2.1 Application Generation and printing

On every Exam this if the starting point. All the subjects allotted for student inn current semester are considered as Regular papers. The subjects with Re-appear status in previous semesters are considered as Arrears. Application no is primary key for applications and fees Demand galley is generated for office purpose to tally fees collection.

2.2 Student Confirmation

On Fees collection from principal office and eligible candidate selected allocation reaching the COE office will be confirmed for the selected exam in this module. This is the real list for an exam process.

2.3 Hall Ticket Generation and Printing

It the authenticated report given for the candidates to appear for an exam with photo.

2.4 Exam Time Table Entries

For Each Subjects confirmed for exam, date and Session is assigned. Campes indicate the occasion when a same student writes exam in same day and session.

2.5 Hall Allotment

The exam seating arrangement can be made before each exam and it produce variety of reports in guiding the no. of question papers to be distributed to each hall. Hall Signature report is produced to get signed from the candidate.

2.6 Mark Sheet Code generation

To Make a certificate number Unique a certificate code is generated for each student confirmed for the exam. This is one of the security feature to avoid duplicate mark sheet for same student for selected exam. And also each mark/Grade sheet is referred by a code which is unique.

2.7 Exam Absentee Entries

On the day of exam absentee candidate entry for particular subject can be mark in either two ways. One though the exam hall signature list collected from exam hall and another way though selection the subject and loading the candidates who are confirmed for that subject.

2.8 Internal mark Entries

CIA/Internal marks are collected from concern department and it should be entered through internal mark module when there is no campes internal mark import provision. This is manual method of mark entry.
