Biotechnology, Madurai Kamaraj University, Madurai. Topic: Gene Targeting: A Powerful Functional Genomics Tool in Rice Chair Person : Dr.S.Daniel Robert Professor, Department of Food Science and Nutrition Keynote Address: Dr.S.Haripriya, Associate Professor Department of Food Science and Technology, Pondicherry University Puducherry Topic: Trends in Designer foods for Human Nutrition
Forenoon	09:45 – 10:30 am	Parallel Session 4
	Biotechnology & Microbiology NGP Conference Center	Chair Person : Dr. S.S.Sudha Coordinator, CDC, Dr.N.G.P. ASC Keynote Address: Prof. Dr. Sanjay K. Singh, Coordinator, National Fungal Culture Collection of India, Agharkar Research Institute (ARI), Pune. Topic: Relevance of Fundamental Approaches in Enumerating Mycological Heritage of India and their future prospects.
	10:30 – 10:45 am	Tea Break

Dr. N.G.P. ARTS AND SCIENCE COLLEGE

(An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore)
Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle)
Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India
Web: www.drngpasc.ac.in | Email: info@drngpasc.ac.in | Phone: +91-422-2369100

NAAC
3rd Cycle

Criterion III
Metric 3.3.2

Forenoon	11:00 – 11:45 am	Parallel Session 5
	Biochemistry & Clinical Laboratory Technology Seminar Hall VII Biotechnology & Microbiology NGP Conference Center	Chair Person : Dr. M.Thiruselvi <i>Assistant Prof., Department of CLT</i> Keynote Address: Dr. V. Sudarshana Deepa, <i>Associate Professor, Department of Biotechnology, National Institute of Technology, Andhra Pradesh.</i> Topic: Nanobiotranslational Research – A Review on its Scope Chair Person : Dr.M.Poongothai <i>Assistant Prof., Department of Biotechnology</i> Keynote Address: Dr.R.Viswanathan, Principal Scientist & Head, <i>Division of Crop Protection, Sugarcane Breeding Institute (ICAR), Coimbatore.</i> Topic: Diagnostic applications for plant diseases
Forenoon	11:45 – 12:30 pm	Parallel Session 6
	Biotechnology & Microbiology NGP Conference Center Food Science and Nutrition Kambar Arangam	Chair Person : Dr.N.Vidhya <i>Professor, Department of Microbiology</i> Keynote Address:Dr.Joseph Selvin, Professor and Coordinator, <i>Department of Microbiology, School of Life Sciences,Pondicherry University, Puducherry.</i> Topic: Design and Creation of Synthetic Genomes Chair Person : Ms. R. Shivani <i>Assistant Prof., Department of Food Science and Nutrition</i> Keynote Address: Dr. Dharini Krishnan, <i>Chairperson, R.D. Board (2012 to 2015)</i> <i>National President (2007 to 2010) - Indian Dietetic Association</i> <i>Consultant Dietitian, Chennai.</i> Topic: Technology is a boon in Dietetic and Health Practice
	12.30-1.30 pm	Lunch Break
Afternoon	2:00-3:00 pm	Valediction

Number of Participants: 300

**Second International Conference on Research Trends in Computing Technologies
(ICRTCT 2020)**

Organized by Faculty of Computer Science 28th & 29th Feb 2020

Conference Report

It is a proud moment for me to produce the report of the Two-day International Conference organized by the Faculty of Computer Science on the topic **Research Trends in Computing Technologies (ICRTCT – 2020)**, Dr. N.G.P. arts and Science College on 28 & 29 Feb, 2020. With the benediction of God Almighty we began the conference by evoking God presence through the prayer song. The International Conference began with the welcome address by **Dr. D. Maheshwari, Convener, ICRTCT 2020**. **Prof. Dr. V. Rajendran, Principal** of Dr. N.G.P. Arts and Science College addressed the gathering with his warm speech “**Light is the symbol which destroys the darkness and enlightens the Mind**”. The conference began with the lighting of the lamp by the dignitaries to share the growth of knowledge. A talk about the conference was given by **Dr. R. Rajeshkanna, Convener (ICRTCT – 2020)**, followed by the chief guest introduction presented by **R. Kausalya Organizing Secretary ICRTCT – 2020**. Then the conference proceeding was released by the Chief Guest **Dr. C. Pethuru Raj** and received by principal Prof. Dr. V. Rajendran. The inaugural address was delivered by **Dr. C. Pethuru Raj, Reliance Jio Infocomm, Ltd. (RJIL)**, Bangalore. Finally, the Inaugural came to the end with the vote of thanks given by **Dr. A. Muthusamy, Treasurer ICRTCT 2020**.

Following the inauguration, the Department of Computer Application began their **Endowment Lecture** presented by Keynote Speaker **Dr. S. Krishna Kumar DRDO**, Chennai on the topic “**Scope of Computer Applications in Defense**”. The session was chaired by Dr. Kowsalya Prof & Head, Department of Computer Applications. The second Endowment began after a short break which was organized by the Department of Computer Technology with **Dr. C. Pethuru Raj, Chief Architect and Vice President Reliance Jio Infocomm (RJIL)** Bangalore on the topic “**Connectivity + Cognition Leads to Smarter Systems**”. The session was chaired by Dr. R. Nithya, Associate Professor, Department of Computer Technology.

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

The afternoon session had parallel sessions, the third endowment lecture organized by the Department of Computer Science with DA that was held in the conference center. **Dr. S. Prabhakaran, SRM University, Chennai** presented a lecture on, “**Machine Learning**” and the session was chaired by Dr. Mary Magdalene Jane, Professor & Head, Department of Computer Science with Data Analytics. At the Same time in Seminar hall VII there was a panel discussion (B to B) with the following panel members, **Mr. Pathy Thangavelu**, Head of Business Zillion Cubes, Bangalore, **Mr. Shyam Rajasekaran**, CEO, Twirltact Technology Solutions Pvt, Ltd. Coimbatore and **Mr. Sabarinath** CEO, Gateway Solutions, Coimbatore on the topic “**Business opportunities today**”. These sessions were paralleled by a paper presentation with **Dr. K. K. Savitha Department of Computer Applications, Bharathiyar University, PG Extension center, Erode** chairing the session. This brings us to the end of the first day **ICRTCT 2020**

The second day **ICRTCT 2020** began with parallel sessions in Conference center, a talk was given by **Dr.P.J.Alphonse National Institute of Technology, Tiruchirappalli** on the topic “**Light weight Cryptography**”, and it was chaired by **Dr. S. Balasubramanian, Dean- Research and Development**, it was paralleled by a talk given by **Dr.P.Thiyagarajan**, Central University in Seminar hall VII on the topic “**Block Chain Technology**”, with **Dr. B. Rosiline Jeetha** IQAC Co-Ordinator chairing the session. The post-morning session began with the parallel session in Conference hall **Prof T.V Vijay Kumar Jawaharlal Nehru University** Presented a talk on “**Artificial Intelligence and Data Science**” for the Department of Computer science endowment Lecture. The session was chaired by Dr.A.Muthusamy Head Department of Computer Science. In Seminar hall VII **Dr.R.Lokesh Kumar, Vellore Institute of Technology** presented a talk on “**Journey to Data Analytics**” and the session was chaired by Dr.B.Rosiline Jeetha IQAC Co-Ordinator. In seminar hall VIII the paper presentation was presented with professor **C.P.Tamilselvi, Head Department OF CSE, Sri Ranganathar Institute of Engineering and Technology** Chairing the Session. It was also paralleled by another paper presentation in Seminar

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

hall VII with **Dr.A.Jayanthita Devi Prof. Computer Science and Information Science, Srinivas University**, Chairing the session.

The Valedictory function began with the welcome address given by Dr.R.Rajeshkanna Convener, ICRTCT 2020 followed by Prof. Dr.V.Rajendran Principal addressing the gathering. The Chief Guest was Introduced by Dr.F.Marry Magdalene Jane, Organizing Secretary ICRTCT 2020. The validation address was given by **Prof.T.V. Vijay Kumar, Jawaharlal Nehru University** felicitating the gathering. The certificates were distributed to the participants and students from other colleges shared their feedback and moments with us and also requested to conduct such programmers' in future. Vote of thanks was given by Dr.D.Maheshwari Convener, ICRTCT 2020. The Two Days International Conference held on 28th and 29thfeb 2020 ended with the National Anthem.

KEY AREAS

The papers are invited in the following disciplines [but not limited to]

Artificial Intelligence	Security Issues	Cognitive Computing
Machine Learning	Advanced Networking	5G Mobile Networks
Big Data Analytics	Image Processing	Virtual Reality
Robotics	Deep Learning	High Performance Computing
Internet of Things	Cloud Computing	Web Mining

IMPORTANT DATES

Last Date for Paper Submission	: 23.02.2020
Acceptance Notification	: 24.02.2020
Last Date to Submit Presentation	: 25.02.2020
Last date for registration along with DD is	: 26.02.2020

Participants	₹ INR
Students (UG & PG)	₹ 500
Research Scholars	₹ 600
Academicians	₹ 1000
Industrial Delegates	₹ 1500

The participants are requested to send the dully filled-in
registration form along with the prescribed fee by demand draft
drawn in the favour of "NGP-CS Dr.N.G.P. Arts and Science
College", payable at Coimbatore.

Report on Seminar on “Electronic spectroscopy and its application”

Nature of the Event: Seminar

Title of the Event: Seminar on Electronic spectroscopy and its application

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
✓			

Date of the event: 26.02.2020

Name and Designation of Resource Person:

Dr. A. Chandramohan, Associate Professor and Head, Department of Chemistry, Sri Ramakrishna Mission Vidyalaya College of arts and science, Coimbatore was the resource person of the seminar.

Number of Participants:

A total of **160** Students from I – B. Sc. Chemistry, II – B. Sc. Chemistry, III – B. Sc. Chemistry, I – M. Sc. Chemistry were participated in the Seminar.

	<p align="center">Dr. N.G.P. Seminar on “Electronic spectroscopy and its application”

Description of the event:

Dr. A. Chandramohan spoke on the increasing importance of chemical sciences to solve challenges in health, energy and climate change, water and food production. There is an increased public appetite for chemistry-related challenges with greater intervention from the public. Role and demand of chemical sciences were discussed. He explained the importance of chemistry in everyday life. The session was very edifying to the students.

Outcome of the Event:

- Students were understood the concept of electronic spectra in molecular determination.
- Students were gained research aspect of knowledge about the importance of spectroscopy in determining the structure of the compounds
- All the participants understood the concepts of spectroscopy and its applications towards research

Date : 25.1.21

2. The organisation of the session?
A. Highly Satisfied.

2. How much you rate e-lecture on topic?
Excellent.

3. Duration of the session.
Highly satisfied.

4. Does the session is up to your expectation,
Excellent.

5. Suggests : Specific topic that you would
like additional expert lecture.

All topics are explained in very
good manner

Workshop

On

“Application of statistics using SPSS in Research”

Date: 21.02.2020

Time: 12:20 pm

Speaker of the Session: Dr. S. Kannaki, Assistant Professor, De. N. G. P. Arts and Science College

One day workshop organized at the department of commerce on “Applications of Parametric Tests using SPSS and Excel”. The workshop was commenced with the welcome note. She threw light upon the need for Research Methodology Workshop and discussed about the importance of Research in today’s scenario. She laid emphasis on the quality of the research that needs to be done by the academicians and explains appropriate and suitable methodology to be adopted while doing the Research Program. The main objective of the session was to help a research scholar in doing his research work with SPSS. All participants expressed their satisfaction about the workshop and overall coordination of the faculties of the department as well as the whole program.

OBJECTIVE OF THE WORKSHOP

- To expose the students towards the new trends of research.
- To understand basic theoretical and practical implementation of SPSS
- To train the participants on the use of statistical techniques in data analysis in the field of social sciences.
- To assist students in understanding the various stages of research process.

CONCLUSION

Students find Data Analysis or Statistical Analysis as an integral part of their contents for discussion/learning. This Workshop is intended to help the students in sharpening their Analytical Skills through SPSS (Statistical Package for the Social Sciences). The program is designed to cover all relevant aspects of Statistical Data Analysis starting from the very basics of Data Preparation, Data Cleaning to Advance Statistical Techniques including the theoretical aspects behind such techniques. This session was completely interactive and the program was ended with a lot of questions and answers

NATIONAL SYMPOSIUM ON GRADUATE RESEARCH (NSGR-20) February 21-22, 2020

Organized under DBT STAR SCHEME
by

Department of Biochemistry, Biotechnology, Microbiology and Food Science & Nutrition

Under DBT STAR college scheme, 2 day national symposium was conducted on February 21st and 22nd of this year with grand success. The event was designed to instill the importance of research in the young minds and to nourish and nurture their skills to become future scientists. The broad areas which were covered in the symposium were literature reviews, systematic reviews, research methods, managing data and other such related topics.

It began with a formal inauguration with a cordial welcome address by Prof. Dr. V. Rajendran, principal, Dr. N.G.P. Arts and Science College, Coimbatore. The chief guests for the occasion were Dr. Basavaraj Madhusudhan, Professor, Former Chairman & Dean, Davangare University. The guests of honour were Mr.G.Sriram Prasad, Chief Executive officer, Keeraikadai Ventures Pvt.Ltd, Coimbatore. The above two members delivered lectures as the keynote speakers. Dr. S.S. Sudha, the DBT STAR College Scheme Co-ordinator proposed the vote of thanks which marked the end of the inaugural session and the beginning of the symposium.

Following this, in the afternoon, the session was purely technical where the young researchers who were all under graduate students presented their findings with lot of enthusiasm and confidence awaiting exciting rewards. More than 50 students from different disciplines like Microbiology, Zoology, Physics, Chemistry, Mathematics, Biochemistry, Biotechnology and Computer science participated in the symposium. The peer group of students posed interesting questions which each of the participant took it up as a challenge and did their best to answer the questions as a dynamic defense session.

There were model presentation by the students of participating departments. Students prepared working models, chart and displayed in conference centre. They enthusiastically took part in presentation.

The second day began with a lecture session by the key note speaker Dr.Duraiaraj Gnanprakasam, Director - Technical & BD, Cell Creep Biotech, Bangalore continued with enriched sessions of deliberations by the students. Some colleges which participated in the symposium are Justice

Basheer Ahmed Sayeed College for Women, Chennai, Muthayammal College of Arts and Science, Namakkal, St.Teresa's College, Ernakulam, PSGR Krishnammal College for Women, PSG College of Arts and Science are some of the few colleges. Students presented their findings in front of the judges and the jury decided to award three awards as first, second and third prizes to the internal students from Dr .N.G.P Arts and Science college and yet another three prizes to the students who participated from outside colleges. The prizes were distributed in the category of basic sciences, bio sciences and applied sciences, Life Science, model which was bagged by both outside participants and internal participants.

The event came to a close on the second day afternoon with a formal valedictory function. The welcome address was given by Dr.P.Chidambara Rajan, Professor & Head, Biotechnology department, Dr. N.G.P. Arts and Science College, Coimbatore. The guest for the valedictory address was Dr. Durairaj Gnanaprakasam, Director- Technical & BD, Cell Creep Biotech, Bangalore who delivered the valedictory address. Interesting feedback was received from the students who appreciated for creating an avenue for express their innovations. Formal vote of thanks by Dr. D.Sridevi, Head, Dept of Food Science and Nutrition drew the curtains down for the event which marked a grand success of one of its kind.

Dr.Durairaj Gnanaprakasam, Director- Technical & BD, Cell Creep Biotech also delivered a sparkling note to encourage and motive the students on the Challenges of Entrepreneurship.

- Silver: ₹. 5,000/-
5 Students + 1 Faculty Member
- Gold: ₹. 10,000/-
10 Students + 2 Faculty Members

Registration

- Fee ₹. 500/-
- Includes kit, refreshments and lunch

Accommodation

- The necessary accommodation will be arranged based on the request either in students hostel or at hotels against payment

SPONSORED COLLEGES

National Symposium on Graduate and Research-20 (NSGR-20) Dr.Basavaraj Madhusudhan, Professor, Former Chairman and Dean, Davangere University, Karnataka, Mr.G.Sriram Prasad, CEO & Founder of Keeraikadai Ventures Pvt. Ltd, Dr.Duraiaraj Gnanaprakasam, Director – Technical & BD, Cell Creep Biotech, Bangalore were delivered their sessions. The Diamond sponsor of Justice Basheer Ahmed Sayeed College for Women and Golden sponsor of Muthayammal College of Arts and Science and Silver Sponsor of St.Teresa's College and PSGR Krishnammal College for women faculty members and students around 1000 were participated.

Students from different colleges and Host College were presented their papers and projects, models and we have selected the best papers and projects also they have been individually awarded based on their research work under the category chemical science, Physical science, Mathematical science, Applied science, Life science, Computer science and IT.

Swetha.G Department of Biochemistry from Muthayammal College of Arts and Science presented “Biogeneic Synthesis of Silver Nanoparticles and their In-Vitro Antioxidant and Antidiabetic Activity from Leaf Extract of Justicia Tranquebariensis”

Rubasri.S.B Department of Biotechnology from Muthayammal College of Arts and Science presented “Isolation of Biosurfactant Producing Actinomycetes from Soil Sample and Analysis of their Antibacterial Activity”

Divyabharathi Department of Biotechnology from Muthayammal College of Arts and Science presented “Phytochemical analysis of Gloriosasuperba leaf extract against diabetic and anti-cancer activity of HT-29 colon cancer cell line”

R.J.Dharsan Department of Computer Science from Muthayammal College of Arts and Science presented “Programming in C”

Mr.R.Vasanth Department of Chemistry from Muthayammal College of Arts and Science presented “Synthesis and application of metal ferrites for ground water and sago water treatment in and around Namakkal district”

Niruban.R Department of Computer Science from Muthayammal College of Arts and Science presented “Industry 4.0”

Jeyaprakash.S.R. Department of Microbiology from Muthayammal College of Arts and Science presented “Phytochemical analysis and Antibacterial activity of Leucas aspera against Methicillin resistant Staphylococcus aureus”

Dr. N.G.P. ARTS AND SCIENCE COLLEGE

(An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore)
Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle)
Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India
Web: www.drngpasc.ac.in | Email: info@drngpasc.ac.in | Phone: +91-422-2369100

NAAC
3rd Cycle

Criterion III
Metric 3.3.2

Momina anzum A. Department of Microbiology from Dr.N.G.P.ASC presented “Palindromic sequence-targeted (PST) PCR: a rapid and efficient method for high-throughput gene characterization and genome walking”

Sashtika A.C. Department of Microbiology from Dr.N.G.P. ASC presented “History, Structure, Pathogenesis and Epidemiology of Novel Corona Virus”

M.Sc. Food Science and Nutrition department students from Dr.N.G.P.ASC presented the model of “sugar manufacturing process”.

Padmapriya A and Srinidhi.A Department of Biotechnology from Dr.N.G.P. ASC presented “Fluorescence Microscope”

Sneha.K and Priyanka.J Department of Microbiology from Dr.N.G.P. ASC presented “Southern Blotting”

Blessie Selsia.D & Prithi.J Department of Biotechnology from Dr.N.G.P. ASC presented the model chart about “Liquid Scintillation Counting”

Third year Microbiology department student Kiruthika.B from Dr.N.G.P.ASC presented the model “Detection of Human Infections Pathogens with an Antibody Coated Stride”.

Second year B.Sc. Biotechnology student S.Sneha and V.Harini presented the model “Enzyme linked Immuno Sorbent Assay”

Third year B.Sc. Microbiology students presented the model “t - RNA”

PRIZE WINNERS LIST

PAPER PRESENTATION – LIFE SCIENCE

G.Brahammanayagi, department of Biochemistry From Justice Basheer Ahmed Sayeed College for Women, Won First Prize for the presentation about Squalanine.

V.C.Vinaya, department of Home Science From St.,Teresa College, Won Second Prize for the Presentation about Lifestyle and Dietary Assessment among IT Professionals.

S.R.Jayaprakash & S.Sankar , department of Microbiology, From Muthayammal College of Arts and Science, Won Third Prize for the Presentation about Phytochemical analysis and antibacterial activity of *Lucas aspera* against methicillin resistant *staphylococcus aerues*.

	<p align="center">Dr. N.G.P. PAPER PRESENTATION – CHEMICAL SCIENCE

P.Saratha & S.Shanmuga priya, department of Chemistry From PSGR Krishnammal College for Women, Won First Prize for the presentation about A Facile approach on Carbon dots.

Aneeta Tytus & Sreelakshmi Dileep, department of Chemistry From St. Teresa's College, Won Second Prize for the presentation about Micro Analysis: A Step towards Green Chemistry.

V.Charuprabha, M.Karthika & Zaleekha Maryam.K.A, department of Chemistry From Justice Basheer Ahmed Sayeed College for Women, Won Third Prize for the presentation about Rape Alarm.

PAPER PRESENTATION – BASIC AND APPLIED SCIENCE

Tania Mary Nian & Alicia Mariam, department of Physics from St. Teresa's College, Won First Prize for the presentation about Rape Alarm.

M.Renukadevi, department of Mathematics From PSGR Krishnammal College for Women, Won Second Prize for the presentation about Regression and Correlation.

P.M.Kowsika & V.S.Shwetha, department of Mathematics, from PSG College of Arts and Science, Won Second prize for the presentation about Prime the Crime.

T.Vishnuvardhini & R.Yoga Indra Eniya, department of Physics, from PSGR Krishnammal College of Arts and Science won Third Prize for the presentation about Arduino Based Heart Beat Sensor.

PAPER PRESENTATION – BIOLOGICAL SCIENCE

Harsita.M & Monica Sri. K department of Zoology from PSGR Krishnammal College for Women, Won First Prize for the presentation about Birds and Butterflies as BIONICATORS.

Mubashira Afnan Khan, Ashika A & Jayaraji.V, PG Research department of Zoology from Justice Bhaseer Ahmed Sayeed College for Women, Won second prize for the presentation about Stem cell in Endometrium.

R.Bhuvaneshwari, department of Botany from PSGR Krishnammal College for Women Won third prize for the presentation about Nutritional Evaluation of Cheysophyllum oliviforme L an under utilized exotic fruit.

