Dear Sir,

Sub: National Science Day Celebration - Partnership - Guest of Honour - Thanks - reg.

Warm Greetings from Dr N.G.P. Arts and Science College!

On behalf of our Management, our Institution and my own personal behalf, we thank you for devoting your valuable time and contributing third prize to the student winners of various competitions organized on the eve of "National Science Day Celebration" from nearly 30 government schools in Trippur district, and delivering an excellent and inspirational address.

The emphasis you have accorded in your discourse on the SWOT (Strength, Weakness, Opportunity and Threat) to school students especially with an analogy of rabbit and tortoise story received wider attention, acceptance and excitement. The particular mention of Dr. A. P. J. Abdul Kalam will surely inspire the school students to set their career path and tap the inherent talents in them.

Certainly your presence have transformed this function a remarkable one. We look forward for a continuous patronage in our future endeavors. As a token of memory, we have attached few photographs.

Looking forward for the continuous support from Dr. KET in this noble endeavor.

Thanking You,

Yours sincerely,

Dear Sir,

Sub: National Science Day Celebration - Partnership - Chief Guest - Thanks - reg.

Warm Greetings from Dr N.G.P. Arts and Science College!

On behalf of our Management, our Institution and my own personal behalf, we thank you for devoting your valuable time and contributing first prize to the student winners of various competitions organized on the eve of "National Science Day Celebration" from nearly 30 government schools in Trippur district, and delivering an excellent and inspirational address.

The emphasis you have accorded in your discourse especially on the role of parents and teachers in instilling a curious aptitude for learning among school students, and creation of favorable learning environment received wider attention and acceptance. The particular mention of Dr. A. P. J. Abdul Kalam will surely inspire the school students to set their career path and tap the inherent talents in them.

Certainly your presence have transformed this function a remarkable one. We look forward for a continuous patronage in our future endeavors. As a token of memory, we have attached few photographs.

Looking forward for the continuous support from EBG foundation in this noble endeavor.

Thanking You,

Yours sincerely,

  
(Prof. Dr. V. Rajendran)

National Science Day is celebrated on 28th February every year. National Science Day marks the discovery of the Raman scattering by the Indian physicist Sir Chandrasekhara Venkata Raman on February 28 in 1928. The Raman Effect names inelastic scattering of a photon. For the first proof of that effect Raman got the Nobel Prize in 1930. Each year National Science Day follows another topic but it is always an honor for Raman.

We thank you for the opportunity given to us to handhold with you in spreading the science among the society and to the villages in particular.

Last year the National Science day-2019 was celebrated in a grand manner along with your esteemed organisation.

We hopefully request you to give a chance to work with you to spread the essence of science by conducting National Science Day celebration.

In this regard our Hon. President Dr. Krishnakumar will associate with you for further discussions and plan of action.

Thanking you

GOD Bless you All
