#### Feedback from Beneficiaries/ Students

- The crowd consisted of in-house students only which was close to 74. They found the session to be interesting and interactive. Since it was to the expectation of the students to cater to their needs, they were willing to attend more of these kinds of awareness camps.
- They also expressed that it would guide them in future since they did not know the whereabouts of entrepreneurship.
- The funding bodies, agencies, investors, laws and policies were not covered in any syllabus. Unless they attend camps like this, they would never be able to sharpen their skills or aspire their goals is what some students expressed.

#### Report on

#### "DST-NIMAT Sponsored Three Days Entrepreneurship Awareness Camp"

#### **Description of the Event:**

Startup's have the ability to improve the standard of living of individual's and provide a self-employment opportunity. Entrepreneurs help to change the society with the innovation of new or improved products in the market. This program has been organized to make the young minds realize the importance of self-employment and to prepare themselves for it. It was a three days program comprising of two speakers each day followed by an industrial visit. On day 1, the first speaker was Mr. A.R. Sundaresan, Branch Manager, TIIC, Coimbatore. He spoke about the role of TIIC in developing entrepreneurs. The second speaker for the day Mr. Ravi Bal, Managing Director of Anidra Raksha Pvt Ltd, Coimbatore delivered a lecture on the development of latest digital health technologies for remote patient monitoring.

On the second day, the first session was handled by Dr. R. Nagganatha Suganthan, Founder Director, Utilis Biosciences Pvt Ltd, Chennai who shared his thoughts on the transfer of technology from academia to enterprise and its significance for the economic growth of our Nation. The second session was handled by Dr. A. Arun Kumar, Director, BioAges Innovations Pvt. Ltd, Coimbatore who spoke about the development of commercial models and spin off companies from academic research outcomes.

In the third day, the first session was given by Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore. She spoke about the step by step procedure required in establishing an enterprise & also about the funding schemes provided by MSME. The last session was given by Mr. V. Pragdeesh, Founder & R and D Head, Aries Biomed Technologies Pvt Ltd, Coimbatore. He shared his thoughts about the difficulties encountered in the sustainable hardware startup ecosystem and solutions to overcome the problems. The EAC was successfully concluded with an industrial visit to Aries Biomed Technologies Pvt Ltd, Coimbatore where they watched the demonstration of a number of innovative biomedical devices and equipments.

**Participants:** About 80 participants were present from the Faculties of Basic and Applied sciences, Biosciences and Computer Sciences. A majority of pre-final and final year undergraduates and some post graduate students were present for the program.

**No. of days:** It was a 3-days Entrepreneurship Awareness Camp followed by a one day industrial visit, conducted on September 24, 25, 26 and 27<sup>th</sup>, 2018.

#### **Outcome of the Event:**

The outcome of the 3-day long Entrepreneurship Development Program followed by the industrial visit helped the students to consider entrepreneurship as an alternative career option. The knowledge gained by students will assist them to establish a startup in the future. Students considered strengthening in the following areas to improve themselves while at college:

- Identifying real world problems worth solving.
- Finding innovative solutions to problems.
- Identify skills to be developed.
- Creating prototypes to eventually build a commercial product.
- Mobilize funds and resources to manufacture products.
- Developing skills on confidence building, punctuality, goal setting etc.

#### Report on

## "Workshop on Entrepreneurship Development"

## **Description of the Event:**

Entrepreneurship is a dynamic process of vision, change and creation. It requires energy and passion towards the creation and implementation of new ideas and creative solutions. The participants of this event were convenors and members of EDC, Innovation Cell and Incubation Cell. It was a half a day programme with two sessions.

In the first session Dr. Radha Palaniswamy spoke about the differences between an entrepreneur and businessman. She explicitly stated the major positive aspects of becoming an entrepreneur which was the need of the hour too. It is the prime duty of the teachers to inculcate this thought into the young minds during their graduation so that they can plan their future. She also emphasized that it was not the finance or money which is needed to become an entrepreneur. The innovative thoughts are more important which needs to be seeded in the young minds. Financial support can be sought by various agencies which was highlighted in continuation of the program by the next speaker.

