AVOGADRO ASSOCIATION

CHIEF EDITOR'S MESSAGE:

It gives me great happiness to present the first issue of Avogadro Association's Newsletter. This inaugural issue is a brief account of the important events held up in the chemistry department during the academic year 2017-2018 and it was full of various activities by the students and faculty in academic, co-curricular, extra-curricular as well as research and developments.

I extend my deep appreciation to all our resource persons who taught and mentored students and have new plans for next year.

A lot of effort has been made for making of this newsletter. I thank all my faculty friends and students for their effort, contribution and support towards making this first issue of Avogadro newsletter in the pleasant manner.

I hope that our department will go for the best in future and this will give us the chance to see the reflection of our progress and achievements. This is only a small step towards a long journey.

Best Wishes.
