EDITORS' DESK

With the pace of the World Trade, Finance has grown moderately and broadly. This reveals that there are continuous demands for the financial intermediaries. The collective endeavor to convince the decision makers, private and public companies, regulators and other trade finance products are safe and support economic development. They encounter the challenges and Strategies for controlling inflation and promoting growth. The emerging demand in global economy, commerce and management is its need of experts in the field of Finance. Internationalization of financial market in the world is rapidly developing; role of foreign direct investment and foreign institutional investment creates a great reform in Indian and International economic sectors. The Competition being faced by the IMF and World Bank in International level has created the want of more financiers. The course of Finance was introduced from the academic year 2013.

The course Banking and Insurance was introduced in the academic year 2015. The Sanctioned students intake for the Department was 50 and the admitted strength was 47 with two faculty members. Banking today is a niche career for enthusiasts in the field of commerce and accounts. For the beginners, it is the first step towards understanding the global economy, discovering the challenges of the marketplace and identifying themselves with a career that provides them with tremendous opportunities, both within the country and abroad. It is quite obvious for people to mix up between a course in finance, accounts and banking as these are highly related areas.

This newsletter is the touchstone that certainly enables us to know where we are and what we can do, mingled with our students' talents exposure.