Dr. V. Usha delivered a talk about the Prospects and Challenges of Entrepreneurship. The topics covered were - how to develop entrepreneurial traits, requirements for entrepreneurship, how to get started, criteria for selection of a product, list of entrepreneurs, list of innovations, challenges faced by entrepreneurs and managing adversity.

#### **Outcome of the Event:**

- Entrepreneurship development programmes must be organized in all Educational Institutions in order to create awareness about the importance of Entrepreneurship among the faculty members and the student community.
- It must be included in the syllabus or the curriculum to motivate the students to consider entrepreneurship as a career option.
- Government must support and take initiatives to safeguard and upgrade the small scale industries, which are the backbone of our country both economically and socially. This helps to control unemployment crisis and economic decline of the society.

#### Report on

## "Workshop on Entrepreneurship Development"

## **Description of the Event:**

The Entrepreneurship Development Cell, Incubation and Innovation Cells have jointly organized half a day's workshop on Entrepreneurship Development for the conveners and members on 1<sup>st</sup> December 2018. The workshop comprised of two sessions, the first talk "Entrepreneurship - an Indian perspective was given by Prof. B. Narasimhan, Assistant Professor, Department of Computer Technology and the second session "History of Successful entrepreneurs" was delivered by Dr. M. Kalimuthu, Assistant Professor, Department of Commerce with Professional Accounting. About 35 in-house faculty members participated in both the sessions.

Prof. B. Narasimhan spoke about how Entrepreneurship introduces a critical element of dynamism into an economic system. How the process of globalization & liberalization has introduced a set of changes like the introduction of dynamism into the system through the process of globalization. The history of entrepreneurship, its development stages and the role of Indian women entrepreneur's contribution towards industrial development of India. Indian entrepreneurs are more about overcoming barriers, obstacles, inspiring & surmount in their fields.

Dr. M. Kalimuthu discussed about eminent entrepreneurs from Indian history to the present as Entrepreneurship is the life blood of any economy. Entrepreneurship is one of the important segments of economic growth. An Entrepreneur brings in an overall change through innovation for the maximum social good. The growth of entrepreneurship particularly in the small scale sector can be traced to the Second World War. If we observe the way of any entrepreneur, their life is not a bed of roses. They faced many obstacles in the way of entrepreneurial achievement.

## **Outcome of the Event:**

- Such Entrepreneurship development programmes must be organized in Indian educational Institutions to realize the importance of entrepreneurship.
- It was realized that the faculty will have to improve their knowledge and update their skills in order to train and develop students as entrepreneurs.
- The faculty will also have to inculcate an entrepreneurial mindset for teaching.

## "Entrepreneurship Awareness Camp (September 2019)"

## **Description of the Event:**

Entrepreneurial and Startup culture have a great effect in the development of Local and National economy and would change the life style of people as well. Entrepreneurs are able to create employment opportunities. Understanding the unemployment problem of students, the EDC of our college organizes special programs at regular intervals. A three day EAC comprising of two speakers each day followed by an industrial visit was conducted on September 24, 25 & 26<sup>th</sup> 2019. On the first day, Mr. A.R. Sundaresan, Regional Appraisal Head, TIIC, Coimbatore was the Chief Guest, he explained about the role of TIIC in developing entrepreneurs. The second session of the day was handled by Mrs. Anita & Mr. K. Sivaganesan, Entrepreneurs & Agriculturists, UyirMei Annavanam, Coimbatore who spoke about Natural farming. In the second day, the first session was handled by Mr. S. Subash, Assistant Engineer, DIC, Coimbatore who spoke about the role of DIC in Entrepreneurial Development followed by a second session by National Rifle champion Ms. Sindhu Parthasarathy, Founder & CEO, Insight International, Coimbatore who spoke about how to become a passionate identity builder.

