Periodical evaluation of performance of students in the education system will help the academy to effect appropriate modification in teaching methodologies which in turn, improves the quality of education. Many research evaluations were conducted in the form of social audit in order to improve the education system. For the current year 2012 – 2013, a random sample of 180 out of 3250 students has been selected. The objectives of social auditing is,

3. To know if the students need any support like providing infrastructure facilities and the like, this may help them to inculcate regular study habits.
4. To suggest suitable base and means to the teachers in respects of modes of class rooms teaching and communication which may helps the student's development.

PARENTS' OCCUPATION DETAILS

1	Infrastructure	80	65	25	10	3.2
2	Academic support	44	79	46	10	2.9
3	Discipline	106	51	21	3	3.5

9	Library Facilities	98	46	31	5	3.3
10	Overall Learning Environment	73	66	32	9	3.1

To analyse the over-all facilities of the college, 10 important factors were considered. For each factor, following scores were allotted Excellent (4), Very Good (3), Good (2) and Satisfactory (1). For every factor, the maximum possible score is 4 and the minimum score is 1. The weighted Arithmetic Mean is arrived for the 10 factors. Out of the 10 factors, 4 factors namely; Discipline, Infrastructure, Library facilities and Learning Environment obtain more than 3.
