About the PFMS

The Public Financial Management System (PFMS) is a web-based online software application development and implemented by the office of Controller General Accounts (CGA). The primary objective of PFMS is to facilitate sound Public Financial Management System for Government of India (GoI) by establishing an efficient fund flow system as well as payment cum accounting network. PFMS provide various stakeholders with a real time, reliable and meaningful management information system and an effective decision support system, as part of the Digital India initiative of GoI. The biggest strength of PFMS is its integration with the Core banking system in the Country. As a result, PFMS has the unique capability to push online payment to almost every beneficiary/vendor. At present, PFMS interface is having interface in addition to the Core Banking System (CBS) of all Public Sector Banks, Regional Rural Banks, major private sector banks, Reserve Bank of India, India post and Cooperative Banks.

Scope of the workshop

To resolve issues relating to all the schemes from which the institutions would be receiving funds. Individual issues of all institutions will be addressed and resolved. During the workshop Resource Persons will create two users - one person to work as data operator - who would initiate the transaction and one data approver who would approve the transaction (their name, personal mobile no - for password recovery and email address would be required). The officials attending workshop should bring with them the cash book of various schemes and also the details of vendors to whom they regularly make payment or have made payment for previous year (vendor name, bank name and account no. and other available details).

Those who come representing their institution should carry their PFMS login id (UNIQUE ID) and password or should be authorized to retrieve the same on behalf of the institution. A topic covered on PFMS would be Fund Management, User Management, Vendor Management, Expenditure filling (EAT Module) Payment Module & reports.