On the third day, the first session was given by Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore who delivered a lecture on MSME – Schemes and activities for Entrepreneurs followed by a talk by Mr. G. Sriram Prasad, Founder & CEO, Keeraikadai.com, Coimbatore who shared his thoughts about Identification of Business Opportunities, Methods of Product Selection, Technology-Assistance from R&D labs and other Institutions on choice of technology etc. The three day EAC was successfully concluded by a visit to the Model Natural farm, UyirMei Annavanam, Coimbatore..

#### **Outcome of the Event:**

- The outcome of the 3-day long Entrepreneurship Awareness camp followed by the industrial visit helped the students think about entrepreneurship as an alternate career option.
- The students were able to gain exposure and knowledge through this awareness camp. The knowledge gained by students will assist them to explore establishing a startup in the future.

- The students also learned about the entrepreneurial traits and the difficulties of entrepreneurship. The students were able to understand the need of self employment.
- In all the sessions, the students actively participated and interacted with the resource persons. From the industrial visit, the students gained knowledge about natural farming.

### "Entrepreneurship Awareness Camp (Jan 2020)"

#### **Description of the Event:**

Entrepreneurship Awareness Camp is a practice to improve entrepreneurial skills among students. Startup is the inculcation, advancement, and grooming of entrepreneurial skills into a student which is needed to establish and run a successful enterprise. This program provides students the required encouragement and business skill to help them establish a successful business. It was a three days program comprising of two speakers each day followed by an industrial visit. On day 1, the first speaker was Mr. A.R. Sundaresan, Branch Manager, TIIC, Coimbatore. He spoke about the role of TIIC in developing entrepreneurs. He also encouraged the students to brain storm in groups to discuss innovative uses of the products. He taught them how a simple idea would convert into a potentially bigger business.

The second speaker for the day Dr. N. Priyadharsini, Assistant Professor, Department of Physics, Dr.N.G.P Arts and Science College, Coimbatore delivered a lecture on the Invisible innovation for the development of entrepreneurship. On the second day, the first session was handled by Mr. Prasanth Omanakuttan, Founder and Managing Partner, Green Era Recyclers, Coimbatore. He shared his thoughts on the transfer of cost-effective technology for the conversion of biodegradable plastics. The second session was handled by Mr. P. Vanjimuthu, Founder & Managing Director, Boomerang Ice-cream, Coimbatore. He spoke from his experience of starting several businesses and he explained different ways of generating funds. The third day, first session was given by Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore who explained about the government schemes available for startups and small businesses.

The last session was given by Mrs. M. Thiruselvi, Assistant Professor, Department of CLT, Dr. N.G.P. Arts and Science College, Coimbatore who delivered a lecture on Development of entrepreneurial skills. She explained to the students about the preparation of the business model canvas for the ideas they had. The EAC was successfully concluded with an industrial visit to PSG STEP, Coimbatore where the students saw the demonstration of a number of innovative ideas and prototypes of medical equipments.

#### **Outcome of the Event:**

- ➤ The students were exposed to the different aspects of Entrepreneurship and gained insight from expert entrepreneurs, officials from government agencies working in the field of Entrepreneurship.
- > The EAC provided a forum to students for productive exchange of ideas and information for becoming an Entrepreneur. The camp helped to sensitize student's about how to find new ideas and convert them into useful business concepts.
- > Officials from funding agencies shared about various modes of availing funding for new ideas which can be turned into innovative solutions.
- ➤ Practicing entrepreneur's success stories as well as common problems faced by entrepreneurs were also discussed. From the visit to P.S.G. Step BioNEST Bioincubator the students gained information on the prototypes.

#### Report on

#### "Entrepreneurship Awareness Camp (Feb 2020)"

#### **Description of the Event:**

Knowledge is power; similarly a unique business idea creates a successful entrepreneur. Development of independent professionals is possible only through entrepreneurship. To impart different skills the EDC organizes special camps and industrial visits, thus a three day EAC was conducted in February 2020.