**BIOGENEIC SYNTHESIS OF SILVER NANOPARTICLES AND THEIR *IN-VITRO*
ANTIOXIDANT AND ANTIDIABETIC ACTIVITY FROM LEAF EXTRACT OF
JUSTICIA TRANQUEBARIENSIS
SWETHA. G* , MADHUMITHA .B**

ABSTRACT

Nanotechnology is one of the most active researches nowadays. Eco friendly methods of green mediated synthesis of nanoparticles are the present research in the limb of nanotechnology. *Justicia tranquebariensis* linn belongs to family acanthaceae; it is one of the important herbal being used in ayurvedic system of medicine. Mostly the leaves are used for the medical purpose. The present study reports the use of *Justicia tranquebariensis* leaf extract for the synthesis of silver nanoparticles (AgNPs). The synthesized AgNPs were initially noticed through visual color change from yellow to reddish brown and further confirmed by surface plasmonic resonance (SPR) band at 450 nm using UV–visible spectroscopy. In addition, the synthesized AgNPs were tested for antioxidant and antidiabetic activities. The leaf extract shows higher antioxidant activity found by DPPH assay and Hydrogen Peroxide assay. Our plant extract exhibit does dependent increase in % inhibitory activity of α -glucosidase enzymes & and α -amylase. It could be concluded that *Justicia tranquebariensis* leaf extract can be used efficiently in the production of potential antioxidant and antidiabetic activity for commercial application.

Keywords: *Justicia tranquebariensis*, Spectroscopy, Acanthaceae, α -glucosidase, α -amylase

ISOLATION OF BIOSURFACTANT PRODUCING ACTINOMYCETES FROM SOIL SAMPLE AND ANALYSIS OF THEIR ANTIBACTERIAL ACTIVITY

RUBASRI S B* AND KAVITHA D

ABSTRACT

Biosurfactants are produced by microorganisms for producing important biotechnology products, owing to their modes of action, low toxicity, relative ease of preparation, and widespread applicability as an industrial, medicinal and in food industries. The present study was carried out to isolate the biosurfactant producing Actinomycetes from soil samples. Three actinomycetes isolates were isolated to identify biosurfactant producers. Of these three, only one isolates showed a positive result for blue agar plate methods. Microscopic examination results that indicates the isolate was aerobic Gram positive rods with extensive branching were observed confirming growth of *Streptomyces* sp. Actinomycetes have complex enzymatic mechanism that aids hydrocarbon mineralization and thus increases the potential for biosurfactant production. Biosurfactant production from the isolate was further evaluated by surface-tension measurement (Drop-count) method and emulsification index. **The cell-free culture broth of the isolate had emulsification activity and decreased surface tension.** This result was further confirmed by orcinol assay, taking L-rhamnose as standard. This indicated that the isolated biosurfactant was Rhamnolipid in nature. **The cell-free culture broth of the *Streptomyces* sp. was further extracted with chloroform: methanol (2:1) for extract the biosurfactant. The biosurfactant was characterized using FTIR analysis. The exactated biosurfactant was Rhamnolipid biosurfactant type.** This surfactant has permeabilizing effects on Gram-positive and Gram-negative bacterial strains (*E.coli*, *Bacillus cereus*, *Klebsiella* sp. and *Pseudomonas aeruginosa*) reinforcing their potentiality in antibacterial activity.

Keywords: Biosurfactants, Actinomycetes, *Streptomyces* sp., and Rhamnolipid

PHYTOCHEMICAL ANALYSIS OF *GLORIOSASUPERBA* LEAF EXTRACT AGAINST DIABETIC AND ANTI-CANCER ACTIVITY OF HT-29 COLON CANCER CELL LINE

DIVYABHARATHI*. E, SUBANA.S and RAJASEKARAN.D

ABSTRACT

Cancer, a multifactorial disorder, arises due to defect in genetic makeup and exposure to environmental condition. Cancer is a common and crucial clinical problem nowadays. Among all the types of cancers, breast and colon cancers are the most prominent, dangerous, and life threatening cancers. Since, it is difficult to detect and in some cases, ignorance of the early signs of these malignancies. *Gloriosasuperba* is the potent medicinal plant mostly found in kolli hills. Phytochemical analysis of *Gloriosasuperba* leaf extract revealed activity against diabetics and Anti-cancer activity of HT-29 colon cancer cell line.

Key words: Antioxidants, Antidiabetic, HT-29 cancer cell line, *Gloriosasuperba*, Colon cancer.

**SYNTHESIS AND APPLICATION OF METAL FERRITES FOR GROUND WATER
AND SAGO WATER TREATMENT IN AND AROUND NAMAKKAL DISTRICT**

DEPARTMENT OF CHEMISTRY

Mr. R. Vasanth* and Mr. M. Monish* (III – B. Sc., Chemistry) &

Dr. N. Sudha (Asst. Prof./Chemistry)

DBT Sponsored project

ABSTRACT

Effluent generated by the sago industries are highly toxic when it is released into the environment without proper treatment, it alters the characteristics of ecosystem. The main aim of this project is to synthesize different metal ferrite nanoparticles and to use for water treatment on sago effluent and well water in and around Namakkal district area. The synthesized different metal ferrite nanoparticles are characterized by using UV–Visible absorption spectroscopy, FTIR, SEM, EDX, XRD and VSM. The effluent from the sago industry and different well water are collected and treated with different metal ferrite nanoparticles. Odour, pH and colour of the effluent sample are determined on the site from where the samples are collected. The pH, total hardness, BOD and COD value for normal well water and sago water is greater than the normal range. Treatment of metal ferrite with well water and sago water reduced the value of pH, total hardness, BOD and COD and we conclude that the metal ferrite will be applicable for water treatment.

PHYTOCHEMICAL ANALYSIS AND ANTIBACTERIAL ACTIVITY OF *LEUCAS ASPERA* AGAINST METHICILLIN RESISTANT *STAPHYLOCOCCUS AUREUS*

DEPARTMENT OF MICROBIOLOGY

Jeyaprakash S R*, Shankar S., Santhoshkumar *, Tamil Selvan R., Thamodharan G and
 Dr.M.Sankareswaran

* III B.Sc Microbiology and Assistant Professor

The use of antimicrobial drugs day by day increases due to emergence of the new diseases caused by the pathogenic microorganisms and development of microbial resistance towards different antibiotics, the advantages of effective antimicrobial chemotherapy are self-evident, but this has led to a significant problem in ensuring that they are always appropriately used. Surveys of antibiotic use have demonstrated that more than 50% of antibiotic prescribing can be inappropriate; this may reflect prescribing in situations where antibiotics are either ineffective, such as bacterial and viral infections, or that the selected agent, its dose, route of administration or duration of use are inappropriate. Antibiotics act in different manner. For instance an antibacterial agent may prevent the bacterium's ability to turn glucose into energy or its capacity to build its cell wall. Many pathogenic microorganisms have developed the ability to resist which makes them strong and they became Multidrug resistant organisms and this limit various options which could be used and interfere the effective therapy. Bacterial drug resistance has many consequences. These include increased mortality and morbidity among patients and a reduction in the number of useful drugs for future generations of patients. Of additional concern is the economic impact of infections caused by antibiotic resistant bacteria. Methicillin-resistant *Staphylococcus aureus* (MRSA) is an increasing problem in human medicine that may have catastrophic effects. Methicillin-resistant *Staphylococcus aureus* (MRSA) is a global public health problem, associated with considerable morbidity and mortality. Therefore, there is an urgent need to develop new drugs. Recently, there has been considerable interest in the use of plant materials as an alternative method to control pathogenic microorganisms. The discovery of new drug from the bioactive compound of *Leucas aspera* against MRSA will be based on the results of this research work. The present study carried out on the plant samples revealed the presence of medicinally active constituents. The Phytochemical analysis of the plants assayed in this study revealed that *Leucas aspera* contained tannins, alkaloids, flavonoids, phenols, steroids and Glycosides. Ethanol leaf crude extracts of *Leucas aspera* showed significant activity of 17mm against MRSA by agar well diffusion method. Highest antimicrobial activity of 19 mm was recorded against MRSA. Methanol crude extracts of *Leucas aspera* showed highest antibacterial activity of 19 mm against MRSA.

Key Words: MRSA, *Leucas aspera*, Phytochemical analysis, Antibacterial activity.

FLUORESCENCE MICROSCOPE.

ABSTRACT:

A FLUORESCENCE MICROSCOPE is an optical microscope that uses fluorescence and phosphorescence instead of, or in addition, scattering, reflection and attenuation or absorption to study the properties of organic or inorganic substance. "Fluorescence microscope" refers to any microscope that uses fluorescence to generate an image, whether it is a more simple set up like an epifluorescence microscope or complicate. The specimen is illuminate with light of a specific wavelength which is absorbed by the fluorescence causing them to emit light of longer wavelength. The filters and the dichoric beam splitter are chosen to match the spectral excitation and emission characteristics of the fluorophore used to lable the specimen.

In this manner, the distribution of a single fluorescence is imaged at a time. There are several methods of creating a fluorescent sample. The main techniques are labeling with fluorescent stains, in case of biological sample, expression of a fluorescent protein. In the life science fluorescence microscopy is a powerful tool which allows the specific and sensitive staining of a specimen in order to detect the distribution of proteins. The modern understanding of genetics and the techniques available for modifying DNA allows scientist to genetically modify proteins to also carry a fluorescent protein reporter. In the biological sample samples this allows a scientist to directly make a protein of interest fluorescent the protein location can ne tracked easily.

HISTORY, STRUCTURE, PATHOGENESIS AND EPIDEMIOLOGY OF NOVEL CORONA VIRUS

Department of Microbiology,

ABSTRACT:

Corona viruses cause infections like common cold which are generally self-resolving. During the last 4 years, corona viruses have become the most important viruses worldwide because of the occurrence of several recent deaths. Spread of the infection occurred worldwide; however, most cases of mortality have occurred in the Middle East. Owing to the predominance of outbreaks in the Middle Eastern countries, the virus was renamed a Middle East respiratory syndrome corona virus (MERS-CoV) by the Corona virus Study Group. The Center for Diseases Control and Prevention and World Health Organization maintain a website that is updated frequently with new cases of MERS-CoV infection. This review describes the history, structure, pathogenesis, epidemiology, host defences, diagnosis and control of this novel virus. Studies of the genetics and molecular mechanisms of this virus are expected to facilitate the development of vaccines in the future.

KEYWORDS: Corona virus, respiratory syndrome, glycoprotein, SARS, CoV genome.

INTRODUCTION:

Corona virus was first identified as a cause of the common cold in 1960. In 2001, a study carried out in Canada reported that, more than 500 patients were presented with flu-like symptoms. Virological analyses by polymerase chain reaction (PCR) showed that 3.6% of these cases were positive for the HCoV-NL63 strain. Until 2002, corona virus was considered a relatively simple, nonfatal virus; however, an outbreak in 2002–2003 in Guangdong province in China, which resulted in spread to many other countries like Thailand, Vietnam, Taiwan, Hong Kong, Singapore and USA, caused Severe Acute Respiratory Syndrome (SARS) and high mortality rates in over 1000 patients. After this outbreak, microbiologists and infectious disease experts focused on understanding the pathogenesis of the disease and discovered that this infection was caused by a new form of corona virus. A total of 8096 individuals were infected with this virus, resulting in 774 deaths. Another outbreak in Saudi Arabia in 2012 resulted in many deaths and spread worldwide, resulting in renewed interest in studies of this new form of coronavirus.

STRUCTURE OF CORONA VIRUS:

Criterion III
Metric 3.3.2

Coronavirus virions are spherical to pleomorphic enveloped particles. The envelope is studded with projecting glycoproteins, and surrounds a core consisting of matrix protein enclosed within which is a single strand of positive-sense RNA ($M_r 6 \times 10^6$) associated with nucleoprotein. The envelope glycoproteins are responsible for attachment to the host cell and also carry the main antigenic epitopes, particularly the epitopes recognized by neutralizing antibodies. OC43 also possesses a haemagglutinin.

CLASSIFICATION:

The coronaviruses were originally grouped into the family *Coronaviridae* on the basis of the crown or halo-like appearance given by the glycoprotein-studded envelope on electron microscopy. This classification has since been confirmed by unique features of the chemistry and replication of these viruses.

ANTIGENIC TYPES:

There are subtypes of corona virus- alpha corona virus, beta corona virus, gamma corona virus and delta corona virus. Most human coronaviruses fall into one of two groups: 229E-like or OC43-like. These differ in both antigenic determinants and culturing requirements: 229E-like coronaviruses can usually be isolated in human embryonic fibroblast cultures; OC43-like viruses can be isolated or adapted to growth in suckling mouse brain. There is little antigenic cross-reaction between these two types.

MODE OF TRANSMISSION AND REPLICATION:

Corona viruses are transmitted through airborne zoonotic droplets. It is transmitted mainly through camels, as per different studies. Aminopeptidase-N and a sialic acid-containing receptor have been identified in corona viruses to act in such a role for 229E and OC43 respectively. After the virus enters the host cell and uncoats, the genome is transcribed and then translated. A unique feature of replication is that all the mRNAs form a “nested set” with common 3' ends; only the unique portions of the 5' ends are translated. There are 7 mRNAs produced. The shortest mRNA codes for the nucleoprotein, and the others each direct the synthesis of a further segment of the genome. The proteins are assembled at the cell membrane and genomic RNA is incorporated as the mature particle forms by budding from internal cell membranes. In addition to humans, corona viruses are also found in bats, whales, pigs, birds, cats, dogs, and mice.

CLINICAL PRESENTATION AND INVESTIGATIONAL METHODS:

The median incubation period for MERS-CoV is 5–12 days and adults are mostly affected. However, several pediatric cases have been reported. The clinical presentation of MERS-CoV ranges from flu-like symptoms, i.e., fever and cough in 87% of patients; chills, rigor, rhinorrhea, myalgia, and fatigue to more severe symptoms, including shortness of breath in

	<p align="center">Dr. N.G.P. ---	--	---

48% of patients and respiratory failure, resulting in the requirement for intubation and ventilation.

Gastrointestinal symptoms including nausea, vomiting, diarrhoea, and abdominal pain, have also been reported in about 35% of cases and acute renal failure necessitating haemodialysis has been seen.

On physical examination, patients generally present with fever and pulmonary findings, such as rhonchi and crepitation. Laboratory investigation may reveal lymphopenia, thrombocytopenia, Disseminated Intravascular Coagulation (DIC) and multi-organ failure, which results in death. The CDC recommends collecting multiple specimens at different times from different sites. For example, samples should be collected from oropharyngeal and nasopharyngeal swabs, sputum, blood, stool and rectal swabs, as well as the lower respiratory tract, which is most frequently positive for the virus. Typically, samples will be processed by real-time reverse transcription (rRT)-PCR to analyze the following sequences: upstream of the E protein gene (upE), open reading frame 1b (ORF 1b), and open reading frame 1a (ORF 1a), which is the most sensitive sequence for identification of the specific virus. RNA dependent RNA polymerase (RdRp) and N genes are also target sites in the MERS-CoV genome. To confirm the diagnosis, one of the following criteria must be present: (1) a positive PCR result for at least two different specific targets in the MERS-CoV genome (2) one positive PCR result for a specific target on the MERS-CoV genome and an additional different PCR product confirming a known sequence of MERS-CoV.

PATHOGENESIS:

Studies in both organ cultures and human volunteers show that coronaviruses are extremely fastidious and grow only in differentiated respiratory epithelial cells. Infected cells become vacuolated, show damaged cilia, and may form syncytia. Cell damage triggers the production of inflammatory mediators, which increase nasal secretion and cause local inflammation and swelling. These responses in turn stimulate sneezing, obstruct the airway, and raise the temperature of the mucosa.

HOST DEFENCES:

Although mucociliary activity is designed to clear the airways of particulate material, coronaviruses can successfully infect the superficial cells of the ciliated epithelium. Only about one-third to one-half of infected individuals develop symptoms, however. Interferon can protect against infection, but its importance is not known. Because coronavirus infections are common, many individuals have specific antibodies in their nasal secretions, and these antibodies can protect against infection. Most of these antibodies are directed against the surface projections and neutralize the infectivity of the virus. Cell-mediated immunity and allergy have been little studied, but may play a role.

EPIDEMIOLOGY:

The epidemiology of coronavirus colds has been little studied. Waves of infection pass through communities during the winter months, and often cause small outbreaks in families, schools, etc. Immunity does not persist, and subjects may be re-infected, sometimes within a year. The pattern thus differs from that of rhinovirus infections, which peak in the fall and spring and generally elicit long-lasting immunity. About one in five colds is due to coronaviruses.

The rate of transmission of coronavirus infections has not been studied in detail. The virus is usually transmitted via inhalation of contaminated droplets, but it may also be transmitted by the hands to the mucosa of the nose or eyes.

DIAGNOSIS AND CONTROL:

There is no reliable clinical method to distinguish coronavirus colds from colds caused by rhinoviruses or less common agents. For research purposes, virus can be cultured from nasal swabs or washings by inoculating organ cultures of human fetal or nasal tracheal epithelium. The virus in these cultures is detected by electron microscopy or other methods. The most useful method for laboratory diagnosis is to collect paired sera (from the acute and convalescent phases of the disease) and to test by ELISA for a rise in antibodies against OC43 and 229E. Complement fixation tests are insensitive; other tests are inconvenient and can be used only for one serotype. Direct hybridization and polymerase chain reaction tests for viral nucleic acid have been developed and, particularly with the latter, are the most sensitive assays currently available for detecting virus.

Although antiviral therapy has been attempted, the treatment of coronavirus colds remains symptomatic. The likelihood of transmission can be reduced by practising hygienic measures. Vaccines are not currently available.

CONCLUSION:

MERS-CoV is a lethal zoonotic virus that originated in the Middle East. The main source of transmission, as has been shown in several studies, is through camels. Therapies are still under development and include ribavirin a, interferon alpha, and mycophenolic acid. Further studies are underway to develop an effective vaccine for MERS-CoV aiming to reduce the incidence and mortality rate of infection with this virus.

MINI DEGRADATION PLANT

Kalaivani P , Janani Rajam S , Nivethitha M, Nivedha P, Kiruthika R

Department of Microbiology.

ABSTRACT:

Now a days the world faces major thread due to pollution. Even in our living area we are exploiting the nature with dump of waste. The growing pile of waste at vellalore kurichi dump yard is a nuisance to residents in the area. A recent survey by " the energy and resources institute" found that most residents felt that improper waste disposal severely impacted their health and routine life. The smell and the growing mosquito in sub-urban locality continue to affect people within a 500m radius with much harmful diseases and infections.

Our idea is to minimize the waste by degradation and reuse it as compost with natural nutrients with help of microorganisms. We are proposing a "mini degradation plant" with cost effective and naturally with pure strains of indigenous organisms like *pseudomonas*, *P.putida*, *acinetobacter*, *bacillus subtilis*, *aspergillus.sp*, *trichoderma.sp* without addition of any physical or chemical agent, by the conventional method. The expected result is to minimize the time of degradation of solid waste with beneficial by products and to enhance soil fertility.

MITOSIS

MODEL PRESENTATION

BY,

J.G.SACHITHA & J.KANUSHIKA SHREE
I Bsc, Microbiology

ABSTRACT:

Cell division is the driving process of reproduction at the cellular level. Most eukaryotic cells divide in a manner where the number of chromosomes remains the same, except in the case of germ cells where the number of chromosomes is halved.

Stages of Mitosis

Right before prophase, the cell spends most of its life in the interphase, where preparations are made before the beginning of mitosis. However, since the actual process involves the division of the nucleus, prophase is technically the first stage of this process. The different stages of mitosis occurring during [cell division](#) are given as follows-

Interphase: Before entering mitosis, a cell spends a period of its growth under interphase. It undergoes the following phases when in interphase:

- **G1 Phase:** This is the period before the synthesis of DNA.
- **S Phase:** This is the phase during which DNA synthesis takes place.
- **G2 Phase:** This is the phase between the end of DNA synthesis and the beginning of prophase.

Prophase: Prophase immediately follows S and G2 phase of the cycle and is marked by condensation of the genetic material to form compact mitotic chromosomes composed of two chromatids attached at the centromere. The nuclear envelope starts disintegrating.

Metaphase: At this stage, the microtubules start pulling the chromosomes with equal force, and the chromosome ends up in the middle of the cell. This region is known as the metaphase plate. Thus, each cell gets an entire functioning genome

.Anaphase:The splitting of the sister chromatids marks the onset of anaphase. These sister chromatids become the chromosome of the daughter nuclei. The chromosomes are then pulled towards the pole by the fibres attached to the kinetochores of each chromosome.

Telophase:The chromosomes that cluster at the two poles start coalescing into an undifferentiated mass, as the nuclear envelope starts forming around it. The nucleolus, Golgi bodies and ER complex, which had disappeared after prophase start to reappear.

LIQUID SCINTILLATION COUNTING

DEPARTMENT OF BIOTECHNOLOGY

BLESSIE SELSIA.D, PRITHI.J
II BSC BIOTECHNOLOGY

ABSTRACT:

LSC Concepts - Fundamentals of Liquid Scintillation Counting Liquid Scintillation Counting...Making Light of the Situation. The chemical properties of an element are determined by its atomic number - the number of protons in the nucleus (and electrons within neutral atoms of that element). Uncharged neutrons, within the nucleus along with protons, do not contribute to the atomic number, but will alter the atomic mass. This makes possible the existence of isotopes, which are atoms of the same element with different atomic weight. Most isotopes are stable, and do not undergo any spontaneous nuclear changes. A subset of isotopes possess too few or too many neutrons to be stable. These are radioactive. Radioactive atoms spontaneously rearrange their nuclei, emitting energy or particles in the process. Radioactive isotopes of common elements are extremely useful in life science disciplines, among others, because radioactive atoms can be substituted for their nonradioactive counterparts in chemical formulations. The resulting radioactive compound is easily detectable but still chemically identical to the original material. Two detection methods predominate for assaying such incorporated radioactivity. In autoradiography, labeled material is allowed to expose a photographic emulsion. Development of the emulsion reveals the distribution of labeled material. In the second detection method, the amount of radioactivity in labeled samples is directly measured, either by a Geiger counter or by a scintillation counter. In scintillation counting, the sample is mixed with a material that will fluoresce upon interaction with a particle emitted by radioactive decay.

