Preparation of Business Plan (24.08.2016)

1. Report

DEPARTMENT OF COMMERCE WITH PROFESSIONAL ACCOUNTING

The Department of Commerce with Professional Accounting organised a special lecture on ‘Preparation of Business Plan’ on 24.08.2016. The business plan should cover three years and provide detailed explanations of actions that are proposed to accomplish the primary functions of the institution. The description should provide enough detail to demonstrate that the institution has a reasonable chance for success, will operate in a safe and sound manner, and will have adequate capital to support the risk profile. For any institution with an Internet or alternative electronic delivery channel, the plan should contain a clear and detailed definition of the market the institution plans to serve and the products and services it will provide through electronic channels. Because the Internet has a potential global market and can reach anyone with Internet access, the selected information on
