

FACULTY DEVELOPMENT PROGRAMME FOR THE ACADEMIC YEAR 2017-18

EVENT 1

RUBRICS FOR STUDENT ASSESSMENT AND GUIDELINES FOR FRAMING QUESTION PAPER

I Introduction

Rubrics can be excellent tools to use when assessing students' work for several reasons. It can be used for marking assignments, class participation, or overall grades. Rubrics can help clarify teachers expectations and will show students how to meet them, making students accountable for their performance in an easy-to-follow format. The feedback that students receive through a grading rubric can help them improve their performance on revised or subsequent work. So, this FDP was organized to all teaching faculty.

II Event Description

Awareness was given to all the faulty members regarding the RUBRICS assessment along with the guidelines for framing questions for internal assessment.

Dr. Geetharamani, Professor of Microbiology gave a clear view about the Guidelines for Framing Question Paper.

EVENT 2

New NAAC guidelines for Assessment & Accreditation

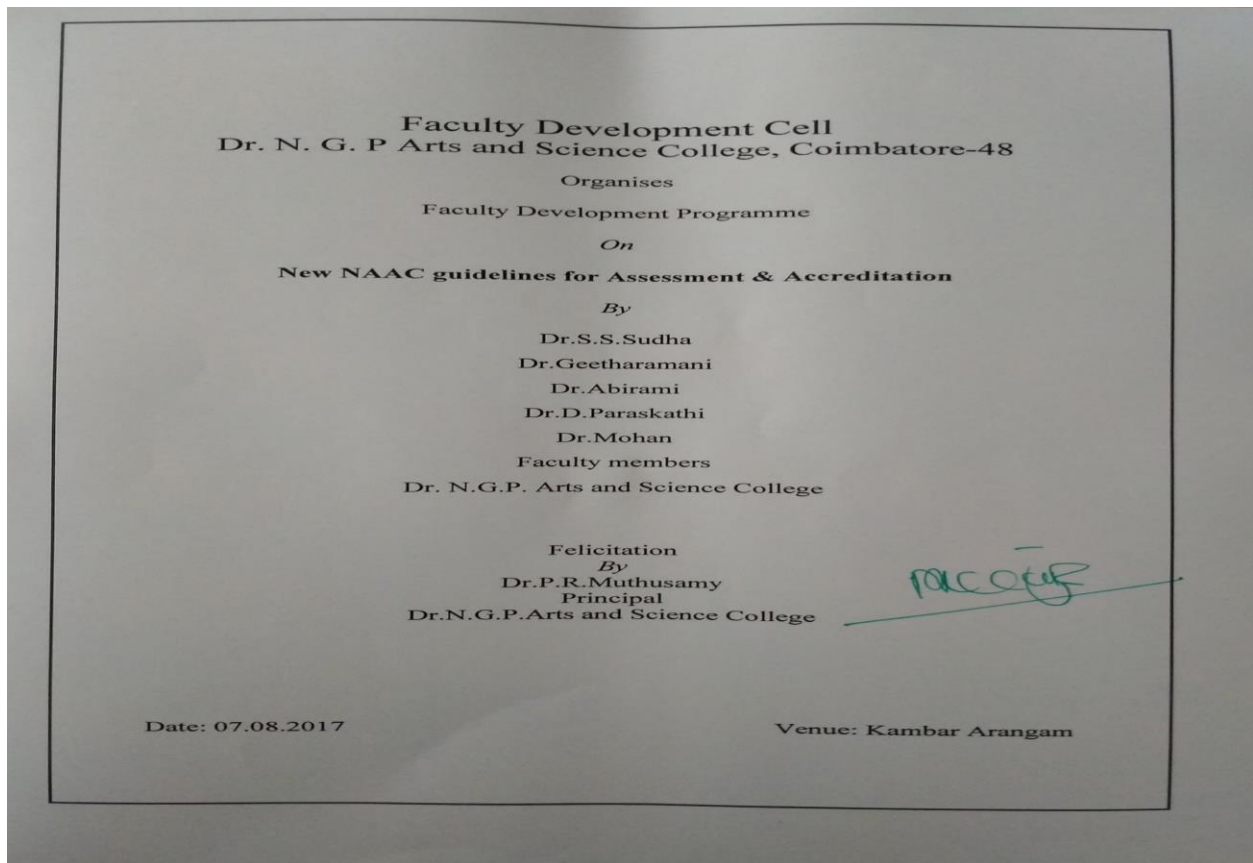

I Introduction

The NAAC has been carrying out the process of quality assessment and accreditation of HEIs over the past two decades. Several HEIs have gone through this process and a sizeable number has also undergone subsequent cycles of accreditation. The Revised Assessment and Accreditation Framework was launched in July 2017. It represents an explicit Paradigm Shift making it ICT enabled, objective, transparent, scalable and robust. FDP was organized to all teaching faculty to make them aware of the new guidelines.

II Event Description

Awareness was given to all the faculty members regarding the updated NAAC guidelines for Assessment and Accreditation by 3.00 P.M at Kambar Arangam.

VIII Outcome

This FDP gave an insight about the New NAAC guidelines for Assessment & Accreditation. By verifying these guidelines the accurate data can be maintained from the beginning, lagging areas can be identified by faculty while working for NAAC, so the score can be improved easily.

