Organised by

CONNOISSEURS ASSOCIATION

DEPARTMENT OF CATERING SCIENCE AND HOTEL MANAGEMENT

DATE: 10.01.2017

DAY: Tuesday

PLACE: NSS CAMP, KARUPPARAYANPALAYAM

DESCRIPTION: Cookery Demonstration Programme as outreach program was organized to give awareness on fast food cooking to the public of Karupparayanpalayam village. 10 Students along with 2 staffs gave demonstration on the above. The importance of the demonstration programme is to educate the people about the preparation of fast food items for their children, as most of the children are very much interested to have fast foods. But they have to depend on a fast food center for providing it to their children. But we may not know that the food is prepared hygienically and without the addition of ajinomotto, which is the taste improver. So by learning this they can prepare their own fast food.

Students and staff engaged in demonstration of Fast food and the school teachers are listening and asking doubts about the ingredients.

OUT REACH/EXTENTION PROGRAM ON HELTH CAMP

ORGANIZED BY

DEPARTMENT OF BIOCHEMISTRY

DATE: 23.08.2016 – 26.08.2016

PLACE: Seminar Hall –III,D Block, Dr.N.G.P Arts and Science College

TOPIC: Health Camp

DESCRIPTION:

Health Camp (Blood Grouping, Height, Weight, BMR, Dental and Eye Check Up) was conducted by Dept of Biochemistry in association with Department of N&D and KMCH College of Nursing for all first year under graduate students.

OBJECTIVE:

Health checkup camp was organized where free health checkup and diet consultation was provided to the first year students of the college. A preventive health checkup can identify any health condition at an early stage and thus save on the medic al expenses. Children with eating disorders such as over-eating should be followed up by teachers, especially those in hostels. This helps prevent health conditions such as under nutrition and obesity. For schools, having comprehensive health programmers' is important as it helps provide students information on how the human body functions and factors that prevents illness or danger to health. This aids them to take precautions where necessary.

OUTREACH / EXTENSION ACTIVITY - ENUMERATION OF MICROBIAL LOAD IN VARIOUS LOCATIONS AT DR. N. G. P. ARTS AND SCIENCE COLLEGE

**Organized by Louis Pasteur Memorial Club
Department of Microbiology**

DATE:29.12.2016

DAY:Thursday

PLACE: DRNGPASC Campus, Kalapatti

DESCRIPTION:

The quantity of Microbial load in the air reveals the quality of air around our campus. In order to enumerate the microbes in our campus the department of microbiology was organized an awareness program at NGPASC and 5 Students of III B.Sc., Microbiology along with 2 staffs gave awareness on the above. It focuses environmental efforts on air quality, the natural and cultural environment, good human health, efficient material cycles free from pathogens, sustainable use of natural resources, efficient energy use, and patterns of consumption. The use of biodegradable compounds is also part of an efficient environmental monitoring strategy and can reduce the contaminants in the campus. To help the biological science students to overcome the contamination problem during their lab works was the main objective of the program.

OUTREACH / EXTENSION ACTIVITY - DONATING THE BASIC NECESSITIES TO THE ORPHANS

Organized By

Health Symbiosis Association

Department Of Hospital Administration

DATE:18.10.2016

DAY:Tuesday

PLACE: Universal Peace Foundation

DESCRIPTION:

Our MHA students helped orphans in Universal Peace Foundation is hugely empowering and, in turn, made them feel happier and more fulfilled. Research has identified a link between making a donation to charity and increased activity in the area of the brain that registers pleasure - proving that as the old adage goes, it really is far better to give than to receive. A charity that aims to end childhood hunger might have a fundraiser designed in order to provide free meals to local families. Our MHA students raised funds and donated the necessities to the orphans in Universal Peace Foundation.