ENZYME LINKED IMMUNO SORBENT ASSAY

DEPARTMENT OF BIOTECHNOLOGY

Sneha. S; Harini. V

II BSC BIOTECHNOLOGY

ABSTRACT:

An enzyme linked immuno sorbent assay also called ELISA is a test that detects and measures antibodies in your blood. This test can be used to determine antibodies related to certain infectious conditions. ELISA finds use in the fields of biotechnology and medicine as a diagnostic tool. The main risks of ELISA TEST are mainly done for patients who are suffering from faint feeling, infection, bruising and bleeding more than usual. A general ELISA is usually undertaken in a 96 well microtitre plate under suitable laboratory conditions.

The main principle of ELISA is that they combine the specificity of the antibodies with the sensitivity of the sample enzyme assays, by using antibodies or antigens coupled to an easily assayed enzyme. ELISA can provide a useful measurement of antigen or antibody concentration. There are 2 main variations on this method. The ELISA can be used to detect the presence of antigens that are recognized by an antibody or it can be used to test for antibodies that recognize an antigen. There are mainly four types of ELISA namely direct, indirect, sandwich and competitive ELISA. The main advantage of ELISA is that reagents are relatively cheap and are having a long shelf life. ELISA is highly specific and sensitive. There are no such radiation hazards that occur like other tests. It is easy to perform and has a quick procedure. ELISA can be used for a variety of infections. The main disadvantage of ELISA is that the measurement of enzyme activity is more complex than measurement of activity of some type of radioisotopes. Enzyme activity can be affected by plasma constituents. The kits are commercially available but not cheap. It is very specific to a particular antigen but won't recognize any other antigen. False positives / negatives possible especially with mutated / altered antigen.

PALINDROMIC SEQUENCE-TARGETED (PST) PCR: A RAPID AND EFFICIENT METHOD FOR HIGH-THROUGHPUT GENE CHARACTERIZATION AND GENOME WALKING

DEPARTMENT OF MICROBIOLOGY

Momina anzum A*, Priyadharshini A.D and Sasikala C

***Corresponding author**

Momina anzum A

EMAIL ID: mominaanzum@gmail.com

ABSTRACT

Genome walking (GW) refers to the capture and sequencing of unknown regions in a long DNA molecule that are adjacent to a region with a known sequence. A novel PCR-based method, palindromic sequence-targeted PCR (PST-PCR), was developed. PST-PCR is based on a distinctive design of walking primers and special thermal cycling conditions. The walking primers (PST primers) match palindromic sequences (PST sites) that are randomly distributed in natural DNA. The PST primers have palindromic sequences at their 3'-ends. Upstream of the palindromes there is a degenerate sequence (8–12 nucleotides long); defined adapters are present at the 5'-termini. The thermal cycling profile has a linear amplification phase and an exponential amplification phase differing in annealing temperature. Changing the annealing temperature to switch the amplification phases at a defined cycle controls the balance between sensitivity and specificity. In contrast to traditional genome walking methods, PST-PCR is rapid (two to three hours to produce GW fragments) as it uses only one or two PCR rounds. Using PST-PCR, previously unknown regions (the promoter and intron 1) of the *VRN1* gene of Timothy-grass (*Phleum pratense* L.) were captured for sequencing. By experience, PST-PCR had higher throughput and greater convenience in comparison to other GW methods.

KEY WORDS : DNA, PCR, PST, PALINDROME, AMPLIFICATION, SEQUENCE.

INTRODUCTION

Genome walking (GW) refers to a collection of methods that capture unknown (unsequenced) genomic regions that are contiguous with and adjacent to a known DNA sequence. Before the advent of next-generation sequencing (NGS), capturing of unknown DNA was based on GW or

screening of genomic libraries. The initial GW technology also utilized libraries and screening (e.g. use of a sequenced fragment as a probe for hybridization). PCR-based methods are currently predominant among GW techniques because they are rapid and their use avoids construction of large libraries. The first applications of PCR as an alternative to hybridization were reported in the late 1980s. PCR-based GW can be employed when it is possible to select at least one sequence-specific primer (SSP) that anneals to the DNA of interest. A paired companion to the SSP is a walking primer that is intended to solve the problem of annealing (with the greatest achievable specificity) to an unknown target. In principle, all significant improvements to PCR-based GW technologies have been aimed at controlling the balance between sensitivity (i.e. the ability to generate a GW product) and specificity (avoiding generation of unwanted products).

The best walking primer for a particular application reflects a good guess, or a working hypothesis about the unknown target DNA. Often, minimal *a priori* knowledge about the target, e.g. a protein alignment for a similar target, requires the use of degenerate oligonucleotides as walking primers. In turn, applying the degenerate oligonucleotides in PCR with complex templates (genomic DNA) is often accompanied by nonspecific amplification; this is a driving force behind the development of new methods, such as PST-PCR as described here. A review and the systematics of PCR-based GW methods have been presented. Various PCR-based GW approaches have been used to capture DNA fragments from representatives of all kingdoms of life. More recently, GW-like techniques have proven valuable for studies in which DNA capture itself is not the ultimate goal.

Current PCR-based GW methods are more elaborate than the protocols initially used, and some patented techniques are available for researchers in the form of commercial GW kits. Two widely published commercial technologies are the GenomeWalker Kits (Clontech & Takara) and the APAGene GW kit (Bio S&T). With regard to these systems, a comparison of the modern methods for capturing unknown DNA illustrates a diversity of operable approaches. The GenomeWalker Kits are ligation-based, requiring ligation of adaptors to blunt-ended fragments of target DNA; the approach is called “suppression PCR” because the generation of side products is suppressed during PCR.

Criterion III
Metric 3.3.2

In general, relying on walking primers that have degenerate sequences is common to the majority of GW methods. The use of degenerate primers has the drawback of nonspecific annealing and amplification, which may necessitate a tedious search for the best PCR conditions. One frequent obstacle is that annealing temperatures for the Asps and degenerate primers are very different; the Asps are selected to anneal with high specificity and have high melting temperatures (T_m), whereas degenerate primers require a low T_m . To achieve efficient amplification from two primers having a different T_m , an elaborate thermal cycling profile has to be used. Such a profile consists of thermal cycles with different annealing temperatures that follow each other or alternate in a defined fashion.

Solving a similar task (pairing primers of different T_m) resulted in development of the thermal asymmetric interlaced PCR (TAIL-PAR) method. TAIL-PAR is a GW method that utilizes three consecutive PCR rounds with nested Asps together with a shorter arbitrary degenerate primer. Each round is performed with one SSP (three different high- T_m primers are used in the whole process) and the same short arbitrary degenerate primer with a low T_m . The three rounds differ in thermal cycling profiles. The thermal cycling profile used in the first-round PCR is the most elaborate and represents combinations of high-stringency cycles (annealing temperature $63 \pm 1^\circ\text{C}$), reduced-stringency cycles (annealing temperature $44 \pm 1^\circ\text{C}$), and low-stringency cycles (annealing temperature $30 \pm 1^\circ\text{C}$). For example, the first round may include five high-stringency cycles, followed by one low-stringency cycle, followed by ten reduced-stringency cycles and finishing with twelve “super cycles” (each consisting of two high-stringency cycles and one low-stringency cycle). The product of the first round is diluted 1/1000 and used as a template in the second-round PCR. The second round includes ten super cycles. Again, the diluted product of the second round is re-amplified in the third round, which resembles a common PCR. Although such elaborate amplification schemes provide the opportunity to optimize experimental conditions, optimization is time consuming and does not guarantee success.

Difficulties associated with the use of degenerate primers in PCR motivated attempts to limit primer degeneracy and to devise walking primers that anneal to genomic DNA not randomly but arbitrarily, at unknown but defined sites. This idea is expressed in its most consistent form in the partially overlapping primer (POP) PCR and stepwise partially overlapping primer (SWPOP) PCR methods. In the POP and SWPOP methods, walking primers have completely defined

NAAC
3rd Cycle

Criterion III
Metric 3.3.2

sequences with no degenerate or modified positions. To allow annealing of the walking primers, just one cycle in a thermal cycling profile has extremely low (25 °C) annealing temperature. Sets of walking primers with different sequences were devised for empirical trials for both methods. Both methods require using three nested Asps. To suppress amplification of by-products that are flanked with walking primers, a three-round PCR is used with different Asps and walking primers. Sequences of the walking primers and temperature profiles are devised so that annealing of a walking primer to template DNA occurs only once during each round. It was reported that a specific product competences RAPD-like products in the POP and SWPOP processes.

Each GW method has advantages and limitations. For example, despite recently published improvements, TAIL-PAR tends to generate significant amounts of side products. On the other hand, ligation-dependent methods are extremely sensitive to template quality. Manufacturers of ligation-dependent GW kits inform users that the starting DNA must be of much higher quality than generally considered necessary for conventional PCR; they also provide ready-to-use libraries for several species. Ligation-dependent GW methods have slow throughput and are not preferable for population studies or those having available only limited or degraded DNA.

Here we report a novel method that we named palindromic sequence-targeted PCR (PST-PCR). PST-PCR is rapid (requiring only one or two PCR rounds) and demonstrates an excellent combination of sensitivity and specificity. Like the above-described POP and SWPOP methods, the PST-PCR method uses walking primers that anneal to a template not randomly but arbitrarily, although this feature was achieved in a different fashion. In our hands, PST-PCR method has a higher efficiency, cost-effectiveness, and sensitivity than previously published method.

The central element of PST-PCR technology is a distinctive design of walking primers that enables annealing to short palindromic sequences, or more specifically, to restriction sites (herein referred to as PST sites, not to be confused with restriction enzyme *Pst* I sites). The walking primers, named palindromic sequence-targeted (PST) primers, anneal to the PST sites that have unknown locations in unsequenced DNA. However, the annealing is not random, as the sequence of the PST site itself is defined. Moreover, the annealing of the PST primer occurs even at a high

T_m, which is recommended in the PST-PCR protocol. A PST primer has a palindromic sequence of 6 nt at the 3'-end, followed by a degenerate sequence of sufficient length (i.e. 8–12 nt) to allow binding to an unknown target, and completed with an adaptor region of defined sequence at the 5'-end. The principal feature of the PST-PCR protocol is use of high annealing temperatures throughout the PCR amplifications. The high T_m prevents annealing to sequences other than PST sites and contributes to specific amplification of a GW product. Only two or even a single PCR round of about 30–36 cycles is needed to produce a PST-PCR product. Accordingly, PST-PCR can be performed in two to three hours. The PST primer is used in combination with an SSP in the first-round PCR. The same SSP or a nested SSP is used with a tail primer during the second-round PCR. The short tail primer anneals to the adaptor sequence at the 5'-end of the PST primer. In addition, PST-PCR is not very sensitive to template quality; PST-PCR requires starting DNA of quality.

Results and Discussion

PST-PCR principles, starting protocol, and possibility of customization

The PST-PCR process is schematically depicted in Fig. 1. The cornerstone of the PST-PCR technology is a specific design of primers, the PST primers, which are capable of annealing to uncharacterized sequences. A PST primer has a defined palindromic sequence at the 3'-end, a sufficiently long degenerate sequence to allow certain primer species to anneal by base-pairing to 15–18 nt of contiguous sequence, and an adaptor region at the 5'-end. We call the palindrome together with the degenerate sequence the “core” sequence. The core sequence is used to calculate the primer.

METHODS

Plant material and DNA extraction

Timothy-grass plants were collected from various geographic locations. Leaves for DNA isolation were collected from 28-day-old plants grown in a greenhouse. Genomic DNA was extracted using a CTAB-based protocol and treated with Release A. A detailed protocol for DNA isolation is deposited at protocols.io (DOI: 10.17504/protocols.io.mghe3t6). DNA samples were

diluted in 1X TE buffer (10 mM Trizma pH 7.5, 1 mM EDTA) and DNA quality was verified using a Nanodrop spectrophotometer (Thermo Fisher Scientific) and gel electrophoresis.

In silico genome analysis of PST site frequency

To demonstrate the generality of the PST-PCR method, the frequencies of PST sites were calculated for various commonly studied plant and animal genomes. Complete genomes were extracted from the NCBI database. Frequencies of PST sites (6 nt or 8 nt) were computed using FastPCR software. The number of PST sites per haploid genome and an average distance between the neighboring PST sites were computed and are presented in the Supplementary Material (Supplementary Dataset).

PST primer design

The PST primers were designed to meet the following conditions: a 6-nt palindromic sequence is present at the 3'-end; a 10-nt fully degenerate sequence (dN₁₀) is present upstream (i.e. in the direction of the 5'-terminus) of the palindrome; an adaptor region with a distinctive sequence is present upstream of the degenerate sequence. The invariable adaptor in this study was 19 nt. The calculated T_m and GC content for the PST primers are presented. The T_m were computed for the 16-nt "core" sequences (in this study we define the palindrome together with the degenerate sequence as "core" sequence), as only the core sequences of the PST primers are expected to anneal to template DNA. T_m was calculated using a nearest-neighbor thermodynamic model with the following reaction conditions: 50 mM monovalent cation (K⁺/NH₄⁺), 2 mM Mg²⁺, and 0.5 μM of PST primer. Thermodynamic calculations and modeling of primer secondary structures were performed using FastPCR software. Linguistic complexity (LC), a formal measure of informational content in a nucleotide sequence, was computed for palindromic sequences. As an important practical note, for any particular task we recommend screening PST primers. For example, in an experiment it is advisable to set up multiple PST-PCR amplifications that have the same template and SSP, together with different PST primers.

Sequence-specific primer selection

Sequences of *VERNALIZATION 1 (VRN1)* genes from representative species in the *Poaceae* were downloaded from GenBank (a species list and accession numbers are

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

presented in the Supplementary Materials). Sequences of individual exons of the *VRNI* genes were extracted and used to build multiple alignments using MULTALIN . Regions within the exons that are highly conserved in all available *Poaceae VRNI* genes were used to target the Asps. We designed two site-specific primers, one for the primary PCR reaction (SSP1) and the other one nested, annealing to sequences beyond the 3' end of the primary PCR primer, for the secondary PCR reaction (SSP2). Sets of Asps were designed to target the termini of the selected exons and one conserved region in the promoter region of the *VRNI* gene, which before this study had been determined for some species in the *Poaceae* family but not for *P. pratense*. The computed Asps collectively guaranteed bidirectional GW to capture introns and unknown parts of the promoter. The Asps are listed in Table 3.

The following rules were used for selection of the Asps: each SSP should be 25–35 nt and have a GC content of 40–60%, and calculated $T_m \geq 65^\circ\text{C}$. A good SSP should not be capable of forming self-dimers. Outer and nested primers preferably should not overlap. Generally, both the Asps should be as close to the end of the known sequence as possible. The Asps were designed using FastPCR software with the following calculation parameters: 50 mM monovalent cation (K^+/NH_4^+), no divalent cations, a working primer concentration of 25 μM , and the software's XCR option turned on.

PST-PCR set up and parameters

The PST-PCR was performed as a two-round PCR. In the first round, various combinations of PST primers with the outer Asps were used. Reaction mixtures were prepared of which each particular reaction contained one SSP and one PST primer. All first-round amplifications were performed using the same reaction conditions. Upon completion of the first round, the first-round reaction mixtures were diluted 1/6 with 1X TE buffer and added as templates to the second-round reaction mixtures. Primers in the second-round reactions were the Asps (same as in the first round, or nested) paired with the universal tail primer . The thermal cycling parameters for the two rounds of the PST-PCR process.

EXAMPLE PROTOCOL FOR FIRST-ROUND PCR

The first-round PCR was performed in a 30- μL reaction mixture consisting of 30 ng template DNA, 1X LongAmp *Taq* reaction buffer, and 1 U LongAmp *Taq* DNA polymerize (NEB). The

Criterion III
Metric 3.3.2

reaction contained 2 mM Mg²⁺, 200 μM each dNTP, 0.2 μM SSP, and 0.5 μM PST primer. The first round used the following thermal profile: initial denaturation (95 °C for 2 min), then 18 cycles of linear amplification (95 °C for 15 s, 68 °C for 10 s, 72 °C for 60 s), then 18 cycles of exponential amplification (95 °C for 15 s, 52 or 55 °C for 10 s, 72 °C for 60 s). The final extension step was at 72 °C for 2 min. The reaction mixture was diluted 1/6 in 1X TE buffer in each PCR tube and used as a template in the second-round amplification.

Example protocol for second-round PCR

The reaction mixtures (25 μl) consisted of 1X LongAmp *Taq* reaction buffer, 1 U LongAmp *Taq* DNA polymerase (NEB), 0.2 μM SSP, and 0.2 μM tail primer. A total of 2 μl of the diluted product from the first round was added to the reaction mixtures described above. The thermal cycling profile was 95 °C for 1 min (initial denaturation), then 28–30 two-step cycles (95 °C for 15 sec, 70 °C for 90 sec), and a final extension at 72 °C for 2 min. The PCR products were separated by electrophoresis at 70–90 V for 3 hours in a 1.2% agarose gel (Wide Range, SERVA Electrophoresis GmbH) in 0.5X TBE electrophoresis buffer. Gels were stained with EtBr and scanned using an FLA-5100 imaging system (Fuji Photo Film GmbH) at a resolution of 50 μm. Selected PCR products were cloned for sequencing.

SOUTHERN BLOTTING

Sneha. K, Priyanka. J

Abstract:

Blotting is used in molecular biology for the identification of proteins and nucleic acids and is widely used for diagnostic purposes. It uses hybridization techniques for the identification of the specific nucleic acids and genes. Southern blotting was introduced by Edwin Southern in 1975 as a method to detect specific sequences of DNA in DNA samples. Southern Blotting is a technique for transfer of DNA molecules from an electrophoresis gel to nitrocellulose or nylon membrane and is carried out prior to detection of specific molecules by hybridization probing. The detection of homologous DNA sequences through the method of Southern Blotting has made a tremendous contribution to Molecular Biology and Recombinant DNA Technology. This technique results in immobilization of DNA fragments, so the membrane carries semi-permanent reproduction of the banding pattern of the gel. The amount of DNA needed for this technique is dependent on the size and specific activity of the probe. Short probe tend to be more specific. Thus, following hybridization, the probe permits the DNA fragments of interest to be detected from among the many different DNA fragments on the membrane. Southern Blotting is used in a number of applications. It is mostly used in the identification of viral infection and certain bacterial infections. In rDNA technology, the Southern Blotting technique is used to isolate particular DNA. Due to the precision in DNA identification, this technique is used in phylogenetic studies, paternity and maternity analysis, forensic studies and personal identification.

Department of Physics, Coimbatore Institute of Technology

Title: Scanning Electron Microscopy – An Overview

Number of Participants:

A total of 39 participants from I PG Physics and outside colleges participated in the workshop.

Description of the event:

A two-day National workshop on “Nano Characterizations and Applications of Biosensor” was conducted by Department of Physics in association with DRDO-BU CLS on February 20-21, 2020. Dr. C. Selvakumar, Head, Department of Physics, welcomed the gathering. Dr. S. Balasubramaniam, Dean R & D, shared his views regarding the workshop’s need and honored our Chief Guests. Dr. K. Girija, organizing secretary, gave an overview of the workshop and its schedule. The students of MSc Physics, Dr. N.G.P. Arts and Science College participated also we have three participants from other college. The session chair for different sessions of the workshop were handled by organizing members.

Outcome of the Event:

- Students gained knowledge on various themes of the workshop
- Students got exposure on the Working of XRD and SEM techniques
- Students got to see real time analysis of samples using XRD and SEM

**NATIONAL WORKSHOP ON
NANO CHARACTERIZATIONS AND
APPLICATIONS OF BIOSENSOR (NWNAB - 2020)**

INVITATION

Jointly Organized by
DEPARTMENT OF PHYSICS
and
DRDO - BU CLS, BHARATHIAR UNIVERSITY, COIMBATORE

Date : 20.02.2020
Venue : SEMINAR HALL X, Dr. N.G.P. ASC
Time : 9.00 a.m.

Date : 21.02.2020
Venue : DRDO - BUCLS
Time : 9.00 a.m.

CHIEF GUEST

Electrochemical Biosensors - Impact of
Nanotechnology and Multidisciplinary Approach
Dr. V. Ganesh
Senior Scientist
CECRI - Karaikudi

GUEST OF HONOR

Characterizations of
Functionalized Advanced Materials
Dr. K. Kathirvel
Joint Director
DRDO - BU CLS,
Coimbatore

PRESIDENTIAL ADDRESS

Dr. NALLA G. PALANISWAMI
Chairman
KMCRET

Dr. THAVAMANI D. PALANISWAMI
Secretary
Dr. N. G. P. Arts and Science College

FELICITATION

Dr. O.T. BUVANESWARAN
Chief Executive Officer

NATIONAL WORKSHOP ON NANO CHARACTERIZATIONS AND APPLICATIONS OF BIOSENSOR (NWNCAB - 2020)

Jointly Organized by

DEPARTMENT OF PHYSICS

and

DRDO – BU CLS, Bharathiar University, Coimbatore

February 20 - 21, 2020

ORGANIZING COMMITTEE

Patrons

Dr. Nalla G. Palaniswami, M.D., A.B (USA)
Chairman
Dr. Thavamani D. Palaniswami, M.D. (USA)
Secretary
Dr. O. T. Buvaneshwaram, M.A., M.Phil, M.B.A., Ph.D., CEO

Chairman

Prof. Dr. V. Rajendram, M.Tech., Ph.D., D.Sc., Principal

Steering Committee

Dr. G. Geetharamani	Dean - Acad
Dr. S. Saravanan	Dean - Admin
Dr. S. Balasubramanian	Dean - R & D
Dr. V. Shanmugaraju	Dean - SA

Conveners

Dr. K. Kadirvelu
Joint Director
DRDO - BU CLS, Bharathiar University
Coimbatore
Dr. C. Selvakumar
Head, Department of Physics

Organizing Secretary

Dr. K. Gireja
Assistant Professor, Physics

Organizing Members

All the Faculty Members from Physics Department

PARTICIPANTS	₹ AMOUNT
PG Students / Research	₹ 500
Scholars / Faculty	

Online Payment Details

A/C No: 6652440130
IFSC: IDIB000K173

Registration is Mandatory

The participants are requested to fill in the google form along with the prescribed fee by demand draft in favour of "ngp-has", payable at Coimbatore.