EVENT 3

Intellectual Property Rights and Innovation

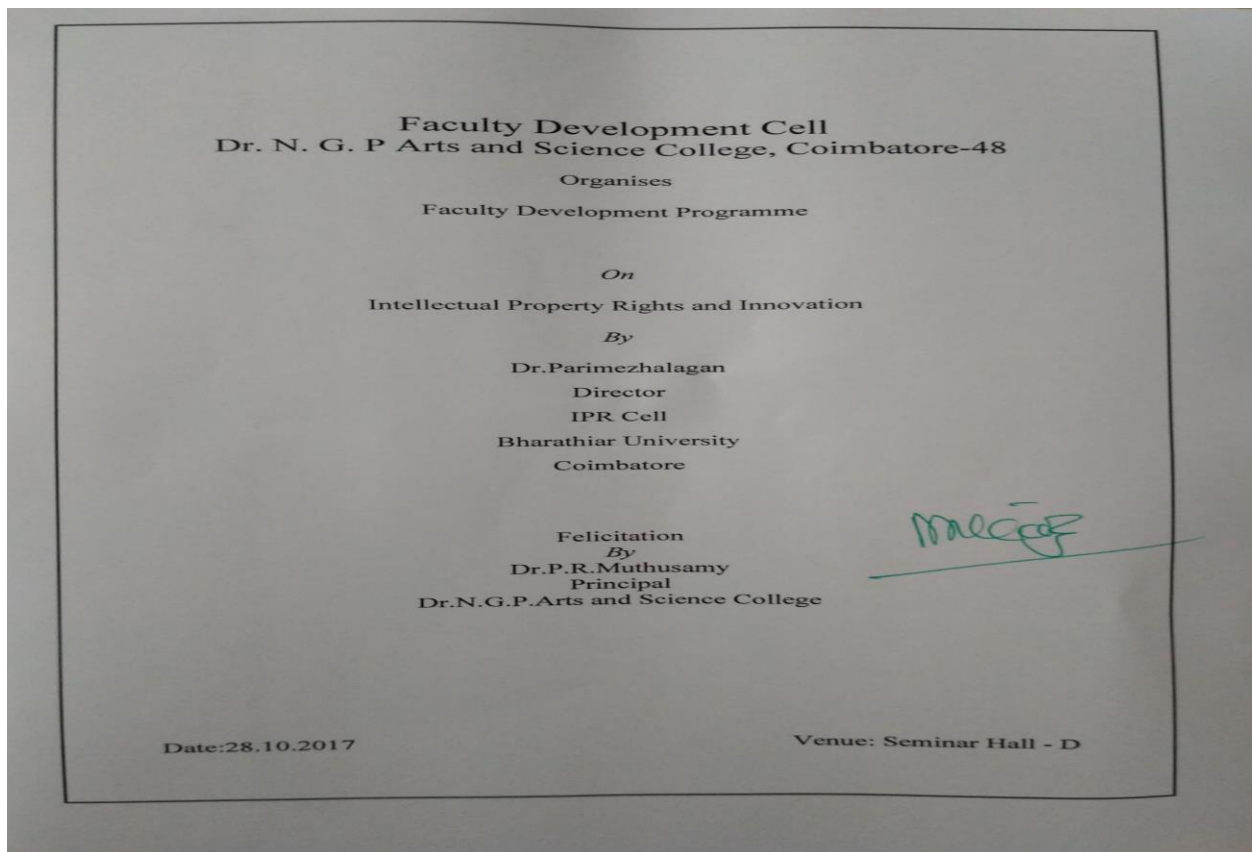

I Introduction

Intellectual Property Rights are institutional regulations that enable innovation by creating the incentives to invest in research and development. IPR are the regulatory response to address the difficulties for private firms to fully appropriate the returns on their investment. Innovation means doing something new that improves a product, process or service. Many innovations can be protected through intellectual property (IP) rights. FDP was organized to all teaching faculty to make them aware of current topics.

II Event Description

An IPR and Innovation is a new emerging topic. FDP Cell has organized a programme for faculty members by inviting Dr. Parimezhhalagan, Director, IPR Cell, Bharathiar University as a guest in Seminar Hall – D at 10.00 am

