MEMORANDUM OF UNDERSTANDING

BETWEEN

Dr.N.G.P. ARTS AND SCIENCE COLLEGE

COIMBATORE

AND

COIMBATORE DISTRICT SMALL INDUSTRIES ASSOCIATION

(CODISSIA), COIMBATORE

PREAMBLE

Dr.N.G.P. ARTS AND SCIENCE COLLEGE (herein called Institution) a highly reputed technical Institution having the vision of becoming a centre of excellence, which has learned faculty, high quality laboratories and facilities and large student community, who can complement the efforts of industries.

and

CODISSIA (herein called Association), one of the largest organizations in the small-scale sector in India representing around 1751 firms and industries in Coimbatore District, working relentlessly for their healthy growth, global competitiveness and providing scope for FDI and/or collaborations with high esteem on educational Institutions.

Dr. N. G. P. Arts and Science College

Jointly agree to exchange their expertise for mutual benefit and growth on the terms mentioned hereunder.

SCOPE OF CO-OPERATION

Both the parties believe that close co-operation would be of major benefit mutually to Institution and Association. Accordingly, the following objectives are identified

- Regular exchange of resource and knowledge
- Tapping of potentials which contribute to mutual benefits
- Joint effort to identify avenues for improving the relationship and its products
- Formation and monitoring of Steering Committee
- Striving to achieve the mission and work on the path of vision to maintain the quality policy of the component Institutions

The above objectives may be accomplished through the following fields:

1. Visits on either side
2. Training and placement
3. Sharing of facilities
4. Joint venture programs
5. Project work and problem solving
6. Study, Survey, Research and Development

1. VISITS ON EITHER SIDE

The Association would be instrumental to permit the students of the Institution to undertake Industrial Visits to firms and factories under its purview for the benefit of practical exposure.

The Institution would be happy to facilitate for the institutional visit of the members and/or experts from various firms as mentioned above. If any important Technical meetings & Conferences are held in the Institution, invitation could be extended to the Association.

2. TRAINING AND PLACEMENT

Training to students during vacation or otherwise special, may be facilitated by the Association through the Institution while any type of training programs for industrial personnel, labourers and executives falling within the scope of the Institution will be provided by the Institution. However, every individual program would have to be worked out separately by both the Institutions.

Placement to students is arranged by the Placement centre of the Institution and the Association would contribute to the success of the program. Training sessions may be organized at the Institution for the employees of the Association members.

3. SHARING OF FACILITIES

The Association can facilitate making use of various equipments, laboratories, library, computers of the Institution for the purpose of testing, study, calibration and research activities. Similarly, the students and/or staff may also be permitted, if required, to utilize the facilities of any industry for the broad purpose of education, teaching, skill development, etc. The Institution may extend its transport facilities at its convenience during the organization of Exhibitions by the Association.

4. JOINT VENTURE PROGRAMS

Technical conferences, seminars, symposium, exhibitions, practical testing classes including EDP may be arranged under joint venture by both parties, the logistics of which are to be worked out separately for every program.

M. Karthikeya

5. PROJECT WORK AND PROBLEM SOLVING

The Association would strive to use the students for doing live projects at various industries while the Institutional faculty would be willing to undertake any short-term project or problem solving for the industries, the logistics of which are separate. A copy of such project report developed by the students of Institution may be sent to CODISSIA.

6. STUDY, SURVEY, RESEARCH AND DEVELOPMENT

The Association can facilitate to provide opportunities and inputs to students of the Institution to undertake field studies and provide inputs for surveys related to technical field and innovations therein. The Institution may help the Association members for product development, quality improvement, cost control and testing at appropriate cost.

GENERAL

1. Based on the need for human resource, the Association would give priority to the students of the Institution in recruitment of technical personnel other things being equal.
2. A Steering Committee consisting of members from both the parties, would be functionary to execute this MoU.
3. The Steering Committee will provide policy direction related to all activities and financial implications.
4. The Steering Committee would meet twice in a year to review the progress in the elements of this MoU.
5. One of the members of Steering Committee on each side will function as its secretary.
6. Any other matter which falls as a result of any of the above mentioned, would be discussed and suitable action would be taken.

MoU

Both the Institution and Association value the spirit of this MoU and would strive to continuously develop its various features.

Signed at CODISSIA CITY OFFICE -COIMBATORE on the 2nd day of June, Two Thousand and Twenty-Six.