Seminar on “DILUTE MAGNETIC SEMICONDUCTOR”

Description of the event:

The Department of Physics along with Association of Physics “PANORAMA” has conducted a seminar on 08.02.2020. **Dr. Deepannita Chakraborty, Assistant Professor, Department of Physics, Dr. N.G.P Arts and Science College, Coimbatore**, delivered a seminar on the topic “**Dilute Magnetic Semiconductor**”, at room No.B-1401.

Outcome of the Event:

- This seminar about the application of dilute magnetic field in semiconductor.
- Students learnt the basic concepts of magnetism.
- The students gained the basic knowledge about domains and their influence in different kinds of magnetism. Also they got knowledge about M-H curves for different kinds of magnetism.

Workshop on “Data Analytics Using SPSS”

Description of the event:

- Dr. P.Nalini explained the session through PPT. Then gave an Introduction about SPSS.
- Then the core function of SPSS, the benefits of using SPSS for survey Data analysis were been discussed.
- He explained about the different types of data, scaling, steps in data analysis.
- He created a sample Data and listed out the Tools which.

Outcome of the Event:

- Student can able to use Chi – Square, ANNOVA, Correlation and Regression, etc.
- Students got the tools explanation and how to use the SPSS package in the view of their study
- Students were able to gain the skills on the data analytics

Feedback from Beneficiaries/ Students

FEEDBACK FORM

Topic: DATA ANALYSIS USING SPSS
Delivered by: Dr. P. Nalini
Date: 13.02.2020

Please rate the following on the scale of 1-5, with 5 being the highest & 1 being the lowest.

S.No.		1 to 5
1	Topic of the Speaker was relevant to my area of interest/job.	4
2	Speaker was able to explain the topic clearly & used relevant examples.	5
3	Speaker was able to make the lecture interactive & made me feel engaged.	5
4	Speaker was able to positively influence my views towards (mention topic over here)	4
5	In near future, I would like to attend more lectures from the same Speaker.	5

Kindly put forward suggestions/comments(if any)

Nil.

Seminar on “Quantum Applications”

Description of the event:

The Department of Physics along with Association of Physics “PANORAMA” has conducted a seminar on 01.02.2020. **Dr. R.Karunanathan, Assistant Professor, Department of Physics, Dr. N.G.P Arts and Science College, Coimbatore**, delivered a seminar on the topic “QUANTUM APPLICATIONS”, at seminar hall- VIII.

Outcome of the Event:

- This seminar about the application of quantum physics
- Students gained the knowledge about the basic of the position of electron in the microscopic state and how the quantum physics is correlated to current technique and applications.
- This programme was informative and learned something beyond their subject.

Report

Dr. N.G.P. Arts and Science College
An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore
Approved by Government of Tamil Nadu and Re-accredited by NAAC with 'A' Grade
DST – FIST | DBT – Star College Scheme
Dr. N.G.P.-Kalapatti Road, Coimbatore – 641 048, Tamil Nadu, India

Under the DBT STAR College Scheme, the department of Biotechnology organized a one day lecture workshop on scientific writing on February 1, 2020. The resource person for the lecture was Prof. K. Priyadarshini who emphasized on the do's and don't of scientific writing. This is followed by Dr. Radha Palaniswamy and Dr. M.N.Kathiravan who illuminated on scientific writing skills.

The program began with a formal inauguration which comprised of a prayer song followed by welcome address by Research scholar, Ms. V. Harsini. The gathering gained momentum over a cloud of scintillating talk in the form of felicitation by Dean R & D Dr. S. Balasubramanian, Dean Student Affairs, Dr. V. Shanmugaraju and Dr. S.S. Sudha, DBT STAR college co-ordinator. Dr. Chidambara Rajan, Head – Department of Biotechnology presided over the function to motivate the students in writing scientific proposals and projects. The DBT STAR College co-ordinator, Dr. S.S. Sudha also laid emphasis on the importance of language which is the key to expression of any scientific writing. It is not enough to only carry out experiments and bring forth data, but it is equally important to put it in words to reach the scientific community is what she threw light upon.

Student participants from other colleges and universities were present for the occasion. There were even staff members from other colleges who participated along with students. More than 30 students and staff had enrolled their names. At the end of the day, an illuminating energizing feedback was received from the audience who said the lecture workshop concentrated on unique topic and of course very useful for the entire scientific community because it involves the expression of our scientific work.

Description of the Event:

Department of Biotechnology, Dr.N.G.P Arts and Science College, Under DBT Star College has organized a one day lecture workshop on Scientific writing on Feb01, 2020. The aim of the in-house lecture was to make students understand about the scientific writing and how to improve the language and grammar while writing the research articles and proposals. Prof.K.Priyadharshini & Dr.Radha palaniswamy, Assistant professor, Dr.M.N.Kathiravan, Associate Professor in Department of Biotechnology has handled the session. They had explained about the importance of writing their research in the scientific journals.

Outcome of the Event:

1. Students learned about the importance of publishing their research work.
2. Students learned about the procedure to write their research work.
3. Students have learned about the common mistakes and hindrance to write the scientific paper.

“Workshop on Data Analytics using SPSS”

Description of the event:

- On 30.01.2020 the Department of B.Com (BPS) conducted workshop on Data Analytics using SPSS. This course was intended for beginners and those looking for SPSS SKILLS.
- The Resource person Dr. V.P. Nallaswamy briefly explained Structure of SPSS and Analyzing data using SPSS. The students of our department attended the lecture and found it very informative and helpful. Overall the session was highly appreciated and a good learning experience for all.

Outcome of the Event:

- Got to know new information in this training Programme.
- Its relevant and current scenario.
- Gets Analytical Knowledge.

Report on “Data Management and Statistical Analysis Using SPSS”

Description of the event:

The Department of Biochemistry organized a Workshop cum Functional FDP on the topic “Data Management and Statistical Analysis Using SPSS” on 27.01. 2020. The lecture was given by Dr. P. Mariappan, Assistant Professor, Head, PG and Research, Department of Zoology, Rajah Serfoji Government College, Thanjavur who was the honorable chief guest of this practicum. He shared his research experience and knowledge, and how the SPSS eased his work a little, the participants from various departments was very interactive making the session more lively. It was very beneficial for the young research minds on knowing about the SPSS to mine, analyze, and survey data which helps them out with their research. The workshop was well recognized through the registration of various students from various streams.

Outcome of the Event:

- SPSS is an extremely powerful tool for manipulating and deciphering survey data.
- SPSS Exact Tests module enables one to use small samples and still feel confident about the results.
- SPSS forecasting module enables analysts to predict trend and develop forecasts quickly and easily-without being an expert statistician.

Sir,

I am honoured to invite you to be the speaker to conduct the workshop in the area of **Data Management and Statistical Analysis by SPSS** under DBT Star Scheme. We are aware of your great contribution to this field of work and it is unparalleled.

So an one day **workshop on Data Management and Statistical Analysis by SPSS** will be of great benefit for our Research scholars and Faculty in the Department of Biochemistry, Dr.N.G.P Arts and Science College, Coimbatore.

Thank you for taking the time to read our invitation. We look forward to a positive confirmation, an honour for us indeed.

Thanking You

Your's Truly,

DEPARTMENT OF COMMERCE BANKING AND INSURANCE WORKSHOP REPORT 2019-2020

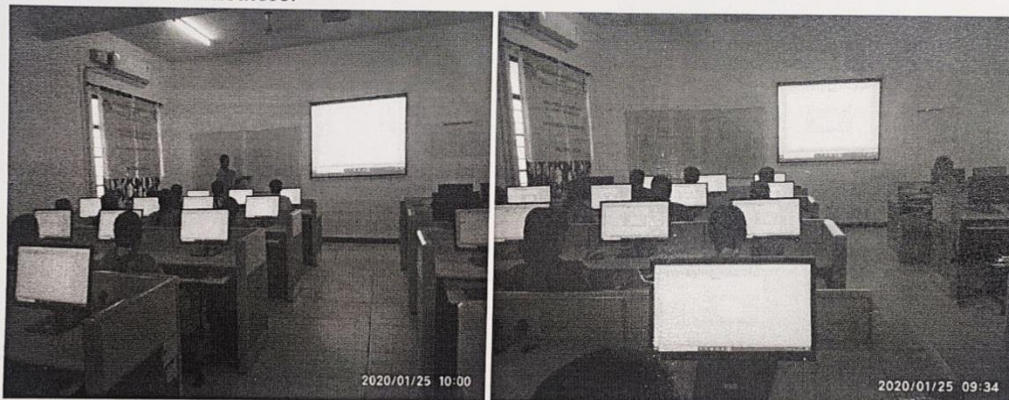

Statistical Package for the Social Sciences (SPSS)

Date : 25.01.2020

Venue: LAB -XVI

Time: 09.00am-11.00pm

Chief Guest: Dr.V.UMA
Head of the Department
Department of Hospital Administration
Dr.N.G.P. Arts and Science College
Coimbatore.

The Workshop on the topic “The Statistical Package for the Social Sciences (SPSS)” Dr.V.Uma gave hands on training to the student through Statistical Package for the Social Sciences- “SPSS”. She explained the procedures and the basic application of this program and she point out how to analyze the data, and solve complex research problems through a user-friendly interface. Statistical procedures that help ensure high accuracy and quality decision-making. Students know how to practically apply the data in uses of SPSS package at the end of the secession she clarified the queries asked by the students. The session was very useful and all were benefited.

Report on “Basic Microbial Culture Techniques in Quality Control Management”

Description about the program:

The Department of Biochemistry conducted Hands on Training program on the topic “Basic Microbial Culture Techniques in Quality Control Management” on 14.12. 2019. The training was given by Mr. Prakasam V, Alumni, Quality Control Executive Care Now Medicals Pvt Ltd; Coimbatore .The program organized to train the students on developing their skills on the microbial culture techniques. The session was very much informative and made lively as the students from various science departments actively participated in the training program as it is an important aspect to be known and learnt.

Outcome of the Event:

- Gained Knowledge in general bacteriology and introduce **microbial techniques** for isolation of **pure cultures** of **bacteria**,.
- The students are expected to have a clear understanding on microscopy, sterilization, disinfection, bacterial cultivation techniques
- Workshop participants also noted the growing realization that an individual microbe is often dependent upon its associations with other microbes.

**Report on “ICSSR-SRC SPONSORED THREE DAY NATIONAL WORKSHOP
ON ADVANCED RESEARCH METHODOLOGY & STATISTICAL DATA ANALYSIS
FOR RESEARCH SCHOLARS”**

Description of the event:

Day 1- 11.12.19

The workshop commenced with the Prayer Song at 10.30. a.m. The dignitaries on the Dias lighted the Kuthuvilakku and it was followed by

WELCOME ADDRESS

Dr. K.Vanaja, Professor and Head, Department of Commerce with Professional Accounting, Dr.N.G.P. Arts and Science College welcomed the gathering.

FELICITATION:

Dr. S. Balasubramanian, Dean-R&D and **Dr.S. Saravanan**, Dean Administration, Dr.N.G.P. Arts and Science College felicitated the gathering.

TECHNICAL SESSION

Felicitations were followed by two technical sessions

SESSION –I

This session entitled Research Design was headed by **Mr.K.Balachandar, B.Sc(Horticulture), Assistant Professor, Department of Management Studies, Sona School of Management, Salem..** He delivered that Research design is defined as a framework of methods and techniques chosen by a researcher to combine various components of research in a reasonably logical manner so that the research problem is efficiently handled. It provides insights about how to conduct research using a particular methodology. Every researcher has a list of research questions which

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

need to be assessed – this can be done with research design.. A research design comprises of four important parts.

- Sampling design- Deals with the method of selecting items to be observed for the given study.
- Observational design - Relates with the conditions under which the observations are to be made.
- Statistical Design – Concerns the question of how many items are to be observed and how the gathered data is to be analysed.
- Operational design – Deals with the techniques by which specified procedures under sampling, statistical and observational designs can be carried out.

After Lunch break the second session started at 2.00 p.m.

SESSION –II

This session entitled Statistical Analysis using SPSS was headed by **Dr. V. Krishnamoorthy, Assistant Professor, Department of Management Studies, Kongu Engineering College, Perundurai, Erode**. He clearly presented the concepts of SPSS and how data can be analysed using SPSS. The “Statistical Package for the Social Sciences” (SPSS) is a package of programs for manipulating, analyzing, and presenting data; the package is widely used in the social and behavioral sciences. There are several forms of SPSS. The core program is called SPSS Base and there are a number of add-on modules that extend the range of data entry, statistical, or reporting capabilities. He explained how to enter the data in SPSS and hands on training was provided to the participants in the following areas.

- ❖ Descriptive statistics, including methodologies such as frequencies, cross tabulation, and descriptive ratio statistics.
- ❖ Bivariate statistics, including methodologies such as analysis of variance (ANOVA), means, correlation, and nonparametric tests.

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

- ❖ Numeral outcome prediction such as linear regression.

Hands on training were provided to the participants and the session ended by 4.00 p.m.

Day 2 - 12.12.19

The second day of the workshop commenced with the prayer song at 10.00. a.m. It was followed by

WELCOME ADDRESS

The welcome address was given by **Dr. S. Suguna, Associate Professor, Department of Commerce with Professional Accounting, Dr.N.G.P. Arts and Science College**. She welcomed the gathering and it was followed by the technical sessions.

SESSION –I

This session entitled Statistical Analysis using SPSS was headed by **Dr. T. Thirupathi, Assistant Professor & Head, Department of Commerce, Government Arts College, Salem**.

Statistics included in the base software:

- ❖ Prediction for identifying groups, including methodologies such as cluster analysis and factor analysis.
- ❖ Geo spatial analysis, simulation
- ❖ R extension (GUI), Python

Hands on training were provided to the participants and after Lunch break the second session started at 2.00 p.m.

SESSION –II

This session entitled Review of Literature headed by **Dr.K.Krishnakumar, Assistant Professor, Department of Commerce, Periyar University, Salem**. He explained that a literature review may consist of simply a summary of key sources, but in the social sciences, a literature

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

review usually has an organizational pattern and combines both summary and synthesis, often within specific conceptual categories. A summary is a recap of the important information of the source, but a synthesis is a re-organization, or a reshuffling, of that information in a way that informs how you are planning to investigate a research problem. The analytical features of a literature review might:

- ❖ Give a new interpretation of old material or combine new with old interpretations,
- ❖ Trace the intellectual progression of the field, including major debates,
- ❖ Depending on the situation, evaluate the sources and advise the reader on the most pertinent or relevant research.

Second day second session successfully ended by 4.00 p.m.

Day 3 -13.12.19

The third day of the workshop commenced with the prayer song at 10.00. a.m. It was followed by

WELCOME ADDRESS

The welcome address was given by **Dr. K.Vanaja, Professor & Head , Department of Commerce with Professional Accounting, Dr.N.G.P. Arts and Science College.** She welcomed the gathering and it was followed by the technical sessions.

SESSION –I

This session entitled Statistical Analysis using AMOS was headed by **Dr.S.Boopathi, Professor, Department of Economics, Bharathiar University, Coimbatore.** He clearly presented the Concepts of AMOS and explained the data analysis using AMOS. **AMOS** is statistical software and it stands for analysis of a moment structures. AMOS is an added SPSS module, and is specially used for Structural Equation Modeling, path analysis, and confirmatory factor analysis. It is also known as analysis of covariance or causal modeling software. AMOS is a visual program for structural equation modeling (SEM). In AMOS, we can draw models graphically using simple drawing tools. He provided hands on training in AMOS which quickly performs the computations for SEM and displays the results.

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

Structural equation modeling (SEM) encompasses such diverse statistical techniques as path analysis, confirmatory factor analysis, causal modeling with latent variables, and even analysis of variance and multiple linear regression models.

Hands on training were provided to the participants and after Lunch break the second session started at 2.00 p.m.

SESSION –II

This session entitled Sampling Design was headed by **Dr.M. Rizwana, Associate Professor, Raamaiah Institute of Technology, Bangalore**. She delivered that **Sampling design** is a mathematical function that gives you the probability of any given sample being drawn. It involves not only learning how to derive the probability functions which describe a given sampling method but also understanding how to design a best-fit sampling method for a real life situation. A sample design is made up of two elements. Random sampling from a finite population refers to that method of sample selection which gives each possible sample combination an equal probability of being picked up and each item in the entire population to have an equal chance of being included in the sample. This applies to sampling without replacement i.e., once an item is selected for the sample, it cannot appear in the sample again. In brief, the implications of random sampling (or simple random sampling) are:

- It gives each element in the population an equal probability of getting into the sample; and all choices are independent of one another.
- It gives each possible sample combination an equal probability of being chosen.

This session successfully ended by 3.00 p.m.

VALEDICTION

The function started at 3.00 p.m.

Dr. S. Balasubramanian, Dean-R&D and **Dr.S. Saravanan**, Dean Administration, Dr.N.G.P. Arts and Science College felicitated the gathering. **Dr.S.Boopathi, Professor**,

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

Department of Economics, Bharathiar University, Coimbatore delivered valedictory Address and distributed the certificates to the participants.

Dr. S. Suguna, Associate Professor, Department of Commerce with Professional Accounting, Dr.N.G.P. Arts and Science College She thanked the ICSSR-SRC, Hyderabad, Management, Speakers, Faculty Members of our college and the participants for contributing their valuable time in participating in this workshop. The three day National Workshop ended successfully at 4.00 p.m.

Outcome of the Event:

- To understand vital and basic concepts of research and its methodological in Social Sciences disciplines.
- To train and develop skills in identifying research problems and conducting research as well as theoretical and conceptual framework.
- To understand and use qualitative and quantitative research methods in collecting vital data.
- To gain familiarity of various statistical tools to analyze data in social sciences disciplines.
- To improve skills of writing proposals/ research papers and Ph.D thesis.
- To provide hands on training for the use of SPSS and AMOS for analysis of different types of data.
- To give each and every participant a practical experience of conducting research and to undergo data analysis on the same to come up with appropriate results

Date:- 7-11-2019

Sanction Order

Sub:- Sanction Partial Financial Assistance - Three day National Workshop on "Advanced Research Methodology and Statistical Data Analysis for Research Scholars" from 11.12.2019 to 13.12.2019 -reg...

Dear Madam,

Sanction of the ICSSR - SRC is hereby accorded to the payment of an amount of Rs.60,000/- (Rupees Sixty Thousand Only) to **Dr. S. Suguna**, Associate Professor, Dept. of Commerce with Professional Accounting, Dr. N.G.P. College of Arts and Science (Autonomous), Coimbatore - 641048, Tamilnadu, for conducting **"Three day National Workshop on Advanced Research Methodology and Statistical Data Analysis for Research Scholars" from 11.12.2019 to 13.12.2019.**

The financial assistance should be utilized for the purpose for which it has been sanctioned within the stipulated period as mentioned in your application. No part of the grant is to be utilized for publication of the proceedings of the seminar.

If the University fails to utilize the grant, the University will be required to refund the amount of the grant with Interest thereon @ 10% per annum from date of its sanction. Any amount of the assistance which would remain unspent during the current financial year shall be refunded to the ICSSR-SRC immediately after completion of the Seminar/Conference.

ICSSR - SRC reserves the right to send an Observer to the Seminar whose Travelling Allowances would be borne by the ICSSR - SRC and local hospitality by the Organizer.

The sanctioned amount will be released in two Installments as follows:

First Installment (80%)	Rs.48,000-00
Second Installment(20%)	Rs.12,000-00
Total	Rs.60,000-00

3rd Cycle

Criterion III
Metric 3.3.2

The first installment of Rs.48,000/- (80%) will be released on the receipt of Grant-in-aid Bill (copy enclosed) duly stamped and signed by the competent authority of the Seminar/Workshop within 20 days from the order issued. The second installment of Rs.12,000/- (20%) will be released on receipt of the following documents that may please be submitted at the earliest. You are requested to **settle the sanctioned grant in 15 days after completion of the Programme.**

1. An audited statement of account for the expenditure incurred together with the utilization certificate in GFR 19-A Form (copy enclosed) and Income and Expenditure statement of sanctioned amount or original vouchers.
2. Two complete sets of papers (Hard bound copy and Soft Copy) presented in the Seminar/ Conference.
3. A short summary of the proceedings of the Seminar/Conference, highlighting the objectives, findings/recommendations and names of important participants (Soft Copy & Hard Copy).
4. Photographs taken during the Seminar (Soft Copy & Hard Copy).
5. Detailed list of Resource Persons along with the topics they delivered and list of participants (Soft Copy & Hard Copy).

This is also to inform you that if the Programme is already conducted kindly submit the above particulars to release the 100% Sanctioned Grant.

If the amount incurred for organizing the Seminar/Conference is less than the sanctioned amount, you may stand to be granted the former rather than the latter.

Yours Sincerely

Honorary Director

Note:-Please note that the cheque will be issued in the name of the Head / Principal / Director / Registrar of the Department/Institution/University.

Seminar on “Thermoluminescence Tissue Equivalency Single Crystals”

Description of the event:

The Department of Physics along with Association of Physics “PANORAMA” has conducted a seminar on 12.09.2019. **Mr.N.Ravikumar, Assistant Professor, Department of Physics, Dr. N.G.P Arts and Science College, Coimbatore**, delivered a seminar on the topic “Thermoluminescence tissue equivalency single crystals”, at room no: B 1513.

Outcome of the Event:

- This seminar about the thermoluminescence tissue equivalency of single crystals.
- To promote the research interest among the student community by delivering the seminar in recent existing field.

About the Conference and its Objectives

The objective of the conference is to enable the students, researchers, academicians, and industry fraternity to focus on promoting human interactions that are critical in interdisciplinary research and removing traditional boundaries between scientific disciplines. With mathematical modeling and computational algorithms, many problems from the realm of science, commerce and real time issues of life can be solved efficiently.

This two day conference helps to simulate the young minds in developing the analytical skills, assist in better ideas to do math tasks using computation modeling, tools and techniques systematically. The conference is organized in an interdisciplinary manner to empower and create a platform for delegates to have face to face interactions with top Professors / Scientists of the country who will be willing to enlighten by providing keynote address on current topics as, Open Source Computational Tools, Introduction to Mathematical Modeling and Computer Simulations, Current Technology Trends, Numerical Solutions of Partial Differential Equations, Issues and Challenges in Computational Science, Numerical Modeling of Heat Transfer Problems.