EVENT 4

Academic performance Indicators

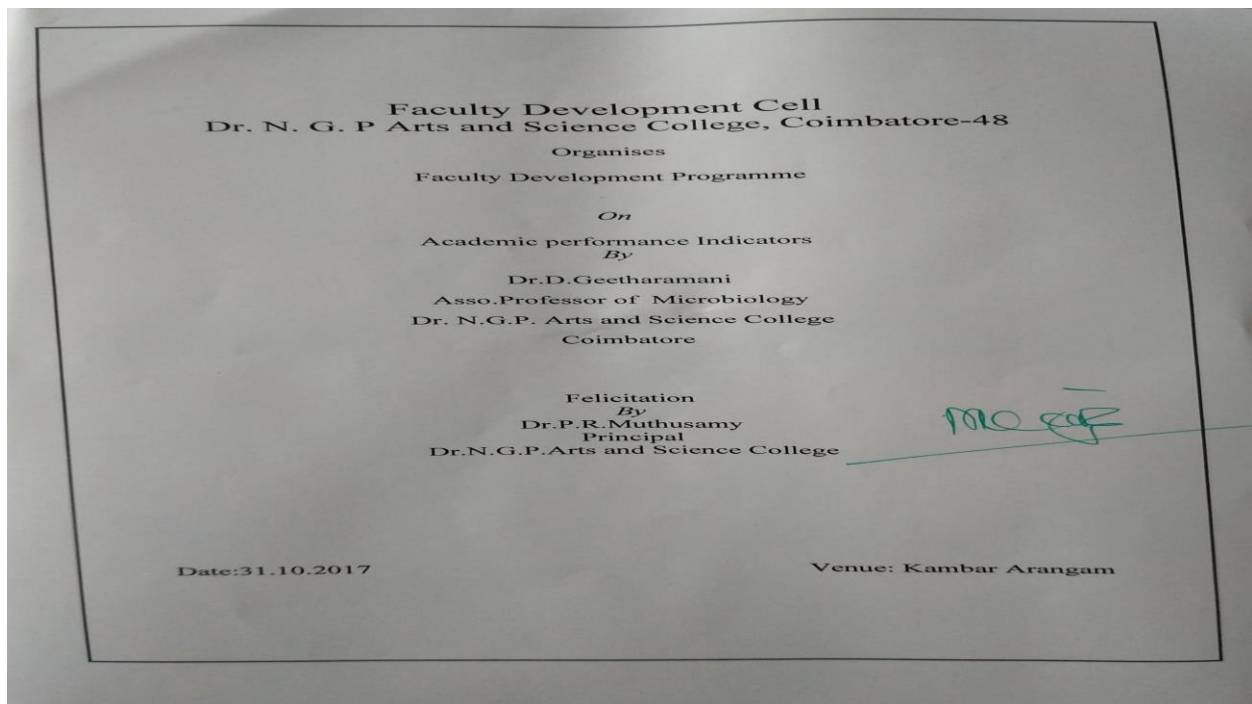

I Introduction

The most important being the quality of faculty since the primary objective of any institution is the quality of education it imparts. The faculties are majorly responsible for this along with other factors like education tools, library, research databases, etc. The University Grants Commission has a way of assessing the academicians by way of Academic Performance Indicators. Generally, the institutions resort to reviewing the API scores of the teaching professionals in determining whether to promote them or not to a higher position of responsibility. In this regard, the FDP was organized to all teaching faculty.

II Event Description

Awareness was given to all the faulty members regarding the Academic performance Indicators on 31.10.2017, 3.00 P.M at Kambar Arangam. Dr. D. Geetharamani.

VIII Outcome

Dr. Geetharamani, Professor of Microbiology gave a brief discussion about the topic, The Academic Performance Indicators, which have been a controversial topic of discussion since 2010 in the teaching community has undergone certain changes. The changes have been incorporated with regard to the responsibility on teachers along with changing norms under research sub categories.

Event 5

I. Introduction

The main objective of Faculty Induction Programme is to transform a teacher into a distinct person who renovates creativity and knowledge in the minds of the learners.

II. Description

A teacher empowerment programme to help the novice college teachers for overcoming their challenges with confidence is essential through increased awareness among them. Helping new teachers for achieving their full potential is a primary responsibility of the academic experts of the University.

III. Invitation

VIII Outcome

Staff members are aware about the expectations that are required for the students to place themselves in a reputed company which can help them for their career development.

EVENT 7

Flipped Classroom

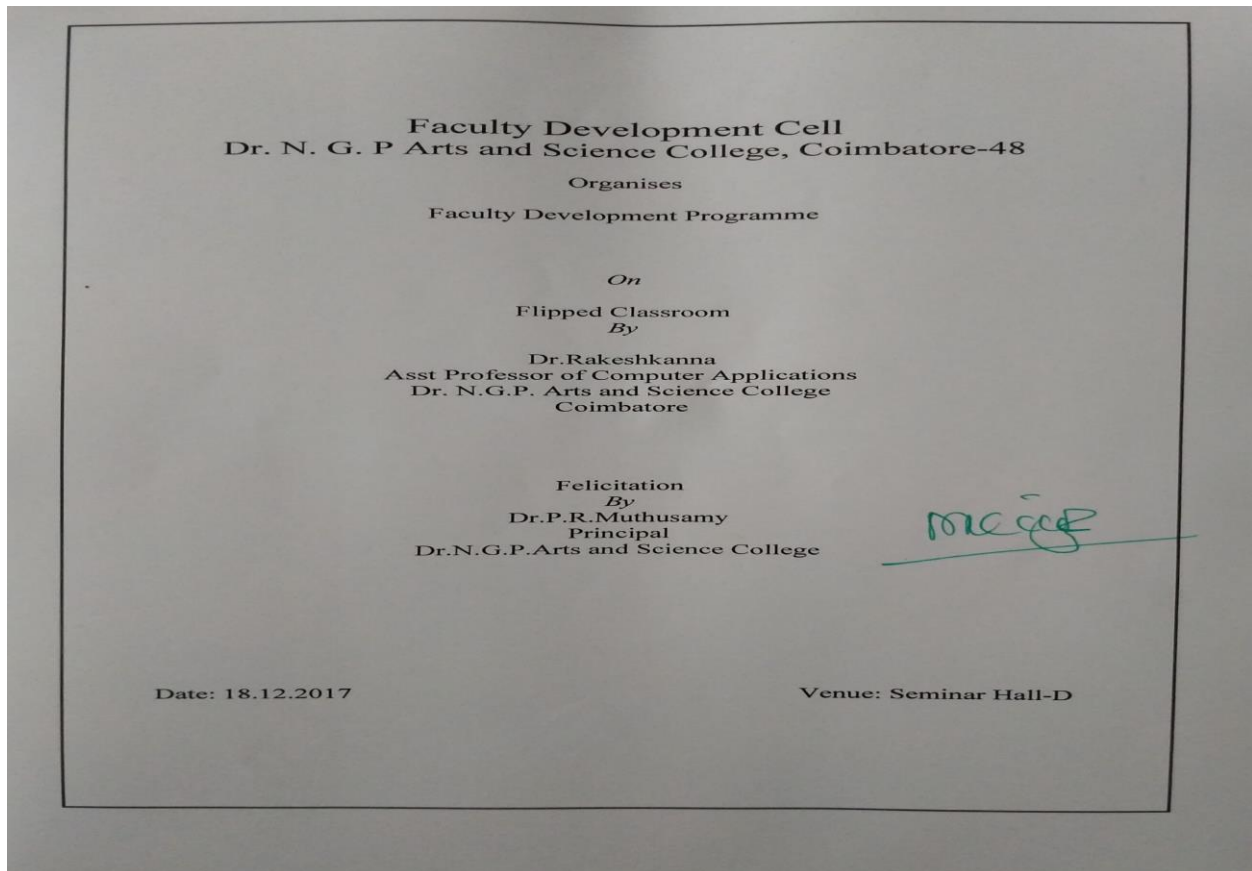

I Introduction

A flipped classroom is an instructional strategy and a type of blended learning, which aims to increase student engagement and learning by having students' complete readings at their home and work on live problem-solving during class time. The flipped classroom inverts the traditional learning experience. Lectures are shared outside of class time for individual review as homework, and classroom time is reserved for class discussion and interactive projects. FDP was organized to all teaching faculty regarding Flipped classroom.