The first day speaker was Mr. A.R. Sundaresan, Regional Appraisal Head, TIIC, Coimbatore. He spoke about the role of TIIC in developing entrepreneurs, followed by the second session by Prof. K. Gomathy, Faculty and member of EDC who talked about the challenges of entrepreneurs.

The second day spokesperson was Mr. Anthony Deepak, Founder & CEO, CINDAN Technologies, Coimbatore who presented on recent trends in industrial IOT and its impact in Marketing Business and the second session of the day was handled by Mr. Harshavarthan Maran, Founder, SPOT KNACK, Coimbatore. He gave a presentation on Recent Trends in Hiring and SaaS Business.

On the third day, Mrs. B. Kayalvizhi, Assistant Director (Food), Ministry of MSME, Coimbatore was the guest for the first session. She spoke about the step by step procedure required in establishing an enterprise & also about the funding schemes provided by MSME. In the second session, Prof. A. Janaki Krishnan, HOD & member EDC shared about Financial Support by Government to Entrepreneurs. Finally the EAC was successfully completed with an industrial visit to Forge Innovation Accelerator, Coimbatore where the students witnessed demonstrations of a number of innovative prototypes and products.

#### **Outcome of the Event:**

Entrepreneurship is not simply starting an enterprise instead an individual has to undergo a big study on a specific domain. The student learnt about entrepreneurship, got exposure on TIIC's roles in Entrepreneurship development, the schemes of MSME and other financial supports of the Government, and the recent trends in Entrepreneurship. In every session, the

students were exposed to practical knowledge and they realized the prerequisite to become an entrepreneur. The participants really got benefited and they were able to learn generally and specially about Entrepreneurship. By actively taking part in the awareness camp, the students learned the skills given below:

- The value of a business model and its novelty.
- Identification of common societal problems.
- The use of IT in business and marketing.
- MSME schemes and other government financial opportunities

#### "Webinar on DEEKSHARAMBH STUDENT INDUCTION PROGRAM 2020-21"

#### **Description of the Event:**

The Government of India initiative on fresher's program called Deeksharambh Student Induction Program was planned during the academic year 2020-21 from 25.08.2020 to 08.09.2020. The program was targeted by making the students aware of the different dimensions of the college and also to bridge the gap between the higher secondary school and the college or university. All the freshers were the participants of the program who belong to various faculties. It was a 2 weeks' long program where the students were made to know about the different dimensions in which the college or university functions and the various activities involved. This would enable the students to get acclimatized to the various facilities and amenities that are provided by the institution. The students get introduced to the working of the institution, the hierarchy and the various aspects of the college. The courses and the curriculum are also introduced to the students such that they can decide as to which subject to choose for their higher education, what languages, which elective papers to choose etc.

The students are introducing to all the department staff and other staff who they would come across in the forthcoming semesters. This makes life easy for the students and more comfortable for them. This initiative by the Government of India has been successful across the country and at our institution there was tremendous interest shown by staff and students. More than 1500 students participated in this 15-days long program and there were many staff involved. However, from the EDC more than 11 staff contributed to this program.

#### **Outcomes of the Event:**

- The outcome of this Deeksharambh Program was to educate the students on the different dimensions and various amenities available for the students.
- More than 1500 students participated and 11 staff made the program successful for the students by introducing the EDC concepts to the students.
- The students were highlighted on the objectives and targets of the EDC to develop interest in them to participate.

• Several students enrolled themselves in the EDC at the end of the Deeksharambh program

## **Invitation/Brochure:**

#### **Outcome from Beneficiaries/ Students:**

- > The students developed an idea about the different activities which are carried out in the college campus.
- > The students gathered skills as to how to develop an entrepreneur skill in future.
- The elaborate program on Student Induction developed confidence in the students.