ETMCA-19 invites Review, Technical Reports and Research papers for addressing conference theme in the discipline of Mathematics and Computer Science as, Differential Equation and its Application, Operations Research, Probability Theory, Cyber Security, Scientific Computing, Bioinformatics, Databases and Knowledge-based systems, Artificial Intelligence, Networks, Image Processing, Signal Processing, Formal Specifications and Program Development, Computational aspects of Numerical Algorithms, Computation modes, Methodology and Applications etc.,

ETMCA-19 offers Journal support, depending on the paper's originality, quality, relevance and other editorial considerations. The selected papers will be accepted and published in any one of the free Journals:

- Intl. Journal of Machine Learning & Networked Collaborative Engineering *ISSN: 2581-3242*
- Intl. Journal of Hyperconnectivity the Internet of Things *ISSN: 2473-4365*
- Ingenieria Solidaria *ISSN: 2357-6014*

3rd Cycle

Criterion III
Metric 3.3.2

ETMCA-19 is expected to give a good academic & research exposure and intellectual stimulation to all the participants resulting in a better approach for every discipline of science, engineering, industry, and technology. This National Conference provide an avenue to discuss, share innovative ideas, give the participants an opportunity to interact with each other, establish contacts and explore possibilities for future collaborative works in this highly fertile area of applicable mathematics with computer applications.

Thrust Areas of the Conference

Experts from reputed academics and research institutes such as IIT Roorkee, IIST, BMSIT, Govt. of U.T. of Puducherry, Presidency University and Mangalore University discussed various topics on.

Conference Summary

The National Conference on Emerging Trends in Mathematics with Computer Applications, sponsored by TNSCST, Chennai, was organized by the Department of Computer Science, Department of Mathematics & Department of Computer Technology of Dr. N. G. P. Arts and Science College, Coimbatore during 12 – 13 September, 2019 at D Block Seminar Hall - VII. The conference received partial funding assistance from Tamil Nadu State Council for Science and Technology (TNSCST), Chennai. Students, Research Scholars and Faculty Members from nearly 10 institutions participated in the conference. Institutions that made the conference a memorable one are, Bharathiyar University, Coimbatore, Periyar University PG Extension Centre, Dharmapuri, Kumaraguru College of Liberal Arts and Science, Coimbatore, V.L.B. Janakiammal College of Arts and Science, Coimbatore, P.S.G.R. Krishnammal College for Women, Coimbatore, Sri Krishna Adithya College of Arts and Science, Coimbatore and few more. Nearly 85 participants are registered for this conference both from the Departments of Mathematics and Computer Science discipline.

12 September, 2019, the conference commenced with the formal Inauguration. The gathering had a galaxy of delegates beginning with the Chief Guest, Dr. D.H. Manjaiah, Professor & Chairman – PG (CS) Studies, Mangalore University, Mangalore. The occasion was presided by the presence of Dr. Thavamani D. Palaniswami, Secretary, Dr. N.G.P. Educational Institutions and Prof. V. Rajendran, Principal, Dr. N.G.P. Arts and Science College. The presence of Dean from various Portfolios like Academics, Research and Development, Student Affairs and Administration along with various Heads of the Department and Faculty members marked the inaugural function. Mrs. S. Gokilamani, Assistant Professor, Department of Mathematics, delivered the welcome address inspiring ways for such conference paved way to understand the emerging trends in mathematics with computer applications. Dr. Thavamani D. Palaniswami delivered the presidential address in which she persuaded the students to get glimpses of the fast changing world of computerization which they must be familiarized

irrespective of their branch of study. Dr. A. Muthusamy, Convener – ETMCA 19, presented the brief introduction on objective and mission of the conference. Souvenir ETMCA-19 was released by the Chief Guest Dr. D.H. Manjaiah, Professor & Chairman – PG (CS) Studies, Mangalore University, Mangalore, and received by the dignitaries on the dais. Mrs. D. Maheswari, Organizing Secretary, ETMCA-19, delivered the chief guest introduction. The Chief Guest, Dr. D.H. Manjaiah, delivered the inaugural address in which he emphasized the need for digitalization and computerization in all fields of science for the escalation of economy in global index that was indispensable. The inaugural session came to an end with a formal vote of thanks giving way for the technical sessions to spread over the stipulated time. Photographic session marked the memory of this event.

With these few thoughts, the program began with Dr. D. H. Manjaiah, who addressed the students by his scintillating keynote address on “Open Source Computational Tools”. The session was chaired by Dr. S. Balasubramanian, Dean – Research & Development, Dr NGPASC. The speaker covered the prime importance of computational tools in the current industry for the development of software and maintenance.

The session dispersed for lunch and was continued after the break. Post lunch session was started with mind boggling lecture by eminent speaker Dr. Sandip Banerjee, IIT Roorkee, who has covered the topic “Introduction to Mathematical Modeling and Computer Simulations”. This session was chaired by Dr. D. Geetharamani, Dean – Academics, Dr NGPASC. The speaker made the students ponder over important research and monitoring tools. He threw light on the different examples and illustrations to motivate the crowd on further research. The day ended in a happy note.

The second day of this two-day conference started with a Parallel Session by Dr. E. Illavarasan, Puducherry, who shared his views on the topic “Current Technology Trends”. This session was chaired by Dr. J. Renga Ramanujam, Head, Department of Microbiology, Dr NGPASC. The speaker created an awareness about the skillful technologies that is recently becoming popular and is readily accepted into the market and industry. He also reported the influence on new technologies that paved a change in professional industries including banking, eCommerce, healthcare and education.

The Parallel Session was handled by Dr. B. V. Pushpa, BMS Institute of Technology and Management, Bangalore. She expressed her views on the topic “Numerical Solutions of PDE”. The session was chaired by Dr. P. B. Banudevi, Head, Department of Commerce Finance, Dr NGPASC. The next session was followed by Dr. E. Natarajan, Indian Institute of Space Science and Technology, Kerala, exploring on the topic “Issues and Challenges in Computational Science”. He reiterated the

---	---	--

grand challenges to computational science and the unsolved issues in the current era. The session was chaired by Dr. R. Sowrirajan, Head, Department of Mathematics, Dr NGPASC.

Finally the session was taken over by the last speaker Dr. M. Sankar, Presidency University, Bangalore, lecturing on “Numerical Modeling of Heat Transfer Problems”. The session was chaired by Dr. R. Rajesh Kanna, Head, Department of Information Technology, Dr NGPASC. This conference was enlightenment with discussions on mathematical modeling and computational algorithms, many problems from the realm of science and commerce. The students came up with various questions and made the session interactive as to how they could bridge the gap between the mathematics and computing tools. Some participants even requested for training programs which would help them understand the concept better.

The conference was conducted by collecting a nominal fee of Rs. 350 from the in-house participants, Rs. 1000 from External Students, Rs.1500 from Academicians / Research Scholars and Rs. 2000 from Industrialists. The amount was utilized for refreshments, lunch, Souvenir and Conference kit which included participation certificates. The beneficiaries of this conference were students from the host institution of allied sciences and commerce. Students, staff and other participants were acknowledged for their presence with a participating certificate which was received by all departments.

The valedictory function marked the end of the event with the Chief Guest Dr. M. Sankar Professor & Deputy Dean, Presidency University, Bangalore. The Principal, Prof. Dr. V. Rajendran delivered the welcome address followed by valedictory address by the Chief Guest Dr. M. Sankar. The session was concluded by distributing the certificates to the participants. There was an interactive feedback session from the participants who gave a positive response on its informative nature.

About the College: Dr. N.G.P. Arts and Science College (Autonomous), established in the year 1987, the continuous and consistent efforts of the Management along with dedicated staff members have led the Institution to achieve accolades in Higher Education. The state-of-the-art facilities established across all disciplines of Science, Commerce, Management and Humanities have paved way for rendering quality higher education which are given through 67th Ranking in NIP and A Grade by NAAC Recognition.

The Department: The Computer Science stream incorporates ICS, CA, IT, C++ with Data Analytics & PG – Research five Departments. Total 1600 students are pursuing their programme in different disciplines. Each discipline is progressing with well-qualified faculty members and well-equipped laboratories with high bandwidth of internet connection. The vision is to provide the best opportunities and environment in quality education with professional competencies for life and career skills. The mission is to provide extensive knowledge and enhance the students towards the challenging environment.

The Basic and Applied Science faculty comprises of Physics, Medical Physics, Mathematics, Chemistry, Costume Design and Fashion & Clothing Science and Retail Management) seven Departments. Total 1300 students are pursuing their programme in different disciplines. Each discipline is progressing with well-qualified faculty members and well-equipped laboratories with high quality of equipment and instruments. The vision is to create a new learning environment that will encourage Mathematical Education. The mission is to enhance the students in upgrading their interest in contemporary techniques and strengthening their analytical skills.

About the Conference: ETMCA-19 will be a better approach for every discipline of science, engineering, industry and technology. With mathematical modelling and computational algorithms, many problems from the realm of science, commerce and real time issues can be solved efficiently. The two day program is expected to give a good academic exposure and critical thinking skills to the participants in and around India. This conference will attract, empower, inspire and motivate young researchers and aspirants towards working in this highly fertile area of application of mathematical with computer solutions.

ETMCA-19 will be invited speakers from reputed Academic & Research Institutions as **ITR, PCT, MIT, Manipal University, Pondicherry University** etc., as well as, panel-reviewed paper presentations, the conference is cordially open (you need to register first... you will not have to be an author or a document to attend).

Conference Themes: ETMCA-19 studies Review, Technical Reports and Research papers submission for addressing theoretical and practical topics in the field of Emerging Trends in Mathematics with Computer Applications includes the following disciplines but not limited to:

- Differential Equations and its Application
- Operations Research
- Probability Theory
- Cybersecurity, Security Computing, Bioinformatics
- Database and Knowledge-based Systems
- Artificial Intelligence
- Networks, Image Processing, Signal Processing
- Formal Verification and Program Development
- Computational aspects of Formal Algorithms
- Computational models, Methodology and Applications

The reviewed papers will be reviewed and accepted by subject experts, and the status of the paper will be sent to the author within 7 days. Statement of the conference will be released with EBN.

Publication Ethics: The submitted papers will be reviewed by technical members of the Conference. The reviewers containing the abstracts of the accepted papers will be released on the first day of the conference. Furthermore, all the accepted papers will be reviewed by two peer committee members. Depending on their originality, quality, relevance and other editorial considerations the abstracts of the accepted papers will be accepted & published in any one of the following two journals:

- International Journal of Machine Learning and Networked Collaborative Engineering (IJMNCE) – ISSN 2691-2547
- International Journal of Hyperconnectivity and the Internet of Things (IJHIT) – ISSN 2691-4981
- International Journal of – ISSN 2557-6074

Registration Fee: Registration is compulsory for all the participants. It includes Registration kit, Refreshment, Lunch & Certificate. A maximum of 100 participants are permitted on first come first serve basis. No TA / DA will be provided.

General Students (UG & PG)	Academics / Research Scholars
Rs. 1000/-	Rs. 1500/-
Industrial Scholars	Visiting Participants (as in memo)
Rs. 2000/-	Rs. 350/-

The participants are requested to send the duly filled registration form along with the prescribed fee by demand draft drawn in the favor of **ETMCA-19, Dr. N.G.P. Arts and Science College**, payable at Coimbatore.

Travel and Accommodation: The participants are requested to make their own arrangements for travel. Accommodation will be provided for outstation participants on request basis.

Eligibility: Graduates, Post Graduates, Research Scholars and Professionals in all disciplines are eligible to participate and present their paper to the conference.

Important Dates

Last Date for Full Paper Submission	02/09/2019
Acceptance Notification	03/09/2019
Submission of Camera Ready Paper along with Registration Fee	04/09/2019
Last Date for registration along with registration form and DD is on or before	04/09/2019

Dr.A.Muthusamy,
Assistant Professor,
Dept. of Computer Technology
Dr.N.G.P. Arts and Science College,
Coimbatore - 641048

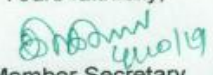

Sir/Madam,
Sub: Partial Financial Support- "National Level Conference on Emerging Trends in Mathematics with Computer Applications"-Coimbatore, 19.09.2019-20.09.2019- Approval – Reg.

Ref: Chairman approval Note dated 12.09.2019

With reference to the above we are happy to inform that a sum of Rs.20000/-has been approved as partial financial support for the above programme. i).In case of Those programmes which are already completed, you are requested to send two copies of the programme report containing details of the programme, invitations, technical details, list of participants, photographs, press release etc., and utilization certificate to the Council within one month from the receipt of this letter.ii). In case of those programmes which are to be organized a copy of the invitation and final details of the programme may be sent to the Council. The rescheduled plan should be intimated to the Council on or before 25.10.2019. The grant will be released after the receipt of above materials.

Any programme material printed after the receipt of this approval should acknowledge the Council's support as "Catalyzed and financially supported by Tamilnadu State Council for Science and Technology, Dept. of Higher Education, Government of Tamilnadu".

With wishes,

Yours faithfully,

Member Secretary

Report on

Workshop on “Biostatistics Solving through Excel”

Name of the Event: Workshop

Title: Workshop on Biostatistics Solving through Excel

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
✓			

Date: 27.08.2019

Preamble:

MS Excel provides an array of useful statistical functions. Let us begin with some of the basic yet extremely powerful functions. Honestly, you'll find that you're using the basic statistical functions 90% of the time and the rest 10% of your time is taken by intermediate and advanced functions. A Guest Lecture on Biostatistics Solving through Excel has been organized on 27.08.2019. Dr. M. Savithri, Assistant Professor, PG & Research, and Department of Computer Science of our college served as a Resource Person.

Participant's Profile:

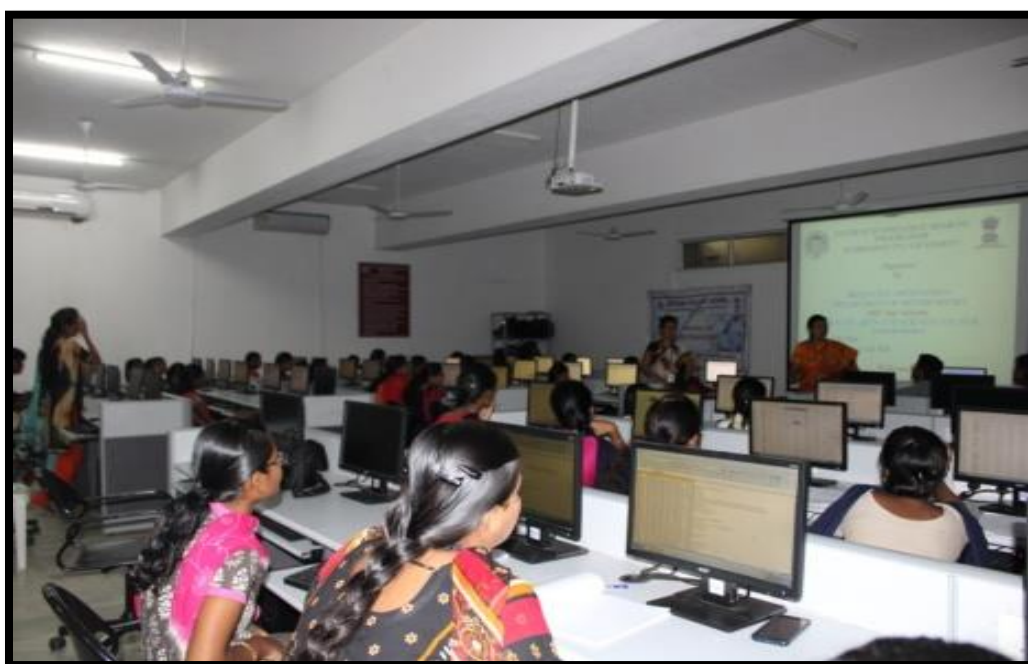

A total of 24 Students from PG (M.Sc. Biochemistry, M.Sc. Food Science and Nutrition and M.Sc Microbiology) were participated in the Interdepartmental Workshop.

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	--	---

Description about the program:

- Dr. M. Savithri guided the students and provided them a live demo via Excel.
- The workshop helped students to know about the collection and analysis of data from experiments and interpretation of results.
- It was an eye open session for the science to expand the view on Biostatistics via excel.

Report on Seminar on “Trends and Challenges in Chemical Sciences”

Nature of the Event: Seminar

Title of the Event: Seminar on Trends and Challenges in Chemical Sciences

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
✓			

Date of the event: 16.08.2019

Name and Designation of Resource Person:

Dr. T. Selvaraju, Associate Professor, Department of Chemistry, Bharathiar University, Coimbatore was the resource person of the seminar.

Number of Participants:

Around **170** students from both UG (B.Sc. Chemistry) and I M.Sc Chemistry were participated in the Seminar.

	<p align="center">Dr. N.G.P. Seminar on “Trends and Challenges in Chemical Sciences”

Description of the event:

- Dr. T. Selvaraju spoke on the increasing importance of chemical sciences to solve challenges in health, energy and climate change, water and food production. There is an increased public appetite for chemistry-related challenges with greater intervention from the public. Role and demand of chemical sciences were discussed. He explained the importance of chemistry in everyday life. The session was very edifying to the students.

Outcome of the Event:

- Students were motivated to do higher studies in the field of chemistry.
- Students were gained knowledge about the importance of chemistry in daily life
- All the participants understood the concepts in the nice way.

Workshop on Biosynthesis of Nanoparticles”

Description of the event:

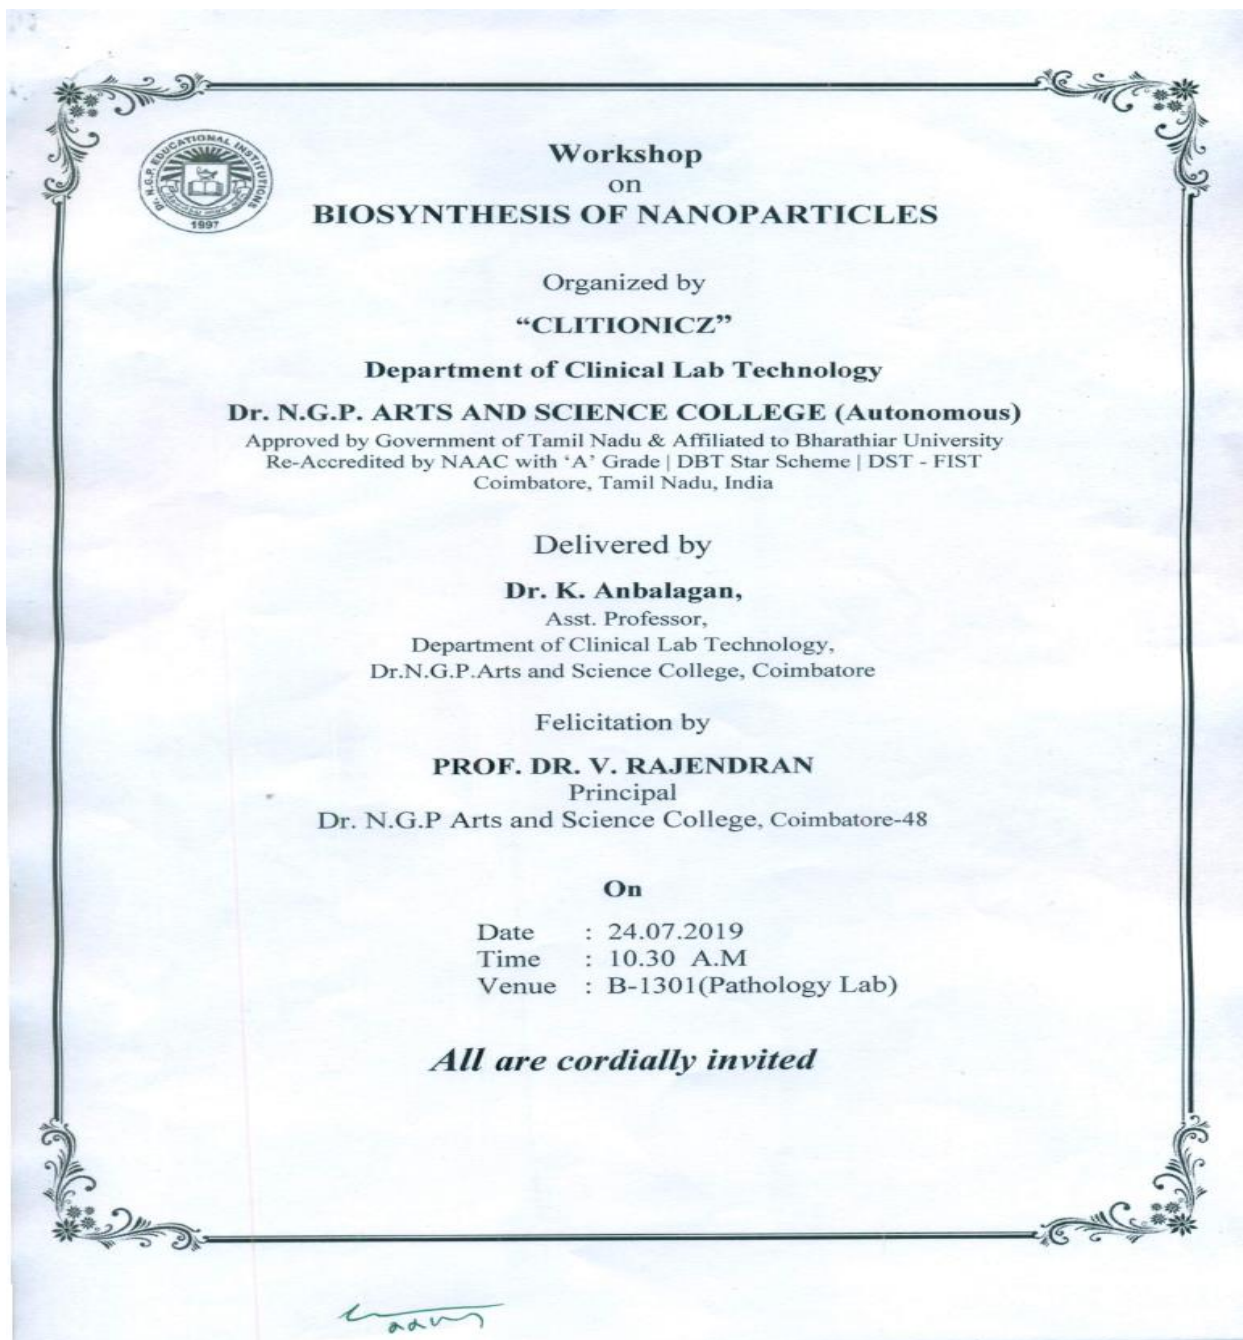

- Department of Clinical Lab Technology, Dr. N. G. P. Arts and Science College organized a Workshop on “Biosynthesis of Nanoparticles” on 24.07.2019. The program was demonstrated by Dr. K.Anbalagan, Assistant Professor, Department of Clinical Lab Technology, Dr.N.G.P Arts and Science College, Coimbatore was the resource persons of the workshop. The program vividly provided the students on how to synthesis nanoparticles. Students learned the biosynthesis of nanoparticles and The understanding of optimization process. Issues related to biosynthesis of naoparticles were also discussed. Student’s doubts on biosynthesis of naoparticles was elucidated by the resource person.