II Event Description

Awareness was given to all the faculty members regarding the Flipped classroom by Dr. Rajesh Kanna by 3.00 p.m. at Seminar Hall-D.

VIII Outcome

Faculties came to know that in Flipped classroom, students can reap the benefits of flipped instruction while doing everything in class. In this model, teachers give their students time to watch the video or read a text in class; students then do the follow-up work, with the teacher providing help and guidance as needed. This is extremely helpful for students who need help with the content they're learning in the video.

EVENT 8

Scientific writing and IPR

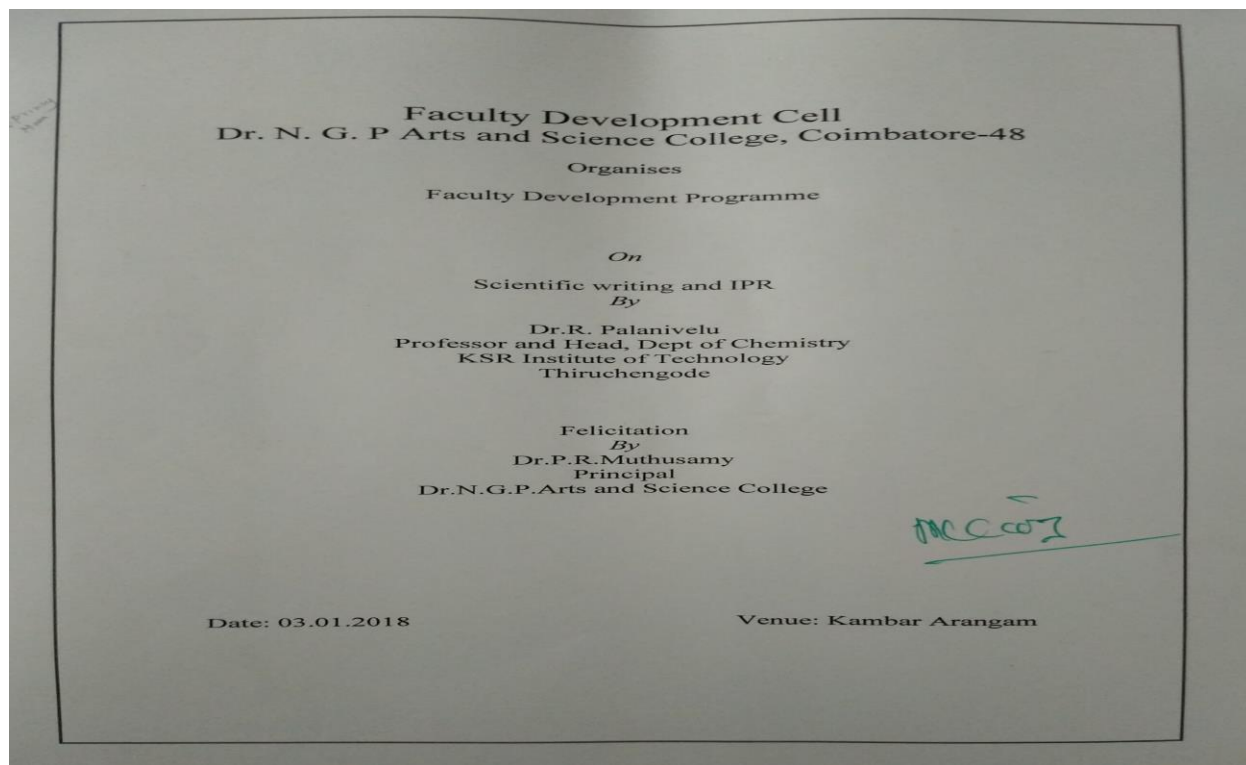

I Introduction

FDP on Scientific writing and IPR gave participants tools needed for organizing and preparing their scientific and technical communications, in academia and in industry. It is not possible to protect ideas alone, and only specific categories of subject matter will gain legal protection.

II Event Description

Dr. R. Palanivelu, Professor and Head, Department of Chemistry, KSR Institute of Technology, Thiruchengode gave a practical introduction to the identification, assessment and possibilities for protection of different types of IP in a research context, with a focus on technical IP and based on examples from different technology areas were discussed. FDP enables faculty to recognize and realistically assess the importance of IP and to initiate and effectively support appropriate measures for their protection.

VIII Outcome

FDP on Scientific writing and IPR gave participants tools needed for organizing and preparing their scientific and technical communications, in academia and in industry. The main regimes discussed are copyright, patents and confidential information, although designs may also be relevant.