#### WORKSHOP ON "RURAL ENTREPRENEURSHIP DEVELOPMENT"

#### **Description of the Event:**

Dr. NGP Arts and Science College in association with Mahatma Gandhi National Council for Rural Education (MGNCRE) workshop was conducted on 14.10.2020. This workshop was purely based on the entrepreneurial needs of the students and hand holding support for the beginners. The council targeted on the village or rural population which was not aware of the EDC program and did not know about the various facilities provided by the cell for the villagers. Any private agency is welcome to join the MGNRE in order to conduct any sort of program for the upliftment of the rural population. The objective of the workshop was to bridge the gap between the EDC and the rural pubic who were not aware of the facts as to how the Govt. would enable and provide support to the people to probe into the Entrepreneurship concept rather than look for the job seeking aspects. The motto of this workshop was that, the people should learn to become job providers than job seekers such that more and more job opportunities can be provided at the national level which would strike a balance between the people and also develop a very healthy economy.

#### **Outcomes of the Event:**

- The workshop was a 1 day program which gained excellent attention from students of various faculty.
- More than 90 students turned up for the program who showed keen interest in how to bring up their career in the path of entrepreneurship.
- Objective of the program was met as they inculcated the thought of job providers than job seekers in the entire nation.
- This workshop was attended by more than 10 staff also who shared a positive feedback as this is the first of its kind workshop

#### SELF-MADE TAMIL NADU - ENTREPRENEURSHIP RALLY"

## **Description of the Event:**

The Dr. NGP Arts and Science College, Coimbatore in collaboration with Business Connect International, Coimbatore organized for the rally on entrepreneurship named as Self made Tamil Nadu which would assist people to make things on their own and not to buy from outside. Most of the indigenous products will be made in India and sold within the country. The name of the rally depicts the objective of the rally.

It says self made India which clearly indicates that how to make India a self sustainable country is the motto of the program. Around 150 students participated in this program and gave a very positive feedback that continuously such program s are needed for brainstorming the young generation. Some of the students indeed wanted another continuation of the first session as phase 2 which could not be done at the same time.

#### .Outcomes of the Event:

- The target of the program was achieved as it tried to inculcate the interest of entrepreneurship in the students.
- Several staff also took part and made an impact in their lives as they have taken up entrepreneurship as their career.
- The students were thrilled with this rally and wanted more in the forthcoming months since they were free to think and act in terms of entrepreneurship.

#### Report on

#### "Webinar on SUCCESSFUL CAREER AFTER COLLEGE"

#### **Description of the event:**

Mr. Challiyal was an enthusiastic speaker who came to highlight the gathering on an interesting topic. He said, you just graduated from college and are now facing the ultimate dilemma: What's next? Well, rest assured as you are not alone; almost 80% of fresh graduates are confused about what to do after graduation. The decision you make after graduating college is crucial for both your career and your growth. There are a variety of options available on what to do after graduation. So, it's important for you to do your research. At this time, you might be wondering if you should take a job or go for higher studies or go all in and be self-employed and create your own startup? It is absolutely normal to have such kind of questions, and, therefore, it's time to do some introspection. To help you with that, we are here to enlighten you on the different paths available after you complete your graduation. The event was getting more interesting as the students were thrilled to dream about their future on the basis of how they are going to meet their daily bread and butter in the days to come.

#### **Outcomes of the event:**

- The students suddenly saw a ray of hope at the end of their graduation.
- They were sure that each one could take up entrepreneurship as a career in future and not left jobless.
- It is better to be a job provider than a job seeker.

#### "Webinar on ETHICS AND MYTHS IN STARTUPS"

#### **Description of the event:**

A webinar on "Ethics and Myths in Startups" was organized by the Entrepreneur Development Cell (EDC) on 7<sup>th</sup> June 2021 (Monday) at 2.00 p.m. through Google meet, Mr.V. Bharathi, Managing Director Sree Guru Garments, Gobi was the invited spokesperson, a well experienced person in Textile business. He started his presentation by telling his alma matters and his career. He motivated the students by telling a realistic story on Mind set and Ethics. His presentation was mainly based on Business Ethics and Myth. He explained the uses and benefits of Promotion and he gave ideas about commitments and business plan and he added that how an entrepreneur has to behave in business sectors.