Outcome of the Event:

- Students got experience on biosynthesis of nanoparticles
- Student learn the Issues related to biosynthesis of naoparticles
- Optimization process of biosynthesis was learnt by the students.

Seminar on Characterization of Nanoparticles

Description of the event:

The Characterization of nanoparticles is very important field for synthesis of nanoparticles and various methods used for the characterization of nanoparticles. Seminar on Characterization of nanoparticles like FTIR, XRD, FESEM, HRTEM was given by Dr. K.Anbalagan. The resource person explained to the students on how to interpret the FTIR, XRD, FESEM, HRTEM result. Students learned the interpretation of the FTIR, XRD, FESEM, HRTEM result and Issues related to interpretation were also discussed. Student's doubts on interpretation were elucidated by the resource person.

Outcome of the Event:

- Students got experience on characterization of nanoparticles by using various analytical techniques.
- Student learns Issues related to interpretation of nanoparticles.
- Doubts on interpretation were elucidated by the resource person.

“Workshop on Analysis of Nanoparticles in UV-Visible Spectrophotometer”

Description of the Event:

Department of Biochemistry under DBT star college scheme organized intradepartmental workshop entitled ‘Analysis of Nanoparticles in UV-Visible Spectrophotometer’ on 23.07.2019. Nanoparticles (NPs) are increasingly being used in different branches of science and in industrial applications. However, their rapid detection and characterization at low concentration levels should be known, which will enable the people skills as a part of a career development. With this aim, the workshop was carried out by Ms. Manjubhasini and Ms. Sharulatha, III B.Sc. Biochemistry. The technique was explained and demonstrated by the above-mentioned students who have trained already in the topic. They shared their knowledge and skill to their fellow students. This workshop was a very useful event for the students to gather more information about nanoparticle analysis in UV-Visible spectrophotometer.

Outcome of the Event:

- Makes UV-Vis as a valuable tool for identifying, characterizing, and studying nanomaterials
- Students can study some important fundamental properties of pure and hybrid samples.
- Motivate the students to do research on the nanoparticle synthesis and characterization.

Report

In House lecture on Computer aided drug Designing

The Department of Biotechnology from Dr. N.G.P. Arts and Science College has organized In House lecture on “Computer aided drug Designing” on 13th July, 2019 in UG Biotechnology, Department of Biotechnology under DBT STAR COLLEGE SCHEME. This lecture began with the Welcome address given by Ms. S. Keerthana, II M.Sc Biotechnology. It was followed by the Presidential address which was presided by Dr. V.Rajendran, Principal, Dr. N.G.P. Arts and Science College, Coimbatore. Followed by, Dr. M.Poongothai, Assistant Professor, Department of Biotechnology, Dr.N.G.P Arts and Science College has covered her discussions over the objectives of Computer aided drug Designing and its various applications in predicting the structure of drugs using computers. Finally it has been concluded with the Vote of Thanks given by Ms. M.Mohanapriya, II M.Sc Biotechnology. To the end of the lecture, Interaction session was carried out by our students. This lecture was very interactive and it was helpful for their clear path of scientific enlargements and our career developments.

Description of the Event:

Department of Biotechnology, Dr.N.G.P Arts and Science College, Under DBT Star College has organized the In house lecture on computer aided drug designing on July 13,2019 at Biotechnology department. The aim of the in-house lecture was to make students understand about the tools used in the research to develop a drug in the dry lab condition. Dr.M. Poongothai, Assistant professor in Department of biotechnology has handled the session. She has explained about the importance of computer aided drug designing process and future applications of the tools used in the drug developing field.

Outcome of the Event:

1. Students learned about the importance of drug development
2. Students learned about the procedure to used CADD Tools.
3. Students have learned about the importance of computer tools to develop and design in the dry lab condition and apply it in the wet lab condition.

REPORT

Interdepartment Workshop on “Tools for Biologist in Bioinformatics”

(July 08, 2019)

Under DBT STAR college scheme for the academic year 2019, the third workshop was conducted in an interdepartment fashion for the maximum benefit of students from various DBT STAR departments of the college.

The department of Biotechnology from Dr. N.G.P. Arts and Science college organized the workshop on “Tools for Biologist in Bioinformatics” on 8th July, 2019 at Instrumentation room, Department of Biotechnology, Dr. N.G.P. Arts and Science college. It was initiated with the welcome address delivered by Ms. S. Abirami, III B. Sc., Biotechnology. The workshop was felicitated by Dr. S. Balasubramanian, Dean R & D who emphasized the significance of the workshop. Later the vote of thanks was given by Ms. T.S. Elakkia III B. Sc., Biotechnology. The workshop was split in two halves, with the first session which concentrated on the theoretical aspects of Bioinformatics. The second session was conducted in the Computer Lab where participants had access to computers individually. Different softwares and tools were taught to the students based on biomolecules. It was conducted for Final year Under Graduate students of Interdepartments like Microbiology, Biochemistry, Clinical Laboratory Technology, Food Science and Nutrition & Biotechnology. At the end of the workshop the students were clear about the uses or applications of bioinformatics as a tool in the field of biology. There were around 60 students participated in this workshop. Later it was followed by the feedback session in which they learnt glimpses about tools involved in bioinformatics. Some students found this technique new but they were so enthusiastic in learning it.

Description of the Event:

Department of Biotechnology, Dr.N.G.P Arts and Science College, Under DBT Star College has organized the Workshop on Tools for Biologists in Bioinformatics. The aim of the workshop was to make students understand about the Bioinformatics tools. Dr. Radha Palaniswamy, Assistant professor in Department of biotechnology has handled the session. She explained about the importance of Bioinformatics theoretically and also practically by handling the sessions.

Outcome of the Event:

1. Students learned about the importance of bioinformatics
2. Students learned about the procedure to operate the bioinformatics tools
3. Students have learned about to use bioinformatics tools for their research purpose.

REPORT

“Quantification of DNA from Herbal leaves & Animal tissue using Nanophotometer”

(July 1, 2019)

Under DBT STAR college scheme for the academic year 2019, the second workshop was conducted in an interdepartment fashion for the maximum benefit of students from various DBT STAR departments of the college.

The department of Biotechnology, Dr. N.G.P. Arts and Science College, Coimbatore organized a workshop on “Quantification of DNA from Herbal leaves & Animal tissue using Nanophotometer” on 1st July, 2019 at Instrumentation room. The event began with invocations to the Almighty with a prayer song. It was initiated with the welcome address delivered by Ms. D. Soundarya of II M. Sc., Biotechnology. The workshop was felicitated by Dr. S. S. Sudha, DBT STAR Program Coordinator who emphasized the significance of the workshop. To conclude the session, a formal vote of thanks was delivered by Ms. K. Sneha of II B. Sc., Biotechnology. It was then followed by the technical session, a demonstration which was given by Dr. M. Poongothi and Mrs. M. Shanmugavadivu. It was conducted for Final year Under Graduate students of Interdepartments like Microbiology, Biochemistry, Clinical Laboratory Technology, Food Science and Nutrition & Biotechnology. The fraternities explained various techniques and procedures about quantifying the DNA using nanophotometer. The DNA was isolated from herbal plants of various sources which was done by the participants themselves. The students experimented the training on Nanophotometer. By this they examined the progress of calculating the concentration of DNA, extracted from herbal leaves. There were around 50 students who participated in this workshop and they gained complete knowledge about quantification of DNA. Later it was followed by the feedback session in which they shared their views about the benefits of the workshop. Some students found this technique new and found it enthusiastic to learn.

Description of the Event:

Department of Biotechnology, Dr.N.G.P Arts and Science College, Under DBT Star College has organized the Workshop on Quantification of DNA from Herbal leaves and Animal tissue using Nanophotometer on July 01,2019 at instrumentation room of Biotechnology department. The aim of the workshop was to make students understand about the working principles of Nano photometer. Dr.M. Poongothai & Prof.M. Shanmugavadivu, Assistant professor in Department of biotechnology has handled the session. They had explained about the importance of nanophotometer theoretically and also practically by handling the sessions.

Outcome of the Event:

1. Students learned about the importance of nanophotometer
2. Students learned about the procedure to isolate DNA from herbal leaves and Animal tissue
3. Students have learned about to use nanophotometer for their research purpose especially quantification of DNA.

Feedback from Beneficiaries/ Students:

Other comments
We have learnt about the nanophotometer, it was useful to find the plant DNA.
Thank you
K. V. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
It is a very useful to our research. Satisfied with this workshop.
Thank you
C. Sharmitha (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
It is a new process for us to handle DNA quantification in nanophotometer. It is very useful for us to quantify the DNA from plant tissue.
R. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
Presentative & teaching style was effective. It is easy to understand.
I. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
The workshop is very useful to us.
V. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
Very useful for us.
V. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
We learnt a new method of nanophotometer and function of it and how to use it.
Sathya K. (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
This session is very useful to us.
N. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
This is new to our department and it is very useful to us to enhance our knowledge.
Anusha R. (B.Sc. Botany)
Name and Signature of the Candidate

Other comments
This session is very interactive and their guidance was good.
S. Sathya (B.Sc. Botany)
Name and Signature of the Candidate

Outcome of the event:

In this workshop, students were suggested for applying all the tools for report writing. By the end of the Report Writing course, participants will be able to understand typical conventions of technical and lab reports. Understand the purpose of different sections of a report. Write in an appropriate style for an academic or scientific report.

Outcomes of the event

- The program aims at raising IPR awareness among students, youth, authors, artists, budding inventors and professionals to inspire them to create, innovate and protect their creations and inventions across India including Tier 1, Tier 2, Tier 3 cities as well as rural areas in the next 3 years.
- The program covered all vital IP topics including international filing procedures, promotion of Geographical Indications and highlighting the ill effects of piracy and counterfeiting.
- The session started by Dean - Research & Development, Dr. S. Balasubramanian, gave overview on IPR, different forms of IPR like patent, copyright and trademark. She explained about the conditions for patenting, non -patentable inventions. She then explained in detail about procedure in getting copy rights, trade– marks, geographical indication, trade secrets, and plant variety protection with neat illustrations. She further dealt with process of patenting, documentation required, patent filing, types of patent applications, and anatomy of the patent.
- Dr. V. Vinodhini and Dr. K. Anbalagan, enlightened the participants on technology commercialization and IP Policy. She explained about challenges, solution, impact of technology, transfer of the technology. She further explained about the technology valuation, cost based method, market based method and income based method, IP audit, need for IP audit, IP policies, IP committees, etc.

Report on “Industry Institute Partnership Conclave”

Description of the Event:

The main motto of this program is to establish cordial relationship between industry and institution. This conclave created a platform for students to interact with industry experts. It was conducted on 13.03.2020. Twenty two (16) experts from various industries participated in this event and shared their expertise with students.

Outcome of the Event:

- Steps to start a Micro and Small-scale industry
- Qualities required for a successful entrepreneur
- Pros and cons of becoming an entrepreneur

Mr. N. Sampathkumar
Head – Training & Development
Roots Industries India Ltd.
Coimbatore

Dear Sir

Greetings from Dr. NGP Family!

It is indeed with great pleasure; we cordially invite you to participate in the **Industry Institute Partnership Conclave** scheduled on March 13, 2020 at 10:00 am in our College.

This proposed assembly stems from the strong conviction that industry and academic interaction would impart much needed employability skills to our students, and in turn meet ever-changing industry demand for well-trained workforce. Such a faithful symbiotic relationship requires a careful understanding, and calibration of capabilities and limitations in both sides of this partnership.

Recognizing the above, we identified following thrust areas for interaction:

- Student Training and Internship
- Experts Exchange
- Memorandum of Understanding (MoU)
- Curriculum Enrichment
- Entrepreneurship Awareness Programmes
- Continuing Education Programmes (training/ refresher courses)
- R&D, Consultancy and Products Development
- Resources Sharing
- Technological Database

We strongly believe that this **Industry-Institute Interaction** would accrue mutual benefits when a symbiotic relationship is developed between the two systems.

Seminar on “Impact of Trade War on Indian Economy”

Description of the event:

- The trade war is nothing but an eye wash and hence the trade war will not go long. It will end when its purpose is over.
- The trade war is basically a technology war between US and China where both nations want to have edge over each other.
- This trade war is creating problems for many big corporations including Google, Apple and Huawei.
- If other trade blocks also join this trade war, the global scenario may be worse off. A full-blown trade war would plunge the global economy into a deep recession.
- In general, trade imbalances are driven by natural market forces and reflect efficient borrowing and lending across the globe.
- Trade deficit is a problem which is due to government borrowing from countries with weak economic and political institutions, or in smaller countries where free capital flow might be destabilizing. But for well-functioning economies world over, trade deficit is not an inherent problem.
- India has been seeking strict trade terms while entering into multilateral trade agreements. Although such measures safeguard the domestic industry, focus on regional connectivity is a critical factor.
- India needs to fast-track innovative governance policies and infrastructural facilities to attract foreign investors.
- India is the only country in the world that can match the scale of operations after china and can meet the market requirements on time.

Outcome of the Event:

From the seminar students will get to know:

- Every country in the world has to do trade if it wants the benefits of global trade and growth but no country can ever be benefitted from the trade war, rather the country which starts a trade war it gets worst hit if the partner country retaliates.

- It is always important to consider the consequences of international trade for inequality and the distribution of the gains from trade – there are no guarantees that those gains will be evenly distributed – the end result is higher overall global economic growth.
- India needs to fast-track innovative governance policies and infrastructural facilities to attract foreign investors.

Report on “Bioentrepreneurship”

Description of the event:

The department of Biochemistry has organized a Bioface lecture series on “BioEntrepreneurship”.

The resource person has delivered an inspirational lecture on Entrepreneurship Skills in life sciences. He introduced the different aspects of entrepreneurship and also mentioned about the various things a person can do to become an Entrepreneur. He further encouraged the students to follow their passion according to their skills. He explained in detail about the various attributes of successful entrepreneurs such as drive, communication skills and technical skills.

Outcome of the Event:

- The students were inspired to become entrepreneur.
- Motivated the students to work hard and think a new venture through adequate forward planning
- Students were encouraged to practice the art of Bioentrepreneurship as a start-up.

Report on “DST-NIMAT sponsored three days Entrepreneurship Awareness Camp (Feb 2020)”

Description of the Event:

Knowledge is power; similarly, a unique business idea creates a successful entrepreneur. Development of independent professionals is possible only through entrepreneurship. To impart different skills the EDC organizes special camps and industrial visits, thus a three-day EAC was conducted in February 2020.

The first day speaker was Mr. A.R. Sundaresan, Regional Appraisal Head, TIIC, Coimbatore. He spoke about the role of TIIC in developing entrepreneurs, followed by the second session by Prof. K. Gomathy, Faculty and member of EDC who talked about the challenges of entrepreneurs.

The second day spokesperson was Mr. Anthony Deepak, Founder & CEO, CINDAN Technologies, Coimbatore who presented on recent trends in industrial IOT and its impact in Marketing Business and the second session of the day was handled by Mr. Harshavarthan Maran, Founder, SPOT KNACK, Coimbatore. He gave a presentation on Recent Trends in Hiring and SaaS Business.

On the third day, Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore was the guest for the first session. She spoke about the step by step procedure required in establishing an enterprise & also about the funding schemes provided by MSME. In the second session, Prof. A. Janaki Krishnan, HOD & member EDC shared about Financial Support by Government to Entrepreneurs. Finally the EAC was successfully completed with an industrial visit to Forge Innovation Accelerator, Coimbatore where the students witnessed demonstrations of a number of innovative prototypes and products.

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	--	---

Outcome of the Event:

Entrepreneurship is not simply starting an enterprise instead an individual has to undergo a big study on a specific domain. The student learnt about entrepreneurship, got exposure on TIIC's roles in Entrepreneurship development, the schemes of MSME and other financial supports of the Government, and the recent trends in Entrepreneurship. In every session, the students were exposed to practical knowledge and they realized the prerequisite to become an entrepreneur. The participants really got benefited and they were able to learn generally and specially about Entrepreneurship. By actively taking part in the awareness camp, the students learned the skills given below:

- The value of a business model and its novelty.
- Identification of common societal problems.
- The use of IT in business and marketing.
- MSME schemes and other government financial opportunities

IIPC Elite Talk- Tech Bench

Report on

Elite Talk on “Technology as Driver of Change”

Nature of the Event: Tech Bench

Title of the Event: Elite Talk on Technology as Driver of Change

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
			✓

Date of the event: 04.02.2020

Name and Designation of Resource Person:

Mr. P. Gugankumar, Managing Director, Manfree Technologies, Coimbatore was the resource persons of the event.

Number of Participants:

A total of 59 Students from B.Sc Computer Technology were participated in the TechBench – Lecture Series IV Elite Talk On Technology as Driver of Change.

Dr. N.G.P. ARTS AND SCIENCE COLLEGE

(An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore)
Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle)

Report on “Technology as Driver of Change”

P. GUGANKUMAR
Managing Director
Manfree Technologies

Graduation & Experience (2008 - 2011):

- Graduated BE (Electrical and Electronics Engineering) from Dr. Mahalingam College of Engineering and Technology, Pollachi in 2008
- Graduated MBA (Entrepreneurship) from Bharathiyar University, Coimbatore in 2015
- Has 6 Months experience as Electronics Engineer- Trainee in Manilec Controls, Chennai from Mar 2009 to Aug 2009
- Has 2 Years experience as Software Engineer in Keane (NTT DATA), Bangalore from Sep 2009 to December 2011

As Proprietor- Manfree Technologies (2012 - till now):

- Started Manfree Technologies at SITRA, Coimbatore in Feb, 2012
- Expanded a branch office at Ram Nagar, Gandhipuram in Feb, 2016
- Offering courses in various domain such as
 - Industrial Automation (PLC/ SCADA)
 - Embedded Systems (PIC, ARM, Arduino, Raspberry PI etc.)
 - PCB Designing, MATLAB & LabVIEW
 - C, C++, Java, Android, Python etc.,
- Doing Industrial Automation projects (from 2012 to till now) for various industries like Textile Industries, Packing Industries, Food Industries, Steel Industries etc.,
- Travelled to Sri Lanka, Bangladesh, Jaipur, Vijayawada, Mysore and other cities for PLC Programming, Installation and Commissioning of various projects
- Presented Guest Lectures in various colleges such as Dr. Mahalingam College of Engineering and Technology, PSG Arts and Science College, SNS Institutions, Nandha Institutions etc.,
- Conducted Workshops and Value Added Courses in various colleges such as GCT -Coimbatore, Bannari Amman Institute of Technology, PSGR Krishnammal College for Women, Dr. NGP arts and Science College, CIET, Pollachi Institute of Technology, Kumaraguru College of Technology etc.,

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

Description of the event:

Modern technology has paved the way for multi-functional devices like the smartwatch and the smartphone. Computers are increasingly faster, more portable, and higher-powered than ever before. With all of these revolutions, technology has also made our lives easier, faster, better, and more fun. Automated processes and other technology have become more important to the overall process of increasing output. While both workers and machines are interchangeable, workers are easier and less expensive to replace than machines, therefore worker's value has decreased as a result of technological change. Technology assists companies with managing changes to operations. Companies have successfully reduced costs by examining business processes and eliminating actions that customers do not perceive as valuable. A key challenge for both company leaders and technology staff, however, is shifting focus from projects centered on cost reductions to projects that develop innovative products and drive revenue. Both companies and consumers have benefited from technology-driven improvements such as online orders, ticketless travel and just-in-time inventory management.

Outcome of the Event:

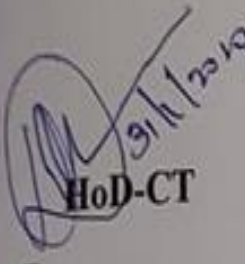

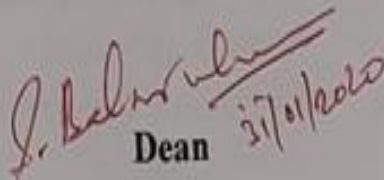

- All the participants got some exposure on integrating human-machine hybrid teams.
- Students were able to know that Digital transformation drives upgrades, but may hurt technology first.
- Students understood how to use AI to help determine your culture's hiring DNA.

Seminar on “Skills for Entrepreneurship”

Description of the event:

The Department of Clinical Lab Technology has conducted a talk on “Skills for Entrepreneurship” in association with IIPC –Elite Bioface on 29-01-2020 at Pathology Lab. The event was inaugurated by Dr.S. Balasubramanian, Dean, Research and Development, Dr.N.G.P. Arts and science college, Coimbatore and followed the felicitation given by Prof. Dr.V. Rajendran , Principal, Dr.N.G.P. Arts and science college, Coimbatore. The speaker Mr.M. Rajmohan, CEO, Aram clinical laboratory, WeDockers exports and imports, We group of companies, Coimbatore, said that campuses are where the best dreams and the finest startups take wing. He explained about skills for Entrepreneurship, Converging on the ideas, new business plan, Business Formation and Growth in detail. He has clarified various doubts regarding Startups. The speaker also elucidated about free courses and founds offered by various international institutions and universities. The participants (both faculty and students) have opined that the session is highly motivational as it includes some inspirational videos.