EVENT 4

Academic performance Indicators

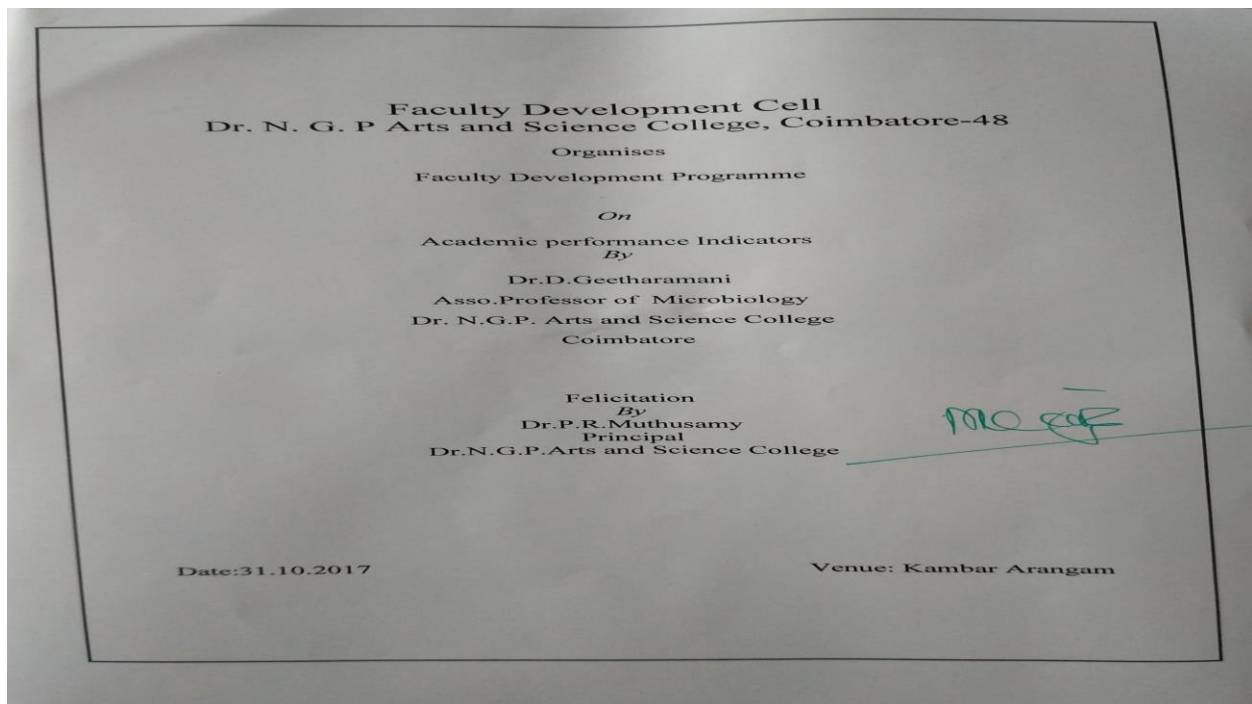

I Introduction

The most important being the quality of faculty since the primary objective of any institution is the quality of education it imparts. The faculties are majorly responsible for this along with other factors like education tools, library, research databases, etc. The University Grants Commission has a way of assessing the academicians by way of Academic Performance Indicators. Generally, the institutions resort to reviewing the API scores of the teaching professionals in determining whether to promote them or not to a higher position of responsibility. In this regard, the FDP was organized to all teaching faculty.

II Event Description

Awareness was given to all the faulty members regarding the Academic performance Indicators on 31.10.2017, 3.00 P.M at Kambar Arangam. Dr. D. Geetharamani.

VIII Outcome

Dr. Geetharamani, Professor of Microbiology gave a brief discussion about the topic, The Academic Performance Indicators, which have been a controversial topic of discussion since 2010 in the teaching community has undergone certain changes. The changes have been incorporated with regard to the responsibility on teachers along with changing norms under research sub categories.

EVENT 6

Webinar on placement statistics of 2017 and industry expectations for 2018

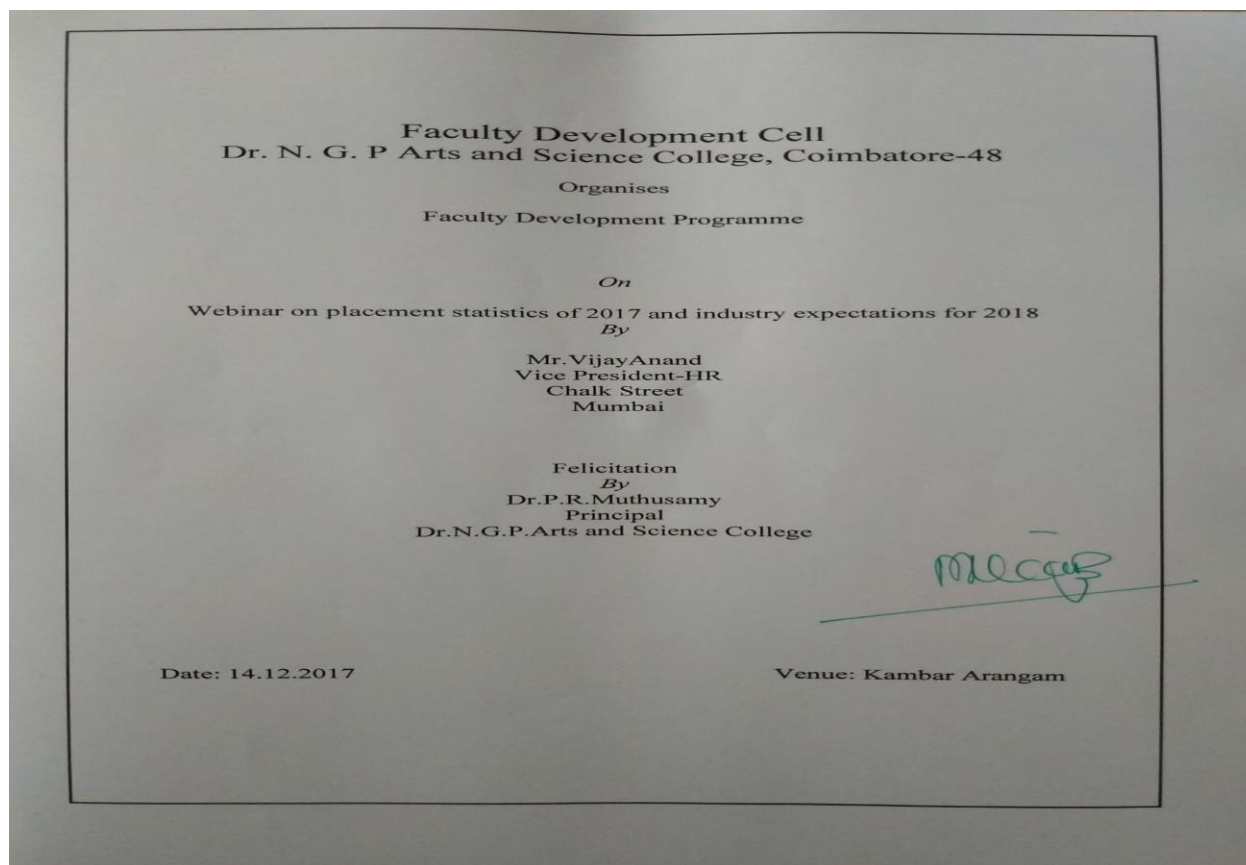

I Introduction

The industry is always on the lookout for students who are vibrant, energetic individuals and ready to accept challenges, attentive, a good academic background, fast learners, open to learning even at work and more importantly, good communication skills. FDP was organized to all teaching faculty to make them aware of the industrial expectation from the students whom they are shaping.