He also stated the real life experience with business. His quotes were "Comparison makes the best Business man" and "A Great Success is Starting". And he explained about the "Comfort zone". He mentioned the concepts of making changes in business plan for that he told about Mr. Rangaraj Pande's speech as an example and explained the value for efforts and money.

According to him he said "The main motive of the Business man is to earn money, but anybody can earn money even a small person can earn money and the richest person can earn money but the thing always depends on the value of the Ethics they follow". At last he left the session for the students' questions and interaction, many asked and they got clarified.

#### **Outcomes of the event:**

- The young entrepreneur has enlightened the students that at a young age people can become successful entrepreneurs and take up successful career in future.
- The talk delivered was so interesting that the students requested for a visit to the site and the guest readily agreed to entertain the students to his site in the near future.

Ms. Arthi Raghuram, Founder, Deyga Organics, Erode.

#### **Number of Participants:**

Around 48 students from various disciplines were participated in the webinar

#### Report on

#### "Webinar on PASSION AND SELF CONFIDENCE"

#### **Description of the event:**

Ms. Arthi Raghuram is a highly challenging, enthusiastic young lady who hails from an ordinary family and developed a passion for business which later became a stepping stone of success for her as her career in entrepreneurship. She loves to talk to people and teach them how to make this as a career.

Arthi madam spent long hours in explaining to the students how important it is to have self confidence in oneself before we venture into any kind of deal. In the daily life also, even as a student, it is very essential to maintain self confidence in oneself so that there is more virbrant energy in the work we do. She emphasized that working in any field without passion will not yield great benefit and it is highly essential to be motivated by oneself. Getting motivated from external sources may not help the students in the long run. She also suggested reading good books and listening to motivational talks very often to keep the enthusiasm in high spirits which is very important for any individual.

The students were thrilled by the talk which was delivered and indeed interacted with the guest for a long time getting to know more about the ups and downs in the career path which may not be always rosy as she stated. To fall and rise again is the challenge of entrepreneurs is what she said.

#### **Outcomes of the event:**

- The outcome of the webinar was that some of the students from lower social economic backgrounds understood that money has nothing to do with turning oneself into entrepreneur. It is the hard work and passion which we develop in order to reach higher.
- The students understood that entrepreneurship need not always be a steady and take it for granted. There may be downfalls which we need to manage and keep up the tempo to great heights at all times. The path of entrepreneurship is never smooth but at last it helps to reach heights in life was the lesson.

Mr Rajasekara Madhavan started his presentation by introducing himself, and then talked much about Contests and Talentena in Entrepreneurship. He is such person and committed himself for conducting workshops and contests, which help the new Entrepreneurs to get a good exposure in starting a business. He brought different ideologies and planning that includes the stages of startups in that he explained about: Ideation, Innovation, IPR, Incubation and Industry.

He also distinguished the terms Discovery / Invention / Innovation and gave a clear picture and definition on them, in view of this he stated the models like Bulb and Amazon prime. And, he explained about the types of Innovation and their categories: Amazon prime – Experience innovation, I Apple – Offering innovation, Mc Don – Configuration innovation. Later he explained the various contests conducted by the Central and State governments:

- DRDO
- DST
- BIRAC Innovation
- Indian Railway Innovation
- India Innovation Growth Program
- App Innovation Challenge
- ONGC Innovation Challenge
- Smart India Hackathon
- Toycathon 2021
- EDI TN

At the end of the session students asked questions and all of them got clarified.

### **Outcomes of the event:**

- The outcome of the talk ended in making the students highly committed to whichever work they choose to do in their field. The students can be committed to their studies, job or services.
- The students were motivated that self motivation was the best way to come up in life and that external forces cannot always motivate the individuals to win or attain their goals.