The lecture was very interactive and informative one. The students’ cooperation was excellent which made the session very interesting. We recorded feedback and comments given by the students.

Outcome of the Event:

- Learned skills for Entrepreneurship, Converging on the ideas, New business plan, Business Formation and Growth.
- Know about Startups.
- Elucidated free courses and founds offered by various international institutions and universities.

DST-NIMAT sponsored three days Entrepreneurship Awareness Camp (JANUARY 2020)

Description of the Event:

Entrepreneurship Awareness Camp is a practice to improve entrepreneurial skills among students. Startup is the inculcation, advancement, and grooming of entrepreneurial skills into a student which is needed to establish and run a successful enterprise. This program provides students the required encouragement and business skill to help them establish a successful business. It was a three days program comprising of two speakers each day followed by an industrial visit. On day 1, the first speaker was Mr. A.R. Sundaresan, Branch Manager, TIIC, Coimbatore. He spoke about the role of TIIC in developing entrepreneurs. He also encouraged the students to brain storm in groups to discuss innovative uses of the products. He taught them how a simple idea would convert into a potentially bigger business.

The second speaker for the day Dr. N. Priyadharsini, Assistant Professor, Department of Physics, Dr.N.G.P Arts and Science College, Coimbatore delivered a lecture on the Invisible innovation for the development of entrepreneurship. On the second day, the first session was handled by Mr. Prasanth Omanakuttan, Founder and Managing Partner, Green Era Recyclers, Coimbatore. He shared his thoughts on the transfer of cost-effective technology for the conversion of biodegradable plastics. The second session was handled by Mr. P. Vanjimuthu, Founder & Managing Director, Boomerang Ice-cream, Coimbatore. He spoke from his experience of starting several businesses and he explained different ways of generating funds. The third day, first session was given by Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore who explained about the government schemes available for startups and small businesses.

The last session was given by Mrs. M. Thiruselvi, Assistant Professor, Department of CLT, Dr. N.G.P. Arts and Science College, Coimbatore who delivered a lecture on Development of entrepreneurial skills. She explained to the students about the preparation of the business model canvas for the ideas they had. The EAC was successfully concluded with an industrial visit to PSG

STEP, Coimbatore where the students saw the demonstration of a number of innovative ideas and prototypes of medical equipments.

Outcome of the Event:

- The students were exposed to the different aspects of Entrepreneurship and gained insight from expert entrepreneurs, officials from government agencies working in the field of Entrepreneurship.
- The EAC provided a forum to students for productive exchange of ideas and information for becoming an Entrepreneur. The camp helped to sensitize student's about how to find new ideas and convert them into useful business concepts.
- Officials from funding agencies shared about various modes of availing funding for new ideas which can be turned into innovative solutions.
- Practicing entrepreneur's success stories as well as common problems faced by entrepreneurs were also discussed. From the visit to P.S.G. Step BioNEST Bioincubator the students gained information on the prototypes.

“DST-NIMAT sponsored three days Entrepreneurship Awareness Camp (December 2019)”

Description of the Event:

Entrepreneurship improves the standard of living of people in a society and is an excellent career option to prevent the unemployment crisis. The emergence of new innovative or improved products in the market is very important to strengthen the economy of a nation. The EDC organized EAC's frequently to motivate the young minds to opt for entrepreneurship as an alternate career option. Self employment & providing employment to others will tackle the unemployment crisis. In the three day EAC program two lectures were scheduled each day followed by an Industrial visit. On day 1, the first resource person Mr. A.R. Sundaresan, Regional Appraisal Head, TIIC, Coimbatore explained about the role of TIIC in entrepreneurship development followed by the second speaker Mrs. B. Kayalvizhi, Assistant Director (Food), MSME, Coimbatore who spoke about the step by step procedure for starting an enterprise & MSME schemes and activities. On 13th Dec 2019, the first speaker Mr. Cibhi SelVen, Founder & Managing Director, Regeno Ventures Pvt Ltd, Coimbatore delivered a talk on entrepreneurship with sustainable product. Dr. S.K. Arun Viswanathan, Founder of Chitra'm Craft Chocolates & Café Infusions, Coimbatore shared anecdotes on his journey as a successful entrepreneur. On 14th December 2019, Dr. K. Sankar, Assistant Professor, Department of English, Dr. N.G.P. Arts and Science College, Coimbatore explained about the importance of developing entrepreneurial skills while at college.

The second speaker, Dr. R. Muthu kumar, Assistant Professor, Department of Commerce – Banking & Insurance, Dr. N.G.P. Arts and Science College, Coimbatore spoke about Business model and Business plan. Finally the camp was concluded with the industrial visit to keeraikadai.com, Saibaba Colony, Coimbatore. Mr. Sriram Prasad, CEO, Keeraikadai.com demonstrated the preparation of Moringa dip soup and displayed a number of other herbal dip soup product range developed by his enterprise.

	<p style="text-align: center;">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p style="text-align: center;">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>
---	---	--

Outcome of the Event:

The 3-day long Entrepreneurship Development Program followed by the Industrial visit motivated the students to consider entrepreneurship as an alternate career option. The students gained insight regarding the step-by-step procedure for starting an enterprise, TIICs role in entrepreneurship development and MSME schemes and activities. The information gained by students will assist them to establish a startup in the future. Students considered strengthening in the following areas to improve themselves while at college.

- Identify actual problems and find a solution to it.
- Look out for innovations related to their discipline.
- Gather knowledge in order to develop innovations.
- Ideate to build a prototype.
- Develop skills for preparing a business model and plan.
- Organize funds and resources to commercialize the product

Feedback from Beneficiaries/ Students

- Most of the students were benefited from this workshop. They gained knowledge about the various Government self-employment schemes, the existence of the National student startup policy, India innovation initiative, choice of startup sectors, and Technology Business Incubation Centers.
- The importance of setting up an entrepreneurial ecosystem in educational institution and how it works on the development of the community were perceived.
- The students mentioned it as a brainstorming session.

Report on “Needs in Science Entrepreneurship”

Description of the event:

- As a part of the IIPC Elite talk event the department of Microbiology initiated the BIOFACE event for the Even Semester of 2019-20, by a lecture on “Needs in Science Entrepreneurship” by Mr. R Krishna Kumar, Head of Operations, Ankur Value Education, Coimbatore on 4th December 2019. The event was inaugurated by Dr. S. Balasubramanian, Dean, Research & Development, Dr. N.G.P. Arts and Science College who welcomed the gathering. Mr. Krishna Kumar, the Resource Person emphasized on the importance of entrepreneurship for the development of not just the individual but also the national economy. He laid out his idea on how entrepreneurship could be a solution to the rising crime rate in the country. He interacted with the students and ensured that there is equal contribution from the audience as well during his entire speech. He motivated students by giving examples of successful entrepreneurs from Biosciences itself and from other fields as well. He stressed on how entrepreneurship is going to make the livelihood of not just the entrepreneur but the society in which he / she lives, flourished. Students actively participated and raised questions on how an idea could be developed and how the idea could be funded for which the Resource person gave clear examples of Governmental and Non-Governmental agencies involved in supporting entrepreneurs. At the end of the event the Resource Person was bestowed with a memento by Dr. S. Balasubramanian, Dean, Research & Development, Dr. N.G.P. Arts and Science College. The event was participated by around 40 students and faculty members from the Faculty of Bioscience departments.

Outcome of the Event:

- Students were motivated on the financial aids provided for entrepreneurship
- Understood the concept of entrepreneurship being an alternative to regular work
- Need of good communication skills even after having a commercial idea

Seminar on “Being an Entrepreneur”

Description of the event:

Department of Catering Science and Hotel Management in coordination with the departments of Basic and Applied Sciences of Dr. N. G. P. Arts and Science College organized a Seminar on the topic “Being an entrepreneur” on 18.10.2019. Mr.C.Gokulraj, Executive Director, SACS Foods, Palani was the resource persons of the seminar. The program had interactions, where the students have cleared their doubts about entrepreneurship. They had interactions about the attitude, the procedures for starting a business, few ways to raise amount for investments, pros and cons in a business and many other aspects about being an entrepreneur. It was a eye-opener for the students to become entrepreneurs.

Outcome of the Event:

- Students were able to get an idea about the advantages of being an entrepreneur.
- Students were able to know about the processes in starting a business.
- They were able to gain knowledge about the sources of finance for starting a business.

“DST-NIMAT sponsored three days Entrepreneurship Awareness Camp (September 2019)”

Description of the Event:

Entrepreneurial and Startup culture have a great effect in the development of Local and National economy and would change the life style of people as well. Entrepreneurs are able to create employment opportunities. Understanding the unemployment problem of students, the EDC of our college organizes special programs at regular intervals. A three day EAC comprising of two speakers each day followed by an industrial visit was conducted on September 24, 25 & 26th 2019. On the first day, Mr. A.R. Sundaresan, Regional Appraisal Head, TIIC, Coimbatore was the Chief Guest, he explained about the role of TIIC in developing entrepreneurs. The second session of the day was handled by Mrs. Anita & Mr. K. Sivaganesan, Entrepreneurs & Agriculturists, UyirMei Annavanam, Coimbatore who spoke about Natural farming. In the second day, the first session was handled by Mr. S. Subash, Assistant Engineer, DIC, Coimbatore who spoke about the role of DIC in Entrepreneurial Development followed by a second session by National Rifle champion Ms. Sindhu Parthasarathy, Founder & CEO, Insight International, Coimbatore who spoke about how to become a passionate identity builder.

On the third day, the first session was given by Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore who delivered a lecture on MSME – Schemes and activities for Entrepreneurs followed by a talk by Mr. G. Sriram Prasad, Founder & CEO, Keeraikadai.com, Coimbatore who shared his thoughts about Identification of Business Opportunities, Methods of Product Selection, Technology-Assistance from R&D labs and other Institutions on choice of technology etc. The three day EAC was successfully concluded by a visit to the Model Natural farm, UyirMei Annavanam, Coimbatore..

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>

Outcome of the Event:

- The outcome of the 3-day long Entrepreneurship Awareness camp followed by the industrial visit helped the students think about entrepreneurship as an alternate career option.
- The students were able to gain exposure and knowledge through this awareness camp. The knowledge gained by students will assist them to explore establishing a startup in the future.
- The students also learned about the entrepreneurial traits and the difficulties of entrepreneurship. The students were able to understand the need of self employment.
- In all the sessions, the students actively participated and interacted with the resource persons. From the industrial visit, the students gained knowledge about natural farming.

IIPC ELITE TALK - BIOFACE

Faculty of Biosciences

Report on “Adapting Strategies for Grabbing Innumerable Opportunities in Biological Sciences”

Nature of the Event: IIPC – ELITE TALK - BIOFACE Lecture series

Title of the Event: Adapting Strategies for Grabbing Innumerable Opportunities in Biological Sciences

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
			✓

Date of the event: 21.08.2019

Name and Designation of Resource Person:

Dr. Mahesh Ayyavu, Director, Centre for Stem Cell and Cancer Genomics, AMI Bioscience, Coimbatore – 641 015.

Number of Participants:

A total of 100 Students from B.Sc. and M.Sc. Biochemistry, Biotechnology, Microbiology, Food Science and Nutrition and Clinical Laboratory Technique were participated in the workshop.

Report on “Adapting Strategies for Grabbing Innumerable Opportunities in Biological Sciences”

Description of the event:

The first event of Bioface event for the Bioscience departments was inaugurated on 21st August 2019. The event was organized by the Department of Biochemistry, Faculty of Biosciences, Dr. N.G.P. ASC. Dr. Mahesh Ayyavu, Director, Centre for Stem Cell and Cancer Genomics, AMI Bioscience, Coimbatore was the Resource Person. A total of 60 students took part in the event and got benefitted. Guest facilitated about the importance of practical knowledge, paper publication in good impact and authorized journals. He elaborated on Why is it so hard to build and maintain the capacity to skill development in biological sciences?. Also he stated that many of the seminal advances in biology in recent years have been based in large part on the creative application of new technologies.

Outcome of the Event:

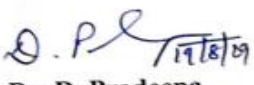

- Students know about diverse learning strategies
- Students find new approaches that open the door to science learning for a broader variety of entrepreneurship
- The application of better and innovative solutions that need to meet new requirements for entrepreneurship.

Sir,
Greetings! Thank you for accepting our invitation to deliver a talk in "Bioface" programme on 21st Aug, 2019 at 3-4 pm. I request you to kindly send the title of talk and your biodata as soon as possible.
Looking forward your support in this regard.
Thanking You,
Regards,
Dr. D. Pradeepa,
Assistant Professor,
Department of Biochemistry,
Dr. N.G.P Arts and Science College (Autonomous),
Coimbatore - 641 048

FEEDBACK FORM

1. Lecture enhanced my knowledge in the area of specialization (Excellent/ ☒ Good/ Average)
2. The lecture exposed me to the relevant subject (Excellent/ ☒ Good/ Average)
3. The Lecture was interesting. (Excellent/ ☒ Good/ Average)
4. Speaker was able to make the lecture interactive & made me feel engaged
 (Excellent/ ☒ Good/ Average)

5. State the benefits that you derived from the lecture:

Very useful session came to know about broader
 variety of entrepreneurship.

Seminar on “Word press and Digital marketing”

Preamble:

A seminar on word press and digital marketing has been organized on 02.08.2019, Mr.Ragunathan, Chief Trainer, Technology Education network, Coimbatore served as a Resource Person.

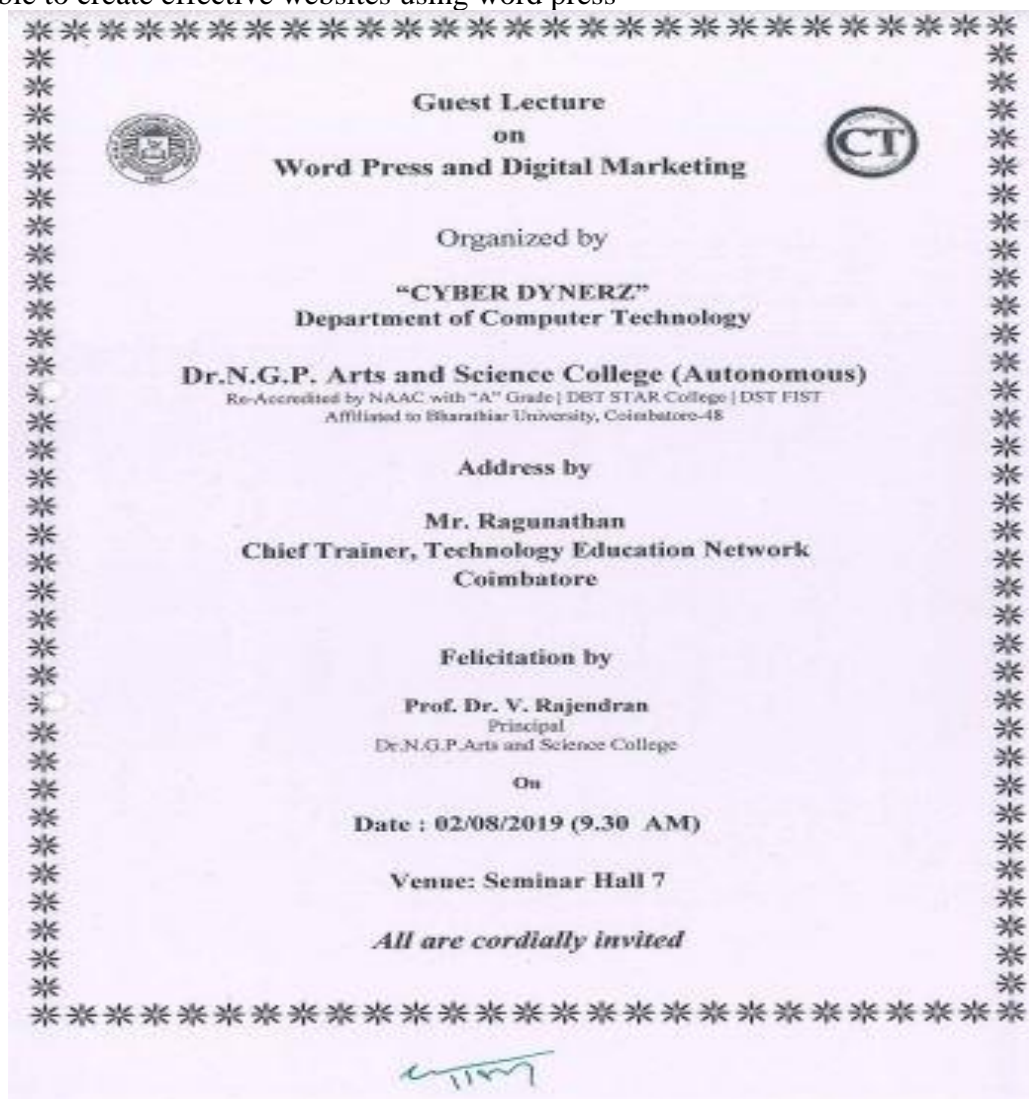

Description about the program:

- The resource person states that WordPress is the best for Content Management System. WordPress functionality can be extended to fit most of our client’s website needs.
- Digital marketing today requires organizations to have a CMS that’s easy to use and does not hamper content and marketing objectives. WordPress is great for digital marketing in the several ways.
- He explains Content management is a proven digital marketing strategy. Organizations produce content their audience can use and adds it to their website or blog. Then, this content gets promoted through social, email, paid channels and more to reach the target audience.
- WordPress functionality can also be extended and customized to do just about anything you need. So, you don’t need to settle for “off the shelf,” you can make your website a custom resource dedicated to the specific needs of your audience.
- He also informs that for the purposes of digital marketing, WordPress really can't be beat, and as an all-around website building tool, most of the world agrees. More than 74 million sites on the internet are built through making it by far the most popular content management system (CMS) available to anyone.

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle</p> <hr/> <p align="center">Criterion III Metric 3.3.2</p>
---	--	--

Outcome of the Event

- Word Press is easy to use, affordable, and already optimized for SEO.
- The student can opt this technology for number of businesses, celebrities, and news stations looking for a comprehensive CMS that's totally customizable.
- Able to create effective websites using word press

KNOWLEDGE EXCHANGE PROGRAMME MORPHOLOGICAL STUDY AND ROLE OF MICROORGANISMS IN FERMENTATION

Organized by
Department of Microbiology & Catering Science & Hotel Management

Resource Person : Mrs.C.Sasikala , Mrs. A.D.Priydarshini & Mr.M.Venkateswaran
Date : 12.03.2020

FEEDBACK FORM

- How do you feel about the course content?
☒ Very good ☐ Good ☐ Satisfactory ☐ Poor
- How do you rate the lecture session?
☐ Very good ☒ Good ☐ Satisfactory ☐ Poor
- How do you rate the practical sessions?
☒ Very good ☐ Good ☐ Satisfactory ☐ Poor
- Are you satisfied with the facilitator presentation style?
☐ Very good ☒ Good ☐ Satisfactory ☐ Poor
- Are you satisfied with the arrangements?
☒ Very good ☐ Good ☐ Satisfactory ☐ Poor

Other Comments :

We had gained a lots of knowledge
in this program about bread making method.
The session was more useful and interesting.

Report on “Workshop on Efficacy of Speaking”

Description of the event:

Prof. K. Nagalakshmi, Dept. of English, was invited for the workshop. 45 students participated in the workshop and gained their knowledge in speaking. Efficacy of speaking enhanced their knowledge in improving various skills in English language. The workshop was totally an interactive session which was handled for more than an hour. Participants also learnt pronunciation, intonation, stress to know the flow of English language while speaking. This workshop helped to improve their communication.

Objectives:

- To help the learners learn English to communicate both pair and group work.
- To practice the dialog and comprehensible pronunciation to produce language fluently and effectively.
- To make use of all feature of connected speech to convey messages completed by intonation, stress, gesture, facial movement and body language.

Outcome of the Event:

Graduates learn how speakers get final chance to explain the importance of delivering a message. It helps the audience to improve the pronunciation and intonation to speak which the basic speaking efficacy is taught. It improves all the four skills in English language for the graduates. This basic does not only help them to learn but also to practically use in their future.

Report on “FINANCIAL DATA ANALYSIS USING PROWESS & CMIE DATABASE”

Description of the event:

- Dr.M.Muthukrishnan had given an introduction of CMIE Prowess Training.
- He explained how to extract the financial data from the database.
- Then he explained about how to prepare the project work.

Outcome of the Event:

- Then he gave lecture of pros and cons of CMIE Prowess.
- He educates how to extract the financial data from the database.
- Students gain knowledge about the new database

Report on Seminar on “An Integrated approach of Chemistry in Textiles”

Nature of the Event: Seminar

Title of the Event: Seminar on “An Integrated approach of Chemistry in Textiles”

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
		✓	

Date of the event: 15.02.2020

Name and Designation of Resource Person:

Dr. K. Amutha, Assistant Professor, Department of Textile and Apparel design, Bharathiar University, Coimbatore was the resource person of the seminar.

Number of Participants:

A total of **170** Students from both UG (B.Sc. Chemistry) and I M.Sc Chemistry were participated in the Seminar.

	<p align="center">Dr. N.G.P. Seminar on “An Integrated approach of Chemistry in Textiles”

Description of the event:

- Dr. K. Amutha explained about the principles of dyeing in a cleared way. Students tend to know the most important form colours in our day to life activity. This seminar helped students to get some clarity on information about dyeing and related mechanisms. She explained the importance of dye chemistry in everyday life. The session was very edifying to the students.

Outcome of the Event:

- Students were motivated to do higher studies in the field of chemistry.
- Students were gained knowledge about the importance of dye chemistry in daily life
- All the participants understood the concepts in the nice way.

Workshop on “Immunotechniques”

Description of the event:

- Dr.R.Mahenthiran explained the field of Immunology and its opportunities and how to predict that jobs.
- He instructed to the Students has to learn the Immunological techniques for getting easiest job in pharmaceutical industry.
- Students learned antigen preparation technique for identify the various pathogens.
- Agglutination technique has been hands on by the participants.
- Participants learned Dot ELISA technique and its applications through practical session.
- Students clarified their doubts and gave their feedback about the workshop.