II Event Description

Awareness was given to all the faulty members regarding the industrial expectation and the previous placement statistics to fill the gap between the reality prevailing in industrial sector and their expectation from the students by Mr.Vijay Anand, Vice President-HR, Chalk Street, Mumbai, 11.00 A.M at Kambar Arangam.

VIII Outcome

Staff members are aware about the expectations that are required for the students to place themselves in a reputed company which can help them for their career development.

EVENT 11

Examination Reforms towards OBE

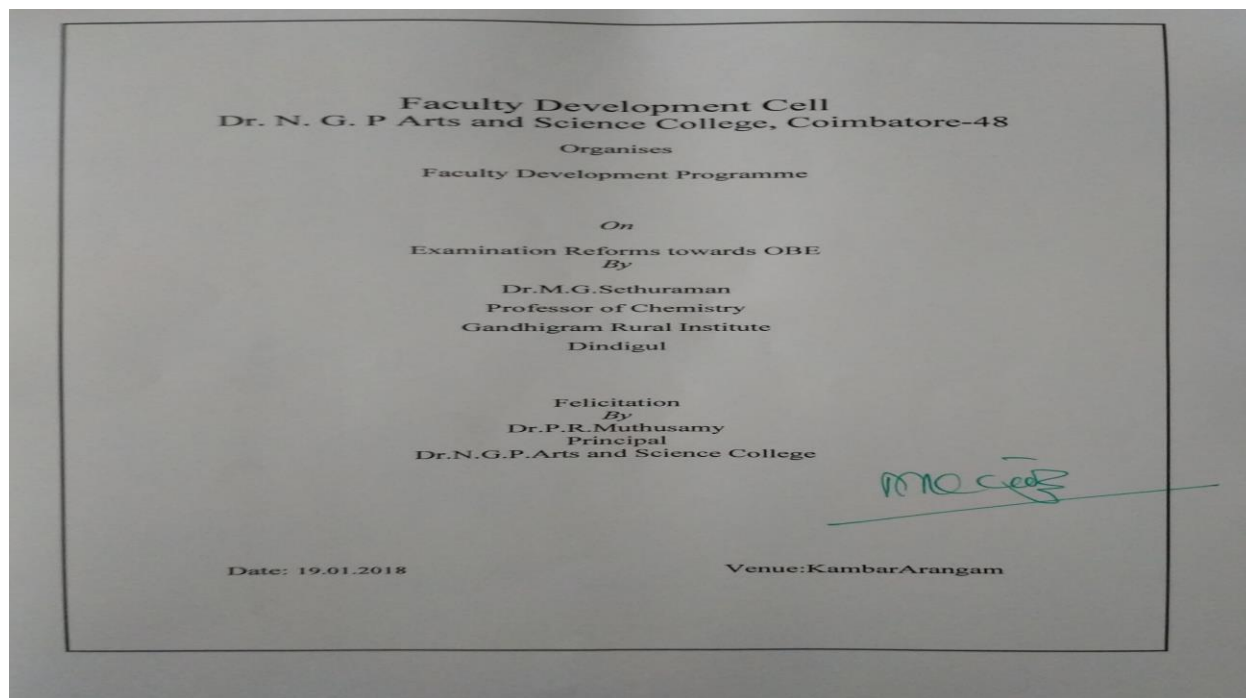

I Introduction

The relationship between examinations and standards of teaching and learning are intimate. Improvement in any one of these aspects results in improvement of other aspects as well. Therefore, the objective of examination reform is to make it an instrument of good education. OBE is a student-centric academic model that bases each part of an academic system around goals (outcomes). By the end of the academic year, each student should have achieved the goal. The OBE maps & measures students' performance at every step. The OBE model aims to maximize student learning outcomes by developing their knowledge & skills.

II Event Description

Awareness was created among faculty members regarding the Examination Reforms towards OBE by Dr. M.G. Sethuraman, Professor of Chemistry, Gandhigram Rural Institute, Dindigul at Kambar Arangam

VIII Outcome

Faculty came to know about the outcome based education system is referred to as standard based education, has proven to be a success in helping institutions measure their learning outcomes and at the same time enabling students to develop new skills that prepare them to stand out with their global counterparts.