### "Webinar on ENTREPRENEUR MINDSET AND SKILLS"

### **Description of the Event:**

Ms. Rajani Raman is a dietician who tried to relate that mind and food are very closely interlinked. She addressed that saying that You are what you eat. This clearly indicated that the food is what makes us think in different dimensions. Healthy food is very essential for the body and good metabolism and betterment of the life. However, in today's world most of the people are known to skill their meals thinking they are doing a great job by working even during their eating hours. There cannot be a greater irony than this is what was stated by the speaker. She addressed the gathering by indicating the importance of a balanced meal. Every meal need not be rich, but it is very essential to have a balanced meal.

A good meal leads to healthy mind and this motivates the individuals to eat good food. The skills which are developed by the individuals must be important since it helps for an overall development of the individuals. The way the students think is what leads them to become better individuals and also to be more skillful is what she stressed.

Ms. Ranjini set examples of many individuals who were able to work and think effectively after a good meal and how the mind works when served with balanced diet. Hence, she concluded the talk by insisting the students that daily 3 good meals can keep us healthy and keep the doctor away. Good food is medicine for a healthy life. She gave a quote saying that eat like a king in the morning and eat like a prince in the afternoon and finally eat like a beggar at night so that you can remain healthy all your life.

#### **Outcomes of the Event:**

- The students found the session to be an eye opener since it has elaborate discussion of food for thought. The mind is considered to work much better and function at a better frequency with food was the conclusion.
- There were many students who never felt the need for breakfast who rushed out of their houses each morning either to work or earn. It was a great learning to all of them since the guest stressed on the point that food is the most vital component for any life on earth for better quality of life.

#### Report on

### "Webinar on GOOD STRATEGIES FOR PLANNING, WORKING AND VICTORY"

### **Description of the Event:**

Mr. Pradeep Ramkumar, the Managing Director of GK Brands agreed to deliver a lecture for the students on entrepreneurship and how to develop the minds of the young people to turn into future entrepreneurs. The talk highlighted on good strategies and planning for any victory. He said that there was no success ever seen without the involvement of the individual and also that the people need to be focused.

Irrespective of the age, the individual needs to have positive vibrations and think positive so that victory will be the only target. The individuals stressed on the point that for any planning of the work, it is important to gather the spirit of planning. Be it the smallest work, it needs good planning for it to be done successfully. The work needs to be concentrated with full spirit and strategy has to be sketched out. The goals and objectives need to be placed in the forefront so that the vision and mission of any project can be met easily. This talk was an eye opener for all the students

#### **Outcomes of the Event:**

- The outcome of the program was very overwhelming as the students made up their minds that entrepreneurship is all within themselves. They can develop their career as entrepreneurs in the near future provided they are guided with a mastermind.
- Handholding support is what the entrepreneur seeks in the beginning of the program. Eventually, they are felt lost and as they start working, they have a positive thought that they can achieve their goals.

### Report on "Webinar on OPPORTUNITIES FOR ENTREPRENEURSHIP"

#### **Description of the Event:**

Mr. Narendra Kumar offered to enlighten the students on an interesting topic like opportunities for entrepreneurship in order to motivate the students. His main objective of the meeting was that he wanted to inculcate the thought in the minds of the students that entrepreneurship is not a dream. It is possible and can be made feasible if there is a willingness to work towards the goal.

He shared the success stories of several entrepreneurs who were able to come up in life after a long struggle. The planning strategy needs to be very strong and well decided. The funding is another aspect which is very difficult for most of the startups and hence they conclude that it is near to impossible to start a career as an entrepreneur without any financial assistance. However, there are various government funding available which can be made use of for the development of skills. The government and several other NGO are readily available to help in the development of the projects or startups.

The students were highly enthusiastic in participation in the lecture and they noted down the contact details of the guest speaker so that they can interact with them at a later stage in life whenever they need any hand holding support. The student minds were instilled with the thought that there are ample opportunities for every individual if they want to start their career as entrepreneur. We need to tap the resources at the right time.

#### **Outcomes of the Event:**

- The students had not realized that the number of opportunities is ample for entrepreneurs. Thing big was the take home message for the students.
- We may not be a great entrepreneur today, however, in the long run, in the days to come; there is every possibility for them to develop into entrepreneur starting from simple to big
