2.3.1 Hackathon

1.INTRODUCTION

Hackathon is a tool to drive sustained innovation and crowdsource solutions to address pressing real-life business problems and social issues. A hackathon is typically a time-bound competitive event where participants collaborate to build proofs of concept and minimum viable products for a specific pre-defined problem or to innovate.

OBJECTIVE:

The main objective for conducting inter department is to showcase the students analytical and coding talents. The event was conducted for the final and pre final years to develop their coding skills.

DATE: 09-10-21

DATE: 29-12-20   **DAY:** Tuesday
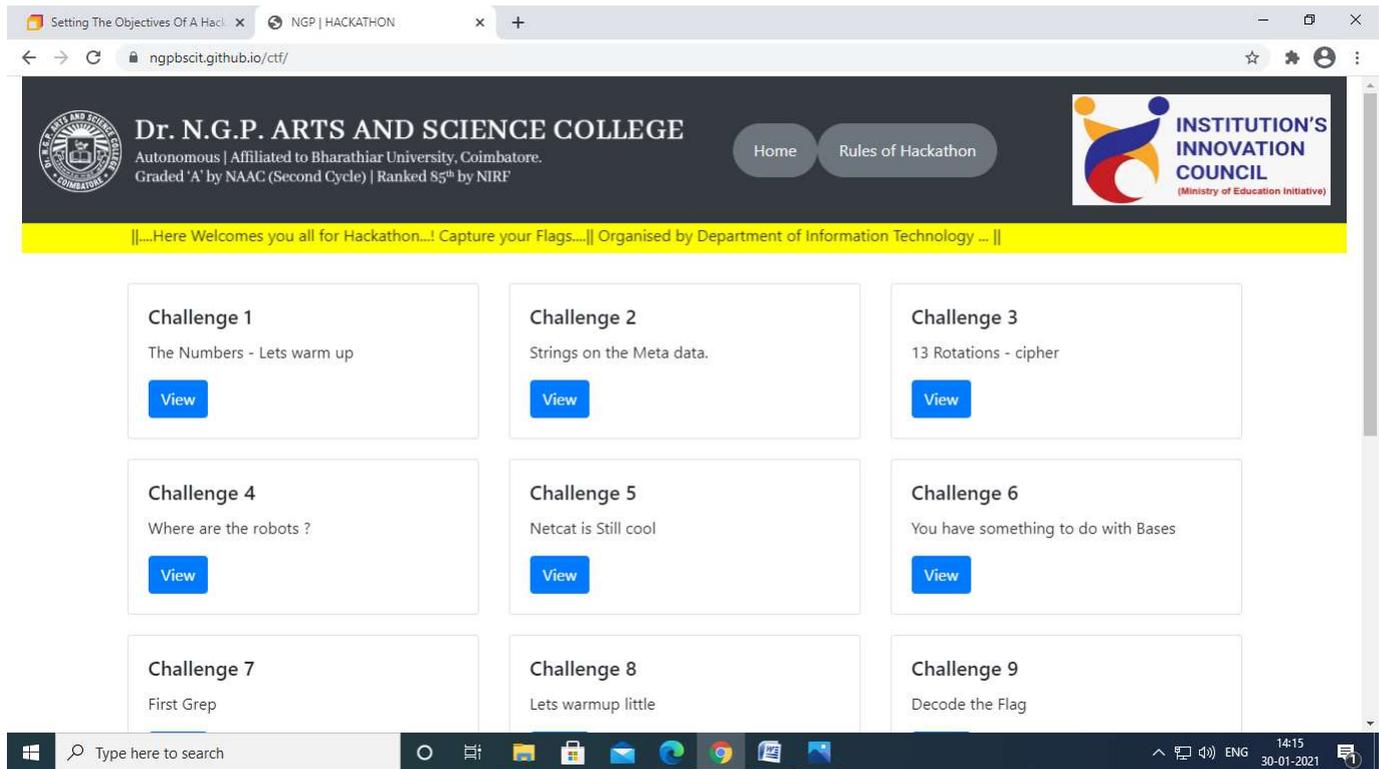

Venue: OnLine Mode

OBJECTIVE:

A Hackathon should boost the innovation culture and further establish the idea-sharing, effective collaboration and creativeness driven by enthusiasm towards a shared goal. Students have a great opportunity to discover technologies, teams and demonstrate their skills and talents outside their typical job description; Corporations have the opportunity to identify talent, experience powerful teams being setup and capture valuable feedback.

Competition Link: https://ngpbscit.github.io/ctf/

Hackathon Website

Event Description:

Cyber security Hackathon was conducted by Department of Information Technology dated on 29/12/20 ,on behalf of Faculty of Computer Science, Dr.N.G.P Arts and Science in association with Institution's Innovation Council. Around 90 students from Faculty of Computer Science registered, attended the orientation program and participated in the hackathon event.

OUTCOME:

- Student's came to know the importance of hackathon.
- Participants have exposed their talents and knowledge towards hackathon.