EVENT 12

E-Resources for Research, Flipped Class room & Kalandhorum Kalvi

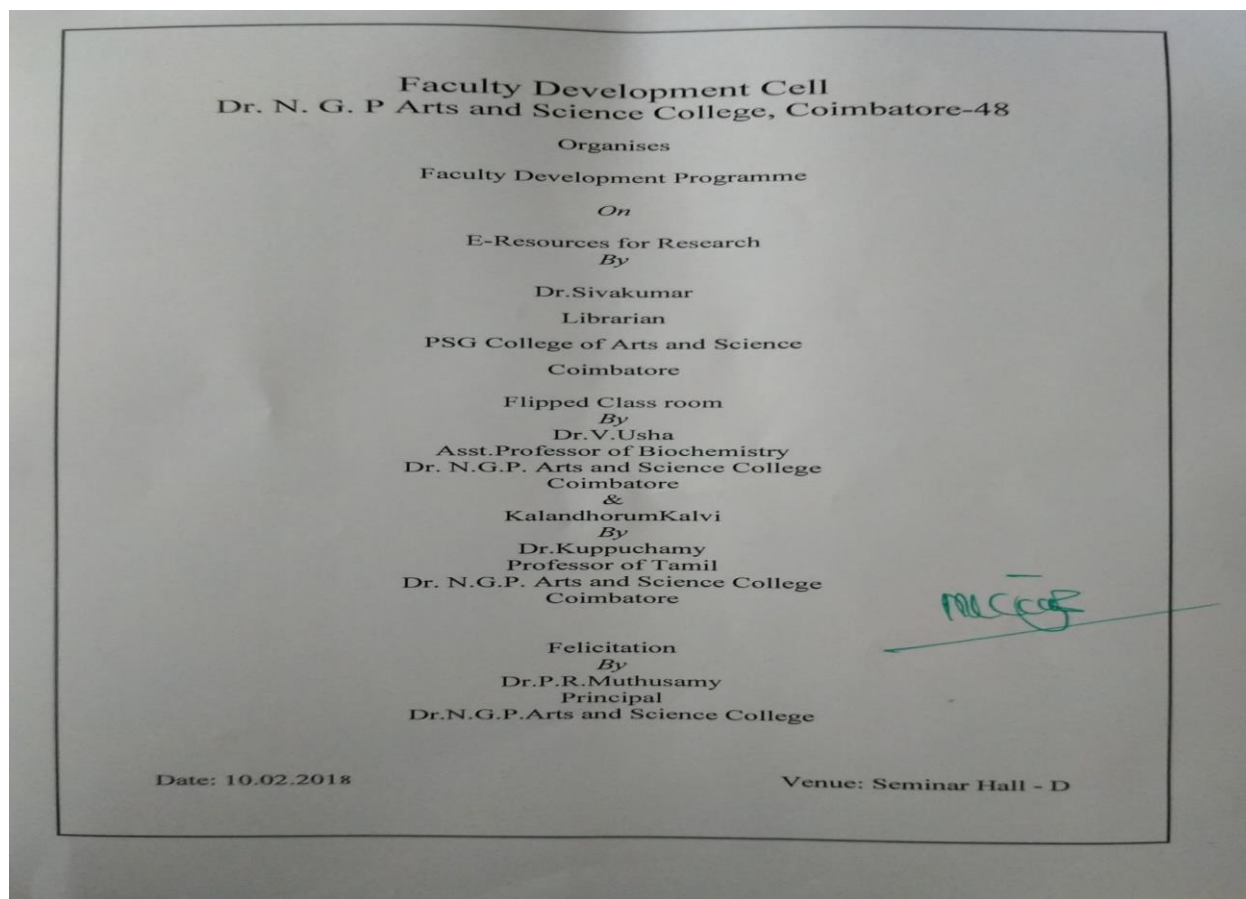

I Introduction

The Internet can be used for efficient retrieval and meeting information needs. This is very important for university libraries since most of them call for more and more research work. This important fact is convincing many libraries to move towards digital e-resources, which are found to be less expensive and more useful for easy access.

II Event Description

Awareness was given to all the faulty members regarding the E- Resources for Research, Flipped Class room & Kalandhorum Kalvi.

EVENT 13

Social Survey

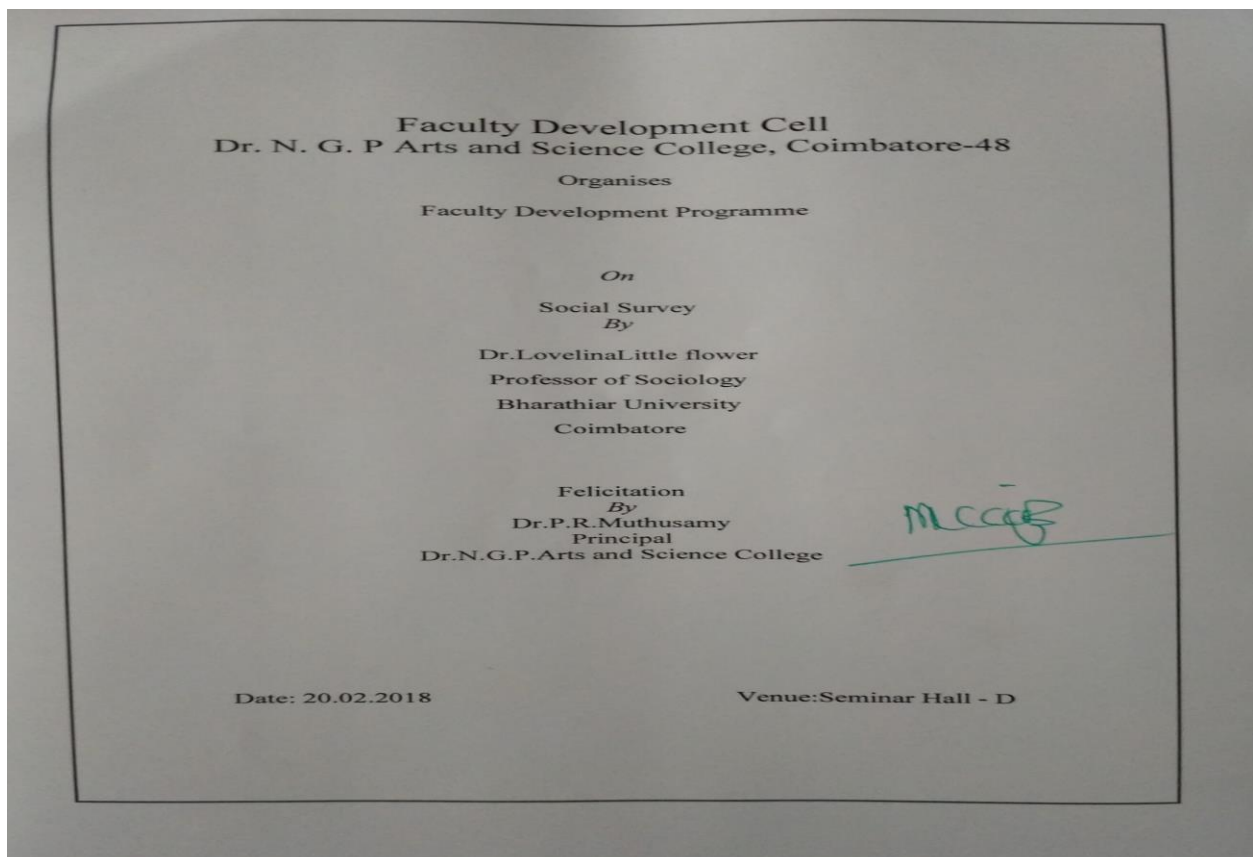

I Introduction

A Social Survey involves obtaining information in a standardised form from large groups of people. The main survey methods are questionnaires and structured interviews. The researcher has a choice of administering her questionnaire in a number of different ways. The most obvious difference choice is between whether respondents complete the surveys themselves, making it a 'self-completion questionnaire', or whether the researcher fills in the information, effectively making it a structured interview.