Outcome of the Event:

- Students learned the antigen preparation
- Agglutination technique has been hands on by the participants.
- Participants learned Dot ELISA technique and its applications through practical session.

“Seminar on Basics of Cooking”

Description of the event:

- Department of Computer Science of Dr. N. G. P. Arts and Science College organized a “Seminar on Basics of Cooking” on 08.02.2020.

Outcome of the Event:

At end of the Seminar on Basics of Cooking students learnt

- Ways to understand the use of food and kitchen tools.
- Food safety and the cost of food to make that meal.
- The recipe gives you a simple guideline of ingredients that you will need step by step to make an individual dish.

Department of Biotechnology under the DBT STAR College scheme organized a workshop on Cost Effective Cultivation of Mushroom on February 3, 2020. The program was carried out in a systematic manner by a formal inauguration in the presence of Dean – Research and Development, Dr. S. Balasubramanian, Dean – Student Affairs, Dr. V. Shanmugaraju, and Dr. S.S. Sudha, DBT STAR College Co-ordinator.

A warm welcome address was delivered followed by a thought provoking speech by Dean, R and D, who emphasized on the importance of attending a hands on training workshop on such programs. Dean – Student Affairs described the vital need for choosing entrepreneurial pathways with the knowledge gained in biotechnology where mushroom cultivation was the best example. Dr. S.S. Sudha, highlighted that participation in such workshops under the umbrella of DBT STAR would help the students for an all round development which would enable them to sharpen their skills in various scientific techniques.

The technical session began by the students which was carried out during the full day. The workshop came to an end with a valedictory function which was pepped up with excellent feedback by students from various universities and colleges. More than 83 students participated in the workshop from 7 different institutions. Certificates were distributed for the students which marked the end of the event successfully.

Description of the Event:

Department of Biotechnology, Dr.N.G. P Arts and Science College Organized the workshop on Cost Effective Mushroom Cultivation on 03.02.2021. The workshop was inaugurated by Dean R & D Dr.S. Balasubramaniam and DBT Coordinator DR. SS Sudha. The organizing secretary of the program was Dr.Radha Palaniswamy, Assistant Professor, Department of Biotechnology, Dr.N.G.P Arts and Science College. The workshop has given a lot of information about the cost effective mushroom cultivation. The students were also taught about the hindrance to overcome in the mushroom cultivation.

Outcome of the Event:

1. Students learned about the importance of Mushroom cultivation
2. Students learned about the procedure to cultivate the mushroom.
3. Students have learned about the Cost effective cultivation of mushroom

Department of Biotechnology

Members
Prof. P. Arun
Dr. K. Arungandhi
Dr. M. Shanmugavadivu
Dr. M. Poongothai
Dr. M. N. Kathiravan
Dr. S. Karthik

WORKSHOP OBJECTIVES

- To identify the different cultivation methods.
- To explore steps in spawn production.
- To comprehend the stages of propagation.
- To transform an experimental finding into words.
- To identify value added products that can be developed as resources.
- To inculcate entrepreneurial skills in students

Who Can Participate?
UG, PG and Research scholars of all streams of Science disciplines.

Registration: Rs.100/- which includes lunch and manual.

Address for communication
Dr. Radha Palaniswamy
Co-ordinator
Assistant Professor
Department of Biotechnology
Mobile: 8870940517
Send your registration to: dbtstarbiotech@gmail.com
Last Date for Registration : 01.02.2020

Venue : UG Biotechnology Lab (1210) **Date:** 03.02.2020 **Time:** 09:00 a.m.
All are cordially invited !!

Workshop on “Chromatography Techniques”

Description of the event:

- Dr. J. Devakumar was explained about chromatography types and its importance
- Students were understood the concept and uses of column chromatography
- Students were gained knowledge about types of mobile phase and stationary phase and its role
- Participants were gained hands on experiments on column chromatography and separated the plant pigments based on the principle
- Students were gained knowledge about uses of chromatography in industrial sector

Outcome of the Event:

- Students understood the concept of chromatography
- Participants were gained hands on experiments on column chromatography
- Students were gained knowledge about types of mobile phase and stationary phase

“Hands on Training on Ice Cream and Pasta Making”

Description of the event:

Department of Food Science and Nutrition in coordination with DBT star college scheme of Dr. N. G. P. Arts and Science College organized a Student Knowledge Exchange Program on the topic “**Hands on Training on Ice Cream and Pasta Making**” on 01.02.2020. The program was demonstrated by the students of I Msc and III Bsc Food science and nutrition.

Outcome of the Event:

To help students gain knowledge on the processing of pasta and Ice cream making and enhance their knowledge

Invitation/Brochure:

The brochure is for an event titled "HANDS ON TRAINING ON ICE CREAM AND PASTA MAKING" held on February 1, 2020, at Dr. N.G.P. Arts and Science College. It is organized by the Department of Food Science and Nutrition under the DBT - Star College Scheme. The brochure lists the organizing committee, including the patron, chairman, secretary, and various deans. It also lists the objectives of the event, which are to create awareness on operation techniques of the instruments, promote the utilization of millet/cowder products, familiarize the importance and fortification of natural flavors in ice cream, and provide appropriate education and training to the student community. The time is 09.30 am - 04.30 pm, and the venue is Block, Department of Food Science and Nutrition, Food Lab. Registration details include a fee of Rs. 200 per student, which includes a certificate, lunch, and manual. The brochure also provides contact information for the organizing secretary and a list of student members.

Department of Food Science and Nutrition
Under DBT - Star College Scheme
Organizes
HANDS ON TRAINING ON ICE CREAM AND PASTA MAKING
February 1, 2020

Organizing Committee
Patron
Dr. Nalla G. Palaniswami, MBBS, MD, AB.,
Chairman
Dr. Thirumangalakudi S. Mahalingam, MBBS, AB.,
Secretary
Dr. G. T. Suresh Kumar, Ph.D.,
CEO

Chairman - BTIP - 2020
Prof. Dr. V. Rajendran, M.Sc., M.Tech (Nutrition) Ph.D., D.Sc.,
Principal

Standing Committee
Dr. G. Ganesanathan
Dr. B. Suresh Kumar
Dr. S. Suresh Kumar
Dr. V. Suresh Kumar
Dean - Academic
Dean - Administration
Dean - B&E
Dean - Student Affairs

Convener
Dr. S. Suresh Kumar
Coordinator, DBT - Star Scheme
Dr. D. Suresh Kumar
Associate, Nutrition and Dietetics
Ms. H. Suresh Kumar
Assistant Professor

Organizing Secretaries
Dr. S. Suresh Kumar
Professor
Dr. S. Suresh Kumar
Assistant Professor
Ms. P. Suresh Kumar
Assistant Professor
Ms. P. Suresh Kumar
Assistant Professor
Ms. C. Suresh Kumar
Assistant Professor

Student Members
Ms. M. Suresh Kumar
Ms. S. M. Suresh Kumar
Ms. S. Suresh Kumar
Mr. M. Suresh Kumar
Mr. S. Suresh Kumar
Mr. A. P. Suresh Kumar

Objectives
• Create awareness on operation techniques of the instruments.
• Promote the utilization of millet/cowder products.
• Familiarize the importance and fortification of natural flavors in ice cream.
• Provide appropriate education and training to the student community and enable them to promote the emerging technology in the field of food science.

Time : 09.30 am - 04.30 pm
Venue : Block, Department of Food Science and Nutrition, Food Lab

Registration details
• Registration Fee: Rs. 200 / Student, which includes Certificate, Lunch and manual.
• Registration fee should be paid through NEFT/RTGS/IMPS transaction to the following account number

Account Name	The Organizing Secretary Nutritional Association
Account No.	911925115
Inst. Code	1150000173
Bank Name	Indian bank
Branch	Kolapatti

Address for communication:
• Ms. R. Shrivani, Assistant Professor
8098748170, 9865453140
• Send your registration to:
drntrngpsc@gmail.com
• Last date for registration: 30.01.2020

All are cordially invited

---	--	---

Number of Participants:

A total of 15 Students from II B.Sc. CSDA were participated in the guest lecture.

- Department of Computer Science with Data Analytics invited the guest Lecture and organized a Guest Lecture on the topic “Foundation of Logic Programming” on 31.01.2020. The Guest Lecture was felicitated by our Head of the Department Ms. Mary Magdalene Jane. The program vividly provided an enlightenment on Foundation of Logic Programming.
- They clearly had a discussion on the coding Logic sequencing methods, and Logic based programming languages used to sequence, assemble, and analyze the structure and function of Algorithmic logic. It ended with understandable perceptive about the techniques of Algorithms using different programming Languages.

Outcome of the Event

- The students can be able to understand different Programming languages logic and its Algorithm
- They can implement the programming techniques in different platforms
- They can analyze the results of each programming Techniques learned

Seminar on “Life is what you make it”

Description of the event:

- Department of Chemistry in Dr. N. G. P. Arts and Science College organized a seminar on the topic “Life is what you make it” on 30.01.2020. The program was established Dr. P. R. Muthuswamy, Director-Academics, Dr. N.G.P Educational Institutions; Coimbatore was the resource person of this motivational seminar. The program intensely provided clear illumination about life and our role.

Outcome of the Event:

- Students were motivated to do higher studies.
- Students were gained knowledge about the importance of life.
- All the participants understood the life skill concepts in a nice way.

Workshop on Blouse Making”

Description of the event:

Nowadays it is easier to learn blouse making. Many social media instructs us, give us videos, explanation in making blouse easily. Blouse making training took place in collaboration with the Department of Costume Design and Fashion. S. Sarojini, Entrepreneur, was invited as the guest for the training. She gave more inputs on the importance of stitching and job oriented opportunities that are available in the market. Nearly forty students took part in the programme from various streams. Every one learnt in designing the blouse and stitching process step by step. The training was very interactive and students asked various doubts to the guest.

Objectives

- To assist in drafting own blouse pattern and to fit the blouse clearly.
- To make women as a house wife shining in their way and earn by themselves.

“Workshop on Peripheral Blood Examination”

Description of the event:

The peripheral examination is also known as blood smear, blood film, manual differential, differential slide, red blood cell morphology, erythrocyte morphology, and leukocyte differential test. This test is done to evaluate the different components of the blood. Hands on training on Peripheral blood Examination was given as a part of the workshop by Dr.C. Hemalatha. The resource person trained the students on peripheral examination for diagnosis of blood. Students learned the staining techniques. The understanding of peripheral examination was discussed. Issues related to peripheral examination were also discussed. Student’s doubts on peripheral examination was elucidated by the resource person

Outcome of the Event:

- Students got experience peripheral examination for diagnosis of blood.
- Student learns staining techniques for blood cell counts.
- Optimization processes of staining techniques s were learned by the students.

Report on “Investigation of Complete Blood Count”

Description of the event:

A complete blood count (CBC) is a blood test used to evaluate our overall health and detect a wide range of disorders. Seminar Polymerase Investigation of complete blood count was given as a part of the seminar by Dr.C. Hemalatha. Students learned the Investigation of complete blood count procedure and usage. The understandings of Investigation of complete blood count were discussed. Issues related to complete blood count were also discussed. Student’s doubts on Investigation of complete blood count was elucidated by the resource person

Outcome of the Event:

- Students were understanding of Investigation of complete blood count.
- Student learn the different types of blood cells.
- Student’s doubts on Investigation of complete blood count was elucidated by the resource person

“Workshop on ABC of Speaking”

Description of the event:

Prof. K. Nagalakshmi, Dept. of English, was invited for the workshop. 89 students participated in the workshop and gained their knowledge in speaking. Efficacy of speaking enhanced their knowledge in improving various skills in English language. The workshop was totally an interactive session which was handled for more than an hour. Participants also learnt pronunciation, intonation, stress to know the flow of English language while speaking. This workshop helped to improve their communication.

Objectives:

- To help learners learn English to communicate both pair and group work.
- To help them to practice the dialog and comprehensible pronunciation to produce language fluently and effectively.
- To make the learners use all feature of connected speech to convey messages completed by intonation, stress, gesture, facial movement and body language.

Outcome of the Event:

Graduates learn how speakers get final chance to explain the importance of delivering a message. It helps the audience to improve the pronunciation and intonation to speak which the basic speaking efficacy is taught. It improves all the four skills in English language for the graduates. This basic does not only help them to learn but also to practically use in their future.

Workshop on “DIGITAL MARKETING”

Description about the program:

Digital marketing benefits businesses of all sizes by giving access to the mass market at an affordable price. Unlike TV or print advertising, it allows truly personalized marketing. Digital marketing also comes with a number of challenges.

“Workshop on Soft Skills”

Description of the event:

Soft Skills are life skills which are used appropriately and responsibly in the management of personal affairs. They are set of human skills acquired via teaching or direct experience that are used to handle problems and questions commonly encountered in daily human life. Unlike hard skills, which comprise a person’s technical skills set and ability to perform certain functional tasks, soft skills are interpersonal and broadly applicable across job titles and industries.

Dr. B.V. Jayanthi, Associate Professor in Marketing Management, ITM Skills Academy, ITM Business School, Mumbai who was invited for the workshop conducted on 30.09.2019. The workshop was organized with total number of 125 participants. The discussion was on Soft Skills, inter personnel skills, and also on behavioral skills.

Objectives:

The objective is to define a person with the ability to make realistic choices and plans and also to take action to implement decision and aspirations to develop critical thinking and improve reflective practice.

Outcome of the Event:

Soft skills are good manners that generate a lot of interest and during the course of it graduates will develop many positive and thoughtful comments, some of which will also provide with insight to write additional content. Soft skills make graduates to think and help them to shift their behavior to make an individual a better leader.

Report on “Analytics Application”

Description of the event:

Department of Computer Science with Data Analytics invited the guest Lecture and organized a Workshop on the topic “Analytics Application” on 28.09.2019. The Guest Mrs.Jenifer Arvind , was felicitated by our Head of the Department Ms. Mary Magdalene Jane.

The program intensely provided and handling the Programming techniques. They demonstrate a discussion on different Programming Techniques, and programming languages used to analyze the structure and function of coding and how it works. It ended with understandable perceptive about the techniques of coding using different programming Languages.

Outcome of the Event

- Students can be able to understand different Programming language’s structure
- They can implement the programming techniques in different platforms
- They can analyze the results of the each programming Techniques learned

“Seminar on Deep Learning in Artificial Intelligence”

Description of the event:

- Department of Computer Science of Dr. N. G. P. Arts and Science College organized a Seminar on the topic “**Deep Learning in Artificial Intelligence**” on 25.09.2019. The program was demonstrated by Dr. S.Krishnakumar, Senior Technical Officer, DRDO, Chennai

Outcome of the Event:

At end of the Seminar on Deep Learning in AI students learnt

- The talks range in scope from applications of AI/ML to tackle hard problems in science and engineering
- The intersection of AI/ML and science/engineering.
- AI techniques, to high-performance computing and new software packages

FEEDBACK FORM

CLASS: III - B.Com[BA]

Topic: Advanced Excel

Delivered by: Mrs. G. Kavitha

Date: 19.07.19

Please rate the following on the scale of 1-5, with 5 being the highest & 1 being the lowest.

S.No.		1 to 5
1	Topic of the Speaker was relevant to my area of interest/job.	5
2	Speaker was able to explain the topic clearly & used relevant examples.	5
3	Speaker was able to make the lecture interactive & made me feel engaged.	4
4	Speaker was able to positively influence my views towards (mention topic over here)	5
5	In near future, I would like to attend more lectures from the same Speaker.	4

Kindly put forward suggestions/comments(if any)

Feedback from Beneficiaries/ Students:

FEEDBACK FORM

Topic: Income tax Return filing

Delivered by: _____

Date: 15/09/2019

Please rate the following on the scale of 1-5, with 5 being the highest & 1 being the lowest.

S.No.		1 to 5
1	Topic of the Speaker was relevant to my area of interest/job.	✓
2	Speaker was able to explain the topic clearly & used relevant examples.	✓
3	Speaker was able to make the lecture interactive & made me feel engaged.	✓
4	Speaker was able to positively influence my views towards (mention topic over here)	✓
5	In near future, I would like to attend more lectures from the same Speaker.	✓

Kindly put forward suggestions/comments(if any)

Report on “How to be a public speaker”

Name of the Event: Seminar

Title: How to be a public speaker

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
		✓	

Date of the event: 07.09.2019

Name and Designation (with institution address) of Resource Person:

Dr. S.Sudha, Assistant professor

Department of English, Dr.N.G.P Arts and science college, Coimbatore

Number of Participants:

A total of 68 Students from UG (B.Sc. Physics) was participated in this seminar.

	<p align="center">Dr. N.G.P. ARTS AND SCIENCE COLLEGE (An Autonomous Institution, Affiliated to Bharathiar University, Coimbatore) Approved by Government of Tamil Nadu and Accredited by NAAC with 'A' Grade (2nd Cycle) Dr. N.G.P. – Kalapatti Road, Coimbatore-641048, Tamil Nadu, India Web: www.drngpasc.ac.in Email: info@drngpasc.ac.in Phone: +91-422-2369100</p>	<p align="center">NAAC 3rd Cycle Criterion III Metric 3.3.2</p>

REPORT

“In house Workshop on Operations in MS Excel”

Under DBT STAR college scheme for the academic year 2019, the fifth workshop was conducted in our department for the maximum benefit of students from DBT STAR department of the college.

The department of Biotechnology from Dr. N.G.P. Arts and Science College organized the “In house Workshop on Operations in MS Excel” on 5th August, 2019 at instrumentation room, Department of Biotechnology, Dr. N.G.P. Arts and Science College. It was initiated with the welcome address by Mr. R. Gowtham, II B.Sc. Biotechnology. Mr. Pradosh, II B.Sc. Biotechnology delivered the introduction to the Chief Guest Prof. S. Dinesh Kumar, Assistant Professor from the Department of Commerce IT of our Dr. N.G.P. Arts and Science College. After the brief expansion of knowledge shared by our chief guest, the vote of thanks was given by Ms. Divya Darshini, II B.Sc., Biotechnology. The session was conducted in the Computer Lab where the students had access to Computers individually. Different softwares and tools were taught to the students based on MS Excel. It was conducted for the second year under graduate students of our department. At the end of the workshop the students were clear about the applications of MS Excel. Then it was followed by the feedback session in which they learnt glimpses about the operations in MS Excel. Many of the students had learnt new techniques involved in MS Excel.

Description of the Event:

Department of Biotechnology, Dr.N.G.P Arts and Science College, Under DBT Star College has organized the Workshop operations in MS excel. The aim of the workshop was to make students understand about the MS office skills. Dr.Dinesh Kumar, Assistant professor in Department of Commerce IT has handled the session. He explained about the importance of MS office Excel and its significant in the research.

Outcome of the Event:

1. Students learned about the importance of MS office
2. Students learned about the procedure to operate the MS office Excel
3. Students have learned about to use MS office Excel for their research purpose.

“Interdepartmental workshop on Waste Water and Water Analysis”

Nature of the Event: Workshop

Title of the Event: Interdepartmental workshop on Waste Water and Water Analysis

Category:

Research Methodology	Intellectual Property Rights	Skill development	Entrepreneur development
		✓	

Date of the event: 29.08.2019 & 30.08.2019

Name and Designation (with institution address) of Resource Person:

Dr. Raman Sivakumar, Chief Scientist, MAK India Ltd., Periyar Nagar, Nehru Nagar West, Coimbatore, Tamil Nadu 641014

Number of Participants:

A total of 40 Students from UG Chemistry (10 Nos.), Biochemistry (10 Nos.), Biotechnology (5 Nos.), Microbiology (5 Nos.), Food science and Nutrition (10 Nos.), Clinical Lab Technology (10 Nos.) were participated in the workshop.

Report on “Interdepartmental workshop on Waste Water and Water Analysis”

Description of the Event:

The Biozenith Association of Department of Biochemistry under DBT Star College Scheme organized an interdepartmental workshop on ‘Waste Water and Water Analysis’ on 29.08.2019 and 30.08.2019. Dr. Raman Sivakumar, Chief Scientist, MAK India Ltd., Coimbatore acted as Resource Person for the workshop. The first session was lecture on Water quality analysis which explains the importance of accurate testing of drinking water which is crucial to maintaining the health and safety. After that the hands-on session was conducted to detect any possible contamination of water at the earliest possible time, the sampling and testing methods outlined in this workshop. As per the feedback the workshop was very interesting, interactive, and informative.

Outcome of the Event:

- The students were able to assess the composition of the wastewater and its constituent substances at the end of the workshop.
- Students know what was the possible impacts of inadequate treatment of wastewaters on drinking water resources.
- Students gain knowledge on how to improve water management.

From Dr. S. Gowri, Associate Professor & Head, Department of Biochemistry	Through The DBT Star coordinator The Dean-R & D The Principal	To The Secretary

Permission is requested to conduct the workshop on Water & Waste water Analysis jointly with Department of Chemistry, Dr. N.G.P Arts and Science College during 29th and 30th August 2019 Under **DBT STAR college scheme**. In this regard, we invited the guest **Dr. Raman Sivakumar Ph.D., IDH (USA), Coop(Canada), Chief Scientist, MAK India Ltd, Civil Aerodrome ,Coimbatore-14** for Inaugural Address. I request your approval to provide Honorarium Rs.2000/-, Transport, Refreshment and Lunch for the guest.

DEPARTMENT OF BIOCHEMISTRY-DBT Star Scheme &
DEPARTMENT OF CHEMISTRY

Dr. N.G.P. ARTS AND SCIENCE COLLEGE (Autonomous)

Approved by Government of Tamil Nadu & Affiliated to Bharathiar University

Re-accredited by NAAC with "A" Grade | DST-FIST | DBT-Star College

Kalapatti Road, Coimbatore - 641 048

FEEDBACK FORM

1. Workshop enhanced my skill in the area of specialization

(Excellent/ Good/ Average)

2. The course exposed me to the relevant subject

(Excellent/ Good/ Average)

3. Curiosity of the workshop

(Excellent/ Good/ Average)

4. The workshop has better employment opportunity

(Excellent/ Good/ Average)

5. Facilities provided for the workshop

(Excellent/ Good/ Average)

6. State the benefits that you derived from the workshop?

About how to analyse water.

7. Any suggestions to improve the workshop?

Nothing

8. Suggest workshop which you need in future.

Related to environment