II Event Description

An FDP was organized on Social Survey, Dr. Lovelina Little flower, Professor of Sociology, Bharathiar University, to all faculty members at Seminar Hall – D.

EVENT 14

Cyber Security

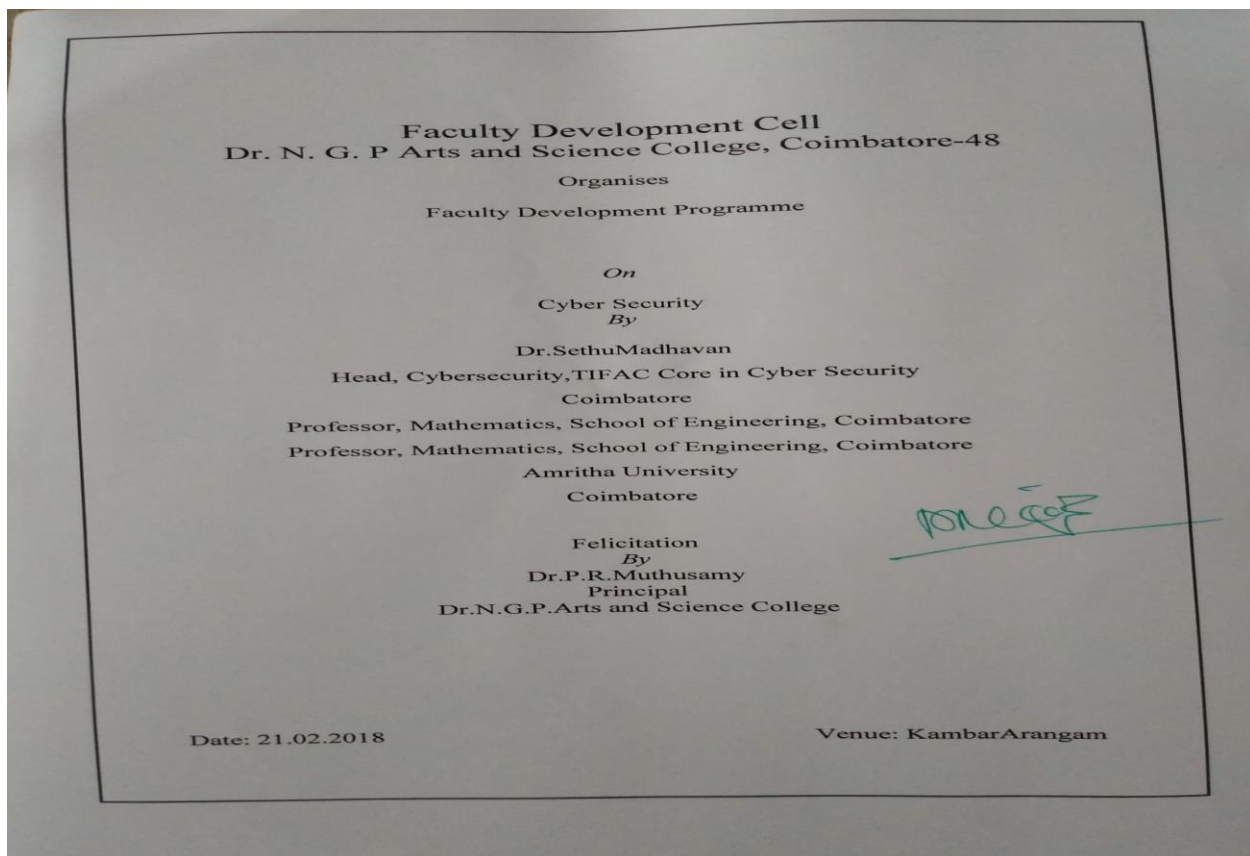

I Introduction

Cyber security focuses on protecting computer systems from unauthorized access or being otherwise damaged or made inaccessible. Cyber attacks cost organizations billions of pounds and can cause severe damage. Cyber security is the practice of protecting systems, networks, and programs from digital attacks. These cyber attacks are usually aimed at accessing, changing, or destroying sensitive information; extorting money from users; or interrupting normal business processes. Implementing effective cyber security measures is particularly challenging today because there are more devices than people, and attackers are becoming more innovative.

II Event Description

An FDP was organized to all teaching staff on Cyber Security by Dr. Sethu Madhavan, Head, Cybersecurity, TIFAC Core in Cyber Security, at Kambar Arangam.

Staff members are aware of various data security principles like choosing strong passwords, being wary of attachments in email, and backing up data.

EVENT 15

Attributes for Teaching professionals & Embedding Entrepreneurship in curriculum

I Introduction

A good teacher can make a world of difference in a student's life, impacting everything from their classroom learning to their long-term success. Some qualities of a good teacher include skills in communication, listening, collaboration, adaptability, empathy and patience. Other characteristics of effective teaching include an engaging classroom presence, value in real-world learning, exchange of best practices and a lifelong love of learning.

II Event Description

FDP was organized on Attributes for Teaching professionals by Dr. P.R. Muthuswamy, Principal and Embedding Entrepreneurship in curriculum by Mr. B. Narasimman, Asst. Professor of Computer Technology in Seminar Hall – D to all teaching staff.
